Report of Miss Bridgman regarding her work.

Enrollment Procedure: Mr. Dalton presented some changes in present plan.

RECOMMENDATION: Raise credit on Audiology to 175 to four credit hours.

RECOMMENDATION: Approved for World Geography. Three credit hours.

Discussion: Request to raise credit on Audiology 175 to four credit hours. In the discussion it was pointed out that a laboratory was desirable and really necessary for this course. The increased credit would provide for laboratory experiences.
RECOMMENDATION: It was recommended that Audiology 175 be approved to give four credit hours. Seconded and Carried.

Course 60, World Geography, presented for approval. Dr. Thompson requested the course, World Geography 60, for approval. The description of the course follows:

60. World Geography. Three credit hours. A survey of the regions and nations of the world and the geographical foundations of their physical and cultural characteristics. The application of these in the interpretation of the interests and activities of people. Appraisal of the problems of human adjustments to natural environment in their historic and modern setting.

This course has been requested by the Education department since about 15% of the high schools of Kansas are now offering World Geography. Also the graded schools offer geography. The Education department would recommend that all degree students both elementary and secondary take this course in World Geography.

RECOMMENDATION: It was recommended that the course, World Geography 60, be approved. Seconded and carried.

Report to the high schools regarding scholastic standing of freshmen students on the freshman tests. It was suggested that a letter might be sent to the high school superintendents telling them that they might have reports regarding the freshmen students who graduated from their high schools. It was suggested that profile cards should not be sent out but rather a more general report. Dr. Stopher suggested that a trial form be set up and submitted to the Senate.

The meeting adjourned at 5:20 p.m.

E. R. McCartney, Chairman

Standlee V. Dalton, Secretary
