FORT HAYS STATE

HAYS KANSAS

Scholarship Winner

Stan Suelter, center, Fort Hays, Kansas State College, won the \$500 Roy Johnson scholarship for his high point performance in the judging competition at the recent World of Heifers Judging contest, in Kansas City. Thirty boys from six judging teams from three colleges competed, with high team honors going to Kansas State University. Pictured with Stan are, from left, Howard and Virginia Johnson, and judging team coaches, Duane Sharp and Carl Thompson.

K-State Judging Team Place First In World Of Heifers Contest

A Kansas State University judging team coached by Bill Able won the college division of the 'World of Heifers' Evaluation Contest held in Kansas City recently.

KSU was followed by Fort Hays Kansas State College, while a second K-State team tied for third with a University of Nebraska team.

High individual was Stan Suelter, junior in animal science from Fort Hays Kansas State College, who received a \$500 scholarship awarded by the Howard Johnson family for top man in the contest.

The K-State team was paced by Mike Buchen, Avon, Illinois, who was second high individual in the contest. Others on the winning K-State team were Larry and Loren Berger, both of Hanover; Curt Frasier, Sharon Springs; and John Hook, Buckingham, Iowa.

The Kansas City contest consisted of evaluating groups of five heifers from the same sire.

Dear Stan:

We are very proud to be enclosing and presenting to you our check in the amount of \$500.00 to be used toward your education as the winner of the Ron Johnson Scholarship Award. Ronnie was working his way through college, through football, as you are in other jobs, and we know he would be proud, as we are, to help you with your education. We received a very nice letter from your coaches in regard to your background, financial obligations, objectives etc, and it is certainly alright with us to apply it to your student loan from the college or next years educational program. The check is made out to both you and the college.

We are also enclosing a copy of the news release which has been sent to over 30 livestock publications, and a brochure we had reprinted of Ronnies Memorial service and an article that appeared in the Kansas City Star. We thought you might like to know him a little better.

The trophy you received was presented by the American-International Charolais Association, 1610 Old Spanish Trail, Houston, Texas 77025, and they also send their congratulations.

Stan, we would like to have you visit us anytime you have the opportunity.

The best of luck to you.

Sincerely

Howard L. Johnson
HLJ:vj

CC: Dr. Bill Able
Dr. Duane Sharp
Dr. Carl Thompson

P.S. We are enclosing a picture of you as the winner. Please have it framed and send us the bill.

Rotarians Host County Farmers

134
Dr. Duane Sharp, head of the Fort Hays State College farm laboratory program, told Rotarians Tuesday noon of the operation of the department with 176 students learning agri-business. Accompanied by Dr. Neil Walker, Dr. Sharp spoke to more than 40 area farmers, guests of Rotarians for the club's annual rural-urban day.

Robert Krug, Russell farmer and school board member, was honored at the meeting when he was presented a plaque by Program Chairman Bob Lyda. Krug placed third in the Kansas Jaycee Outstanding Young Farmer of 1972 contest this past weekend. He was winner of the county contest sponsored by Jaycees.

Actual operation of an 85-head dairy herd, 180-head beef herd and 50-sow swine enterprise tie in with 500 to 600 acres of milo, 150 acres of wheat and other crops on the 4,00 acre farm given the college in 1902. Nearly all of the work is done

by students. There is no budget and the farm is entirely self-sustaining, Dr. Sharp said.

Sharp praised the quality of students at Fort Hays State and told of key positions in her management earned by recent graduates. This year, the college livestock judging team won top honors against the nation's top land grant colleges and universities.

Production records and experiments teach practical application of classroom subjects.

Cross-breeding cattle experiments are underway. Dr. Sharp said that the best promise thus far is a Brown Swiss cross with a Hereford. The result appears to be better than many of the exotic cross-breeds now being tested.

Plans were announced by President Albert Rymph for Rotarians to furnish the chicken and noodle dinner to be served to donors during Friday's visit of the American Red Cross Bloodmobile to Russell.

134 Bill Gives Legal Status to Station

A bill to give legal status to agriculture experiment stations at Garden City, Colby, Fort Hays and Tribune was signed Friday by Gov. Docking.

Andy Erhart, director of the station here, said someone discovered that there had been no legislation establishing the stations. The Garden City station was started in 1907. The bill will group the stations into one legal entity.

J. C. BARR SHOWS HIS WINNING BEEF during Block and Bridle competition at Fort Hays Kansas State College. Barr went on to capture the grand champion showman award. Standing behind Barr are judges (from left): Marion Reh, Bob Dickinson, Dallas Burton, and Jim Zoltenko, and show manager Bill Jones.

J. C. Barr Sweeps Honors in Block and Bridle Competition

Competition was keen at the fourth annual Fort Hays Kansas State College Block and Bridle Club livestock fitting and showing contest recently held at the college farm, and when the dust had cleared, J. C. Barr, Cottonwood Falls sophomore; Tom Martin, Howard junior; Ed

Brundardt, Victoria freshman; and Joe Gotti, Tescott junior, were declared winners.

The contest, under the direction of Bill Jones, Kensington sophomore, included competition in the fitting and showing of livestock in four classes. Top entrants and their

divisions included: Martin, swine; Brungardt, dairy cattle; Barr, beef cattle; and Gotti, horses.

The grand and reserve champion honors in which contestants showed animals in each category were won by Barr and Martin, respectively.

Fort Hays Judging Contest April 28

Saturday, April 28, is the date of the 1973 Fort Hays Experiment Station 4-H and FFA Judging School and Contest.

Judging classes in livestock and home economics are planned for teams of three members each. Any 4-H Club or FFA Chapter in counties on and west of U. S. Highway 81 is eligible to send two livestock teams and one home economics team. This includes Ottawa county.

Entries should be sent to the Station office by Monday, April 23.

The livestock judging school and contest includes nine classes of stock bulls, slaughter steer grading, selection of top four beef breeding heifers from a group of 10, placing classes of dairy cows and heifers, gilts, sheep, quarter horses, and evaluation of market hogs. A type demonstration precedes most classes.

In the home economics event contestants will judge classes of clothing, foods and nutrition, and home furnishings.

Plaques go to the winning 4-H and FFA teams, with medals to first, second, and third high scoring individual.

For the girls taking part in home economics judging, the schedule includes a demonstration and a "Fun-time". Women leaders have an opportunity to see the demonstration and to go over the classes after the contest is completed.

Livestock judging scheduled

HAYS,—Fort Hays State's College Farm laboratory will be the site this weekend of collegiate, 4-H and Future Farmers of America (FFA) livestock judging contests.

Friday, a District FFA Dairy Cattle Judging Contest is scheduled at the farm. Farm personnel are looking for some keen competition in the placing and discussion of dairy cattle classes.

Saturday, the Block and Bridle Club of Hays will be sponsoring a livestock judging contest with classes of beef cattle, swine, sheep and horses providing the competition. Eleven junior college teams representing eight community colleges from Kansas, Nebraska and Colorado will be in competition.

The Community Colleges entered include Dodge City, Colby, Garden City, Coffeyville, Fairbury, Neb., Northeast Colorado at Sterling, Colo., Lamar, Colo., and Cloud County of Concordia.

Registration begins at 7:15 a.m. Saturday at the College Farm with the judging scheduled to begin at 8 a.m.

Boxscore Five Now

Gov. Docking Signs Four Bills Into Law Friday

TOPEKA, Kan. (AP) — Gov. Robert Docking signed four bills into law Friday, bringing the total to five new laws since the opening of the 1973 session of the Kansas Legislature.

The legislature completed five weeks of work Friday, sending another bill to the governor for his signature that would create agriculture experiment stations at Colby, Fort Hays, Garden City, Tribune and in southeast Kansas under the management of Kansas State University.

The four laws signed by the governor Friday were of a minor nature, dealing with the printing of legislative documents, state revolving funds,

duties of judicial administrators and the magistrate courts in the big counties.

In action Friday, the House approved seven bills and the Senate passed nine measures, including the one sent to Docking.

Four other bills were given tentative approval in the Senate, including a concurrent res- tentative approval in the Sen- ation that would be submitted to the voters as a constitutional amendment if it receives two- thirds majorities in both houses on a final vote.

The resolution would give the legislature the power to fix the terms of office for all county officers except commissioners and township officials, not to

exceed four years. Commission- ers and township officers would be limited to terms not to ex- ceed six years.

Two environmental bills were among measures introduced Friday in the Senate. The two anti-pollution bills are spon- sored by Sens. Norman Gaar, R-Westwood, Jack Steineger, D- Kansas City, and Ed Reilly, R- Leavenworth.

One of the bills would require the director of the Division of Environmental Health of the state Health Department to bring the state into compliance with federal clean air laws by June 30, 1975 or his salary would be withheld.

The bill, obviously aimed at Mel Grey, director of the Envi-

ronmental Health Division, re- quires that state air quality programs be in full compliance with the Federal Clean Air Act by the 1975 deadline, providing the legislature has enacted the necessary statutory authority to bring such compliance.

The three senators also in- troduced a bill to impose a one- cent tax on all nonreturnable containers sold in the state. Revenue from the tax would be divided 20 per cent to the state's general fund and 80 per cent to state agencies to re- move debris and litter from state roads, highways and lands.

A bill introduced by Sen. El- waine Pomeroy, R-Topeka, would require the dissemination

of planned parenthood informa- tion and information on family planning centers and clinical facilities to all marriage appli- cants.

Steineger and Sen. William Mulich, D-Kansas City, in- troduced a bill that would au- thorize county-affiliated hospi- tals to conduct programs for mobile paramedics and nurses to provide emergency medical care at the scene of accidents or emergency illnesses.

Another bill proposed by Sen. Paul Hess, R-Wichita, would prevent hospitals from dis- charging any employe or ham- pering the practice of any doc- tor who refuses to participate in the termination of a human pregnancy.

Rotarians Host County Farmers

134
Dr. Duane Sharp, head of the Ft. Hays State College farm labor- atory program told Rotarians Tuesday noon of the operation of the department with 176 students learning agri-business. Accom- panied by Dr. Neil Walker, Dr. Sharp spoke to more than 40 area farm- ers, guests of Rotarians for the club's annual rural-urban day.

Robert Krug, Russell farmer and school board member, was hon- ored at the meeting when he was pre- sented a plaque by Program Chair- man Bob Lyda. Krug placed third in the Kansas Jaycee Outstanding Young Farmer of 1972 contest this past weekend. He was winner of the county contest sponsored by Jaycees.

Actual operation of an 85-head dairy herd, 180-head beef herd and 50-sow swine enterprise tie in with 500 to 600 acres of milo, 150 acres of wheat and other crops on the 4,00 acre farm given the college in 1902. Nearly all of the work is done

by students. There is no budget and the farm is entirely self-sustaining, Dr. Sharp said.

Sharp praised the quality of stu- dents at Ft. Hays State and the key positions in herd management earned by recent gra- duates. The college livestock team won top honors in the nation's top land grant colleges and universities.

Production records and experi- ments teach practical application of classroom subjects.

Cross-breeding cattle experiments are underway. Dr. Sharp said that the best promise thus far is a Brown Swiss cross with a Here- ford. The result appears to be bet- ter than many of the exotic cross- breeds now being tested.

Plans were announced by Presi- dent Albert Rymph for Rotarians to furnish the chicken and noodle dinner to be served to donors dur- ing Friday's visit of the American Red Cross Bloodmobile to Russell.

Bob Zweifel Is on Judging Team at Fort Worth

COLBY — Don Topliff, Goodland sophomore at Colby Community College, captured top individual score at the Fort Worth Livestock Show Feb. 3. Competing for the college, Topliff took first in cattle judging, finishing two points off a perfect score, fourth in hogs and eighth in horses.

He had a 93 per cent average for the contest. He won a watch and tie tack for his efforts.

Topliff, Alan Townsend, Good- land, Box Zweifel, Waldo, and Bill Gattshall, Goodland, as an alter- nate, comprised the team that fin- ished fifth out of 18 in the junior college division. The team finished second in cattle, fourth in sheep, and seventh in swine judging.

Twelve states were represented in the national livestock judging contest with Northeastern Colorado at Sterling and Fort Hays State College competing from this area. "Personal glory from winning insistence is secondary to me," Topliff said. "I'm just happy that the college is getting recognition.

This was a team effort. On a given day, the other members of the team could have taken first," Top- liff added.

Coach Don Woodburn received extra aid in financing the trip from the Goodland State Bank, Dean Topliff and Ray Townsend, Good- land, L. A. Bunges, St. Francis, and The Farmers and Merchants Bank of Colby.

Final competition for this school year will be at the Houston Live- stock Show and Rodeo in the As- trodome on March 1.

County 4-H Day This Saturday

The annual County 4-H Day will be held, Saturday, February 17, at the high school building in Quinter, starting at 9:00 a.m.

Ribbons will be awarded in the various categories, demonstrations, project talks, musical numbers, model meetings, public speaking, illustrated talks, etc.

There are no admission charges and the public is invited to attend any time during the day.

Judging will be by students from Fort Hays Kansas State College.

Colle on HCJC judging team

134
Former livestock judge and past member of the Kansas State Judging team, Hap Ramsey and Dr. Harlan Woerpel of the HCJC agricultural department have helped coach the livestock judging team through a suc- cessful year of competition.

The team has competed in shows at Fort Hays State, Kansas State University and most recently at the "Cattle Field Day" at Larned. Assessing all those hogs, sheep, and beef cattle were: Brian Belden, Sterling; Lance Colle, Nickerson; Travis Coulter, Urika; Bruce Schlickau, Haven; and Kelvin Woods, South Hutchinson.

FHS Kirwin Senior Champion Showman

134
Bill Jones, Kirwin senior at Ft. Hays State, was champion horse showman, and Bob McCormick, Cedar, Junior, was champion dairy showman in the recent Little In- ternational Livestock Fitting and Showing contest at Fort Hays State College, sponsored by the Fort Hays Kansas State Block and Bridle Club at the College farm.

John Henry, Phillipsburg sophomore at FHS, competed in the beef division of showmanship and Terri Baker, junior from Phillip- sburg, competed in horse showmanship.

At the annual awards banquet of the Block and Bridle club, Jones and Mc- Cormick were both presented trophies. Jones was also presented a judging letter as was Elwyn Jansonius, Prairie View, junior.

Pawnee Rocker is DTA officer

HAYS — Fort Hays State College's chapter of Delta Tau Alpha, national agricultural honor society, recently elected officers and sent represen- tatives to its national con- vention in Tennessee.

Elected to serve as officers during 1975-76 are: ElWynn Jansonius, Prairie View junior, President; William Fleske, Pawnee Rock junior, Vice President; David Abell, Bar- nard junior, Secretary; and John Irvin, McCracken sophomore, Treasurer.

Agriculture majors elected to membership are: Edward J. Brungardt, Victoria junior; William Fleske; Randall Hargett, Cimarron junior; John Irvin; Elric Moore, Clyde junior.

Those attending the national convention were Jansonius; Lynn Schroiock, Dighton senior; and Brungardt. Ruff Gentry, assistant professor of agriculture, accompanied the group to the convention.

KANSAS
Spring Hill New Era

APR 10 1974

State 4-Hers plan weekend at Rock Springs

134
A weekend at Rock Springs Ranch, state 4-H center south of Junction City, is on the schedule for April 20-21 for high school age 4-H'ers in the state.

The Kansas State University Collegiate 4-H Club is planning the traditional event and asking other collegiate 4-H clubs throughout the state to join in the activities.

Jan Miles, Enterprise, is president of the KSU Club with Richard Koelsch, Great Bend, chairman of the weekend committee. Dr. Margery Neely, a

member of the state 4-H and youth staff is club advisor.

During the weekend the 4-H'ers will assist in the spring clean-up of Rock Springs Ranch. The 4-H'ers, Collegiate and from the counties, each year give several hundred manhours of labor with such tasks as sweeping out cabins, changing mattress covers, picking up trash and other work.

Another important part of the weekend is time to exchange and share ideas on 4-H activities and programs. Collegiate 4-H members give the high school students some impressions of campus life and opportunities.

Collegiate 4-H clubs in the state in addition to KSU are at the University of Kansas at Lawrence; Garden City Community Junior College; Colby

Community College; Kansas State College of Pittsburg; Butler County Community Junior College at El Dorado; Kansas State Teachers College at Emporia, Fort Hays Kansas State College at Hays; Cloud County Community College at Concordia.

Saturday, April 27, is the date of the annual Fort Hays Experiment Station Judging School and Contest for 4-H and FFA members in counties on and west of U.S. Highway 81.

In announcing the event, W. W. Duistman, superintendent of the Station, explains that each 4-H club or FFA chapter may enter two livestock teams and one home economics team. Each team must be three members from the same club or chapter and there is no minimum age.

In the livestock judging contest the nine classes will include a class of bulls, slaughter steer grading, selection of top four beef breeding heifers from group of 10, classes of dairy

cows and heifers, class of gilts, class of sheep, class of quarter horses, and evaluation of market hogs.

Home economics judging will have classes in clothing, foods and nutrition, home furnishings. In the home economics school and contest counties from counties O to Z will register from 7:00 to 9:30 a.m. and counties A to N will register from 9:30 to 10:15 a.m.

The home economics schedule includes a demonstration in the Auditorium and Funtime. Placings and reasons for all classes is scheduled for 2:00 p.m.

Registration for the livestock judging teams must be completed by 9:00 a.m.

All 4-H entries are given by club leaders to county Extension agents who send the information to the Experiment Station before Monday, April 22.

Plaques go to winning 4-H and vocational agriculture teams and medals to the top three individuals in each contest.

Dozen Kansas 4H'ers Win Scholarships

Twelve Kansas 4H'ers are winners of scholarships with a total value of \$3000.

In announcing the scholarships, Dr. Glenn M. Busset, state 4H and youth leader, Kansas State

University, explains the recognition is for outstanding achievements in 4H projects, service and leadership to club and community.

Dee Bowman, Larned, receives the \$100 Kansas Electric Cooperatives Scholarship. She is the daughter of Mr. and Mrs.

Herb Bowman, a freshman at Fort Hays Kansas State College, and member of the Pawnee County Zook Zippers

4H Club.

Carol Peckman, Paola, is awarded the Ship Winter Memorial Scholarship for \$300. Her parents are Mr. and Mrs. Dennis L. Peckman. Carol is a KSU freshman and a member of the Miami County Twin Valley 4H Club.

The four \$250 N.T. Veatch Scholarships went to Sheila Jones, Brewster; Wanda Wilkerson, Council Grove; Connie Debrick, Paola; and James Schesser, Jr., Horton.

The two F.W. Woolworth Scholarships of \$250 each go to Elizabeth Ann Tanner, South Haven, and Suzanne Carnes, Weir.

Claudia Washington, Fairview, and Rodney Jackson, Wichita, are recipients of the Mary E. Border Scholarship of \$250.

Steve Miles, Burlingame, and Jim Mengarelli, Girard, are winners of the \$300 F.W. Atkinson Scholarships.

Teen Weekend At Rock Springs Ranch

134
A weekend at Rock Springs Ranch, state 4-H center south of Junction City, is on the schedule for April 20-21 for high school age 4-H'ers in the state.

The Kansas State University Collegiate 4-H Club is planning the traditional event and asking other collegiate 4-H clubs throughout the state to join in the activities.

Jan Miles, Enterprise, is president of the KSU Club with Richard Koelsch, Great Bend, chairman of the weekend committee. Dr. Margery Neely, a member of the state 4-H and youth staff is club advisor.

During the weekend the 4-H'ers will assist in the spring clean-up of Rock Springs Ranch. The 4-H'ers, Collegiate and from the counties, each year give several hundred manhours of labor with such tasks as sweeping out cabins, changing mattress covers, picking up trash and other work.

Another important part of the weekend is time to exchange and share ideas on 4-H activities and programs. Collegiate 4-H members give the high school students some impressions of campus life and opportunities.

Collegiate 4-H clubs in the state in addition to KSU are at the University of Kansas at Lawrence; Garden City Community Junior College; Colby community College; KSC of Pittsburg; Butler County Community Junior College at El Dorado; KSTC at Emporia, Fort Hays Kansas State College at Hays; Cloud County Community College at Concordia.

Rock Springs Ranch 4-H center south of Junction City clean-up weekend for high school aged 4-H members is April 20-21. College 4-H members from K-State at Manhattan, the University of Kansas at Lawrence, Garden City Community Junior College, Colby Community College, Pittsburg State College of Pittsburg, Butler County Community Junior College at El Dorado, Emporia State College, Fort Hays State College and Cloud County Community College at Concordia will be on hand to share impressions of college life with the high school students...

FHS Herdsman Receives Award

Albert Graf, dairy herdsman for Fort Hays State College Farm, was recently presented an award by the Kansas Dairy Herd Improvement Assn. at its annual meeting in McPherson, for his efforts in increasing milk production with the college herd.

He was presented the award in recognition that his herd is one of the top 10 in the state. The FHS dairy had 86.3 per cent of its cows in production with an average production of 17,653 lbs. testing 3.6 per cent and producing 635 lbs. of butterfat.

Graf recently completed 32 years of employment with the college and received a letter of commendation from President John W. Gustad to mark the anniversary. During Graf's tenure with the college, the dairy herd has grown from 36 cows with average

production of 8,000 lbs. to 90 cows with average production of 17,653 lbs.

Calves mutilated

HAYS (HNS) — Two calves were found dead on the Fort Hays State College farm by farm officials.

Ellis County Sheriff Clarence Werth reported that the cause of death had not yet been determined, but said that the sex organs of the cattle had been cut out.

Similar incidents were reported in north central Kansas last fall. Werth said, "I was a little skeptical of those reports until I saw this. No dogs or coyotes are responsible for this. It looks like a knife was used."

Block And Bridle Names Top Members

The Fort Hays State Block and Bridle Blub has named Duane Kelley, Falun senior, and Susan Steffen, BURDETT freshmen, as outstanding senior and freshman members of the club.

The club is in its second year at Fort Hays State and is organized to promote the showing and judging of livestock for FHS students.

Kelly, son of Mr. and Mrs. Charles Kelley, received a bachelor's degree in animal science last semester. He holds an associate degree from Hutchinson Community Junior College. He was president of the club for the 1973-74 school term, and was publicity chairman in 1973.

He has won judging honors in Denver, Houston and Fort Worth and is presently a member of the Memorial Union Activity Board, governing body for student activities at FHS. He appeared on the Dean's Honor Roll in spring of 1973.

Miss Steffen, daughter of Mr. and Mrs. Cecil Steffen, is an animal science major at FHS. She has been active in 4-H, has judged on county judging teams and was a member of the National Youthpower Congress in Chicago. She has been a member of the Kansas Junior

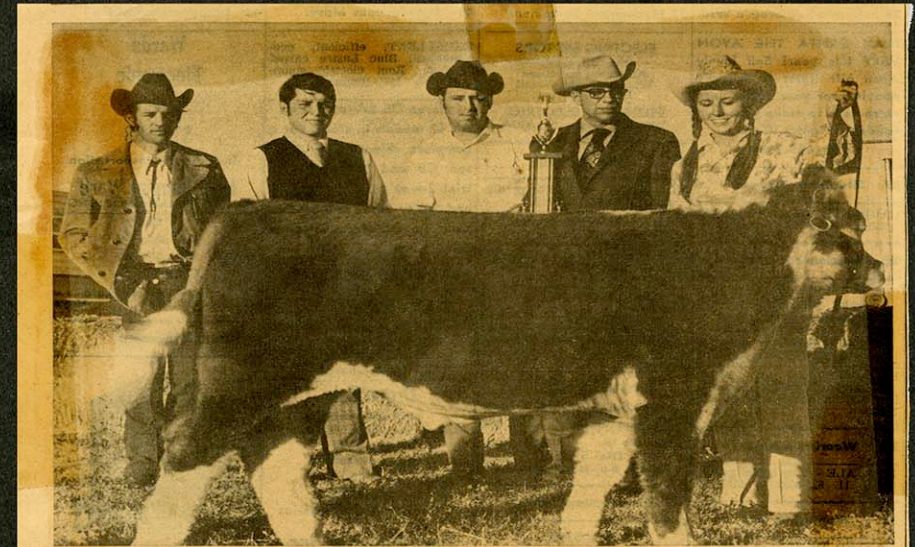

Hereford Assn. for seven years and attended the National Hereford Field Day in Wyoming last year.

She has shown three grand champions, four reserve grand champions, six champion herefords and five reserve champion hereford steers. At the Little International Judging, she won first in fitting and third in showing. She has also judged at Denver and Houston Livestock shows.

Win Honors

Susan Steffen and Duane Kelly congratulate each other on their selection as Outstanding Freshman and senior club members at the recent Block and Bridle Club awards banquet.

Grand Champion Showwoman

Darla Sutor (far right) and her "partner" are pictured with the four judges who elected her Grand Champion Showwoman in the Fort Hays State Block and Bridle Club's Little International

Showing and Fitting contest Saturday. The judges are from left: Maurice Rohr, Dennis Atwell, Ronald McCammon and Al Maddux.

Zurich Girl Garners Top Spot In Contest

The Fort Hays State College Block and Bridle Club sponsored its third annual Little International livestock showing and fitting contest last Saturday afternoon, and when the judges were finished with their tally sheets, Darla Sutor, Zurich sophomore, was named Grand Champion.

The contest enabled FHS students majoring in agriculture the opportunities to gain experience in the showing and fitting of swine, horses, beef cattle and dairy cattle.

Miss Sutor, prior to being named Grand Champion Showwoman, had won top honors in both the showing and fitting of beef cattle. Following her in the event were J.E. Barr, Cottonwood Falls freshman; Doyle Talkington, Matfield Green se-

nior; and Dave Yust, Sylvia junior. Steve Binder, Munjor junior, won top prize in showing and fitting swine. He was followed by Vince Berland, Damar junior; Kurt Glendenning, Codeff sophomore; and Tom Martini, Hays junior. Binder was also named top fitter in dairy cattle.

Alan Likes, Salina senior who was selected Reserve Champion Showman for the day, took top honors in showing and fitting horses. He was followed by Dennis Alexander, Lawrence senior; Barr; and Cliff Pfannenstiel, Hays senior.

Top showman in dairy cattle was Larry Preuss, Phillipsburg junior. The other three places in the event were taken by Binder; Leonard Robbins, Pomona junior; and Ed Brungardt, Victoria freshman.

Judges for the show were Dennis Atwell, swine breeder from Utica; Al Maddux, Scott County Agent; Ronald McCammon, Ellis County Agent; and Maurice Rohr, owner of the Smoky Hill Charolais Ranch.

Bull Sale Termed Successful

134
The first annual Kansas Simmental Association "First Day of Spring" sale here Wednesday was termed a success by Sale Manager Bob Dickson, Gorham. The 40 half-blood and three-quarter-blood bulls went mostly to Kansas breeders. Two were sold to Missouri breeders and one went to Nebraska. The sale average was \$1,071.

The top price paid at the sale in the Russell Livestock Commission Co.'s new building was \$2,500 for C. Galant Mixer 9, consigned by Cornwell Farms, St. John, Kan. The buyer was Levi Ghare, Butler, Mo. Second high money was \$1,600 for Rust Jacob, consigned by Paul R. Rust, Franklin, Neb. Larry Yates, Sterling, Kan., was the buyer. Top money for a three-quarter blood bull, D. S. Galant 1146, shown by Dickinson, was \$1,400 to Steve Cranston, Ness City.

Cranston bought two three-quarter blood bulls from New Breeds Industries, Inc., Manhattan, and a half-blood bull from Jack Grothusen, Ellsworth.

Dickinson said that buyers and breeders were enthused about the sale and pleased with the facilities in Russell. "It appears that we have a chance to have next year's sale here, too," the sale manager said today.

Curt Rodgers, Platte City, Mo., was auctioneer. Other Kansas Simmental Association officers and directors in Russell for the sale were Karl D. Fry, secretary, Belleville, Kermit Karns, Circleville, John Russell, Eureka, Larry Sankey, Sterling and C. Ansel Armstrong, Manhattan. Dickinson is association vice-president.

The Kansas State Experimental Farm at Ft. Hays State College bought Rust Bravo from Paul R. Rust, Franklin, Neb., and B. Phillipson 4 and B. Phillipson 5 from Bob Phillipson, also of Franklin, Neb.

Dave Frusher, Ness City, bought three bulls: three-quarter bloods from Robert D. Kohlenberg, Louisburg, and Merlin Fredking, Herkimer, Kan., and half-blood from Hills, Inc., Mankato.

Buckley Brothers, Tescott, three-quarter blood NBI Galant Co16

from New Breeds Industries, Manhattan, and half-bloods Grande Bismark 211D from Fredrick Blau, Ashland, Kan., and a bull from Don Bremenman, Minneapolis.

Glenn Grout, Mankato bought bulls from Hills, Inc., Mankato, and the Warner Simmental Ranch, Manhattan.

Tracey Thompson, Plainville, bought two bulls, from Allen Worcester, Hill City, and New Breeds Industries, Inc., Manhattan.

Also among multiple buyers was

134 4-H awards announced

Five Southwest Kansas 4-Hers have received state 4-H awards for 1974. Dr. Glenn M. Busset, state 4-H and youth leader, said.

The state award winner in home environment is Kaye Klema, Russell. She is a student at Fort Hays Kansas State College and a member of the Russell County City Slickers 4-H Club.

She has earned a trip to the National 4-H Congress in Chicago, Dec. 1-5.

Two winners were named to receive state honors in the 4-H health project. Dana Maxwell, Dodge City and Rick C. Russell, St. John, were named winners.

Miss Maxwell also will travel to the National Congress in December as part of her award. She is a Dodge City Community College Freshman and a member of the Ford County Keen Klippers 4-H Club.

Russell is a senior at St. John High School and a member of the Stafford County Antrim Streamliners 4-H Club.

In the state veterinary science project, Leonard Queen, Grainfield, was named the winner. He received a \$50 U. S. Savings Bond as his award.

Queen is a Wheatland High School senior and a member of the Gove County Cloverleaf 4-H Club.

In the dog care and training competition, Glenda Johnson, Larned, topped the field in state competition.

She received a transistor radio for her efforts. Miss Johnson is a Larned High School senior and a member of the Pawnee County Pawnee Peppers 4-H Club.

RECREATION CLINIC AT FORT HAYS COLLEGE

The Fort Hays Collegiate 4-H club will host a recreation clinic on Friday, September 27 in the Union on the Hays campus. This clinic is for anyone who is involved in working with groups—Boy Scouts, Brownies, Church, 4-H or whatever.

The afternoon session begins at 2:30. Dan Houck, nationally known recreation specialist, will teach fundamentals of games, mixers, round dancing and stunts. The evening session begins at 6:30 and will be a practice of what was learned in the afternoon.

Interested persons may attend either or both classes. For further information, contact the Ness County Extension office.

134 Gerald W. Sharp Scholarship Fund

The first scholarship fund designed specifically for students at Fort Hays State who are interested in range management has been created as a memorial in the name of Gerald W. Sharp.

Sharp, who died in 1971 of injuries received when his airplane crashed, was a partner in the Sharp Brothers Seed Company of Healy.

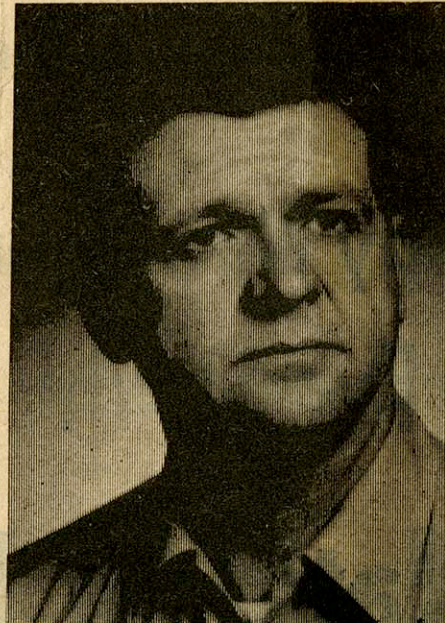

In a letter to Kent Collier Executive Secretary of the Fort Hays State Endowment Association Gail E. Sharp, president of the company stated, "Monies in this fund shall be used to provide an annual scholarship for a Fort Hays State student or students who are interested in range management.

"The Scholarship fund is to serve as a memorial to Gerald W. Sharp who dedicated his life to the production and harvest of improved native grasses.

"It is my desire to have a special committee to set the criteria for the scholarship awards and to choose the recipients. I suggest that F. W. Tomanek, Gary Hulett and Duane Sharp all Fort Hays State faculty members be named to the committee.

In reference to the scholarship fund Dr. G. W. Tomanek vice-president for Academic Affairs said, "It is quite proper

that this scholarship be established in memory of Gerald Sharp. He spent his adult life promoting better range management all over North America but par-

ticularly in Kansas and other Plains States. By providing this scholarship Sharp Brothers will be encouraging young men to enter a field that was promoted by Gerald and is ~~strongly~~ supported by Fort Hays State. Since Kansas is over 40 percent native grassland great need exists for the preservation of this valuable resource."

134 Starts fund for FHS range managers

HAYS — A scholarship fund for Ft. Hays State range management students has been established in the memory of Gerald W. Sharp, who died in 1971.

Sharp was a partner in the Sharp Brothers Seed Co. of Healy.

Gail E. Sharp, president of the company, said the money in the fund "shall be used to provide an annual scholarship for a Ft. Hays State student or students who are interested in range management."

Judging Team

Ellis Co Star 1-24-74

Team members are Dr. Duane Sharp, assistant professor of agriculture and college farm superintendent: J. C.

Barr, Duane Kelly, Rick Engweiler, Hutchinson senior, Joe Gotti, Tescott junior, and Tom Martin.

Judging Team Gets High Honors

The Fort Hays State College Livestock Judging team earned high honors recently at the National Western Livestock Show

College Judging Contest held in Denver. FHS placed third in swine judging and fifth in Quarter Horse judging. Competing against 22 other colleges and being the smallest

J. C. Barr, Cottonwood Falls sophomore, won the high individual honors in Quarter Horse judging. Tom Martin, Howard junior, tied for fourth place honors in swine judging and Duane Kelly, Falun senior, ranked sixth in swine judging.

Next judging competition for the FHS team will be the Southwestern Exposition and Stock Show in Fort Worth, Texas, Feb. 2.

Boxscore Five Now

Gov. Docking Signs Four Bills Into Law Friday

TOPEKA, Kan. (AP) — Gov. Robert Docking signed four bills into law Friday, bringing the total to five new laws since the opening of the 1973 session of the Kansas Legislature.

The legislature completed five weeks of work Friday, sending another bill to the governor for his signature that would create agriculture experiment stations at Colby, Fort Hays, Garden City, Tribune and in southeast Kansas under the management of Kansas State University.

The four laws signed by the governor Friday were of a minor nature, dealing with the printing of legislative documents, state revolving funds,

duties of judicial administrators and the magistrate courts in the big counties.

In action Friday, the House approved seven bills and the Senate passed nine measures, including the one sent to Docking.

Four other bills were given tentative approval in the Senate, including a concurrent res- tentative approval in the Sen- ation that would be submitted to the voters as a constitutional amendment if it receives two-thirds majorities in both houses on a final vote.

The resolution would give the legislature the power to fix the terms of office for all county officers except commissioners and township officials, not to

exceed four years. Commissioners and township officers would be limited to terms not to exceed six years.

Two environmental bills were among measures introduced Friday in the Senate. The two anti-pollution bills are sponsored by Sens. Norman Gaar, R-Westwood, Jack Steineger, D-Kansas City, and Ed Reilly, R-Leavenworth.

One of the bills would require the director of the Division of Environmental Health of the state Health Department to bring the state into compliance with federal clean air laws by June 30, 1975 or his salary would be withheld.

The bill, obviously aimed at Mel Grey, director of the Envi-

ronmental Health Division, requires that state air quality programs be in full compliance with the Federal Clean Air Act by the 1975 deadline, providing the legislature has enacted the necessary statutory authority to bring such compliance.

The three senators also introduced a bill to impose a one-cent tax on all nonreturnable containers sold in the state. Revenue from the tax would be divided 20 per cent to the state's general fund and 80 per cent to state agencies to remove debris and litter from state roads, highways and lands.

A bill introduced by Sen. Elwaine Pomeroy, R-Topeka, would require the dissemination

of planned parenthood information and information on family planning centers and clinical facilities to all marriage applicants.

Steineger and Sen. William Mulich, D-Kansas City, introduced a bill that would authorize county-affiliated hospitals to conduct programs for mobile paramedics and nurses to provide emergency medical care at the scene of accidents or emergency illnesses.

Another bill proposed by Sen. Paul Hess, R-Wichita, would prevent hospitals from discharging any employe or hampering the practice of any doctor who refuses to participate in the termination of a human pregnancy.

Rotarians Host County Farmers

134
Dr. Duane Sharp, head of the Ft. Hays State College farm laboratory program told Rotarians Tuesday noon of the operation of the department with 176 students learning agri-business. Accompanied by Dr. Neil Walker, Dr. Sharp spoke to more than 40 area farmers, guests of Rotarians for the club's annual rural-urban day.

Robert Krug, Russell farmer and school board member, was honored at the meeting when he was presented a plaque by Program Chairman Bob Lyda. Krug placed third in the Kansas Jaycee Outstanding Young Farmer of 1972 contest this past weekend. He was winner of the county contest sponsored by Jaycees.

Actual operation of an 85-head dairy herd, 180-head beef herd and 50-sow swine enterprise tie in with 500 to 600 acres of milo, 150 acres of wheat and other crops on the 4,00 acre farm given the college in 1902. Nearly all of the work is done

by students. There is no budget and the farm is entirely self-sustaining, Dr. Sharp said.

Sharp praised the quality of students at Ft. Hays State and their key positions in herd management earned by recent graduates. This year, the college livestock team won top honors in the nation's top land grant colleges and universities.

Production records and experiments teach practical application of classroom subjects.

Cross-breeding cattle experiments are underway. Dr. Sharp said that the best promise thus far is a Brown Swiss cross with a Hereford. The result appears to be better than many of the exotic cross-breeds now being tested.

Plans were announced by President Albert Rymph for Rotarians to furnish the chicken and noodle dinner to be served to donors during Friday's visit of the American Red Cross Bloodmobile to Russell.

Bob Zweifel Is on Judging Team at Fort Worth

COLBY — Don Topliff, Goodland sophomore at Colby Community College, captured top individual score at the Fort Worth Livestock Show Feb. 3. Competing for the college, Topliff took first in cattle judging, finishing two points off a perfect score, fourth in hogs and eighth in horses.

He had a 93 per cent average for the contest. He won a watch and tie tack for his efforts.

Topliff, Alan Townsend, Goodland, Box Zweifel, Waldo, and Bill Gattshall, Goodland, as an alternate, comprised the team that finished fifth out of 18 in the junior college division. The team finished second in cattle, fourth in sheep, and seventh in swine judging.

Twelve states were represented in the national livestock judging contest with Northeastern Colorado at Sterling and Fort Hays State College competing from this area.

"Personal glory from winning insistence is secondary to me," Topliff said. "I'm just happy that the college is getting recognition.

This was a team effort. On a given day, the other members of the team could have taken first," Topliff added.

Coach Don Woodburn received extra aid in financing the trip from the Goodland State Bank, Dean Topliff and Ray Townsend, Goodland, L. A. Bunges, St. Francis, and The Farmers and Merchants Bank of Colby.

Final competition for this school year will be at the Houston Livestock Show and Rodeo in the Astrodome on March 1.

County 4-H Day This Saturday

The annual County 4-H Day will be held, Saturday, February 17, at the high school building in Quinter, starting at 9:00 a.m.

Ribbons will be awarded in the various categories, demonstrations, project talks, musical numbers, model meetings, public speaking, illustrated talks, etc.

There are no admission charges and the public is invited to attend any time during the day.

Judging will be by students from Fort Hays Kansas State College.

Colle on HCJC judging team

134
Former livestock judge and past member of the Kansas State Judging team, Hap Ramsey and Dr. Harlan Woerpel of the HCJC agricultural department have helped coach the livestock judging team through a successful year of competition.

The team has competed in shows at Fort Hays State, Kansas State University and most recently at the "Cattle Field Day" at Larned. Assessing all those hogs, sheep, and beef cattle were: Brian Belden, Sterling; Lance Colle, Nickerson; Travis Coulter, Urika; Bruce Schlickau, Haven; and Kelvin Woods, South Hutchinson.

FHS Kirwin Senior Champion Showman

134
Bill Jones, Kirwin senior at Ft. Hays State, was champion horse showman, and Bob McCormick, Cedar, Junior, was champion dairy showman in the recent Little International Livestock Fitting and Showing contest at Fort Hays State College, sponsored by the Fort Hays Kansas State Block and Bridle Club at the College farm.

John Henry, Phillipsburg sophomore at FHS, competed in the beef division of showmanship and Terri Baker, junior from Phillipsburg, competed in horse showmanship.

At the annual awards banquet of the Block and Bridle club, Jones and McCormick were both presented trophies. Jones was also presented a judging letter as was Elwyn Jansonius, Prairie View, junior.

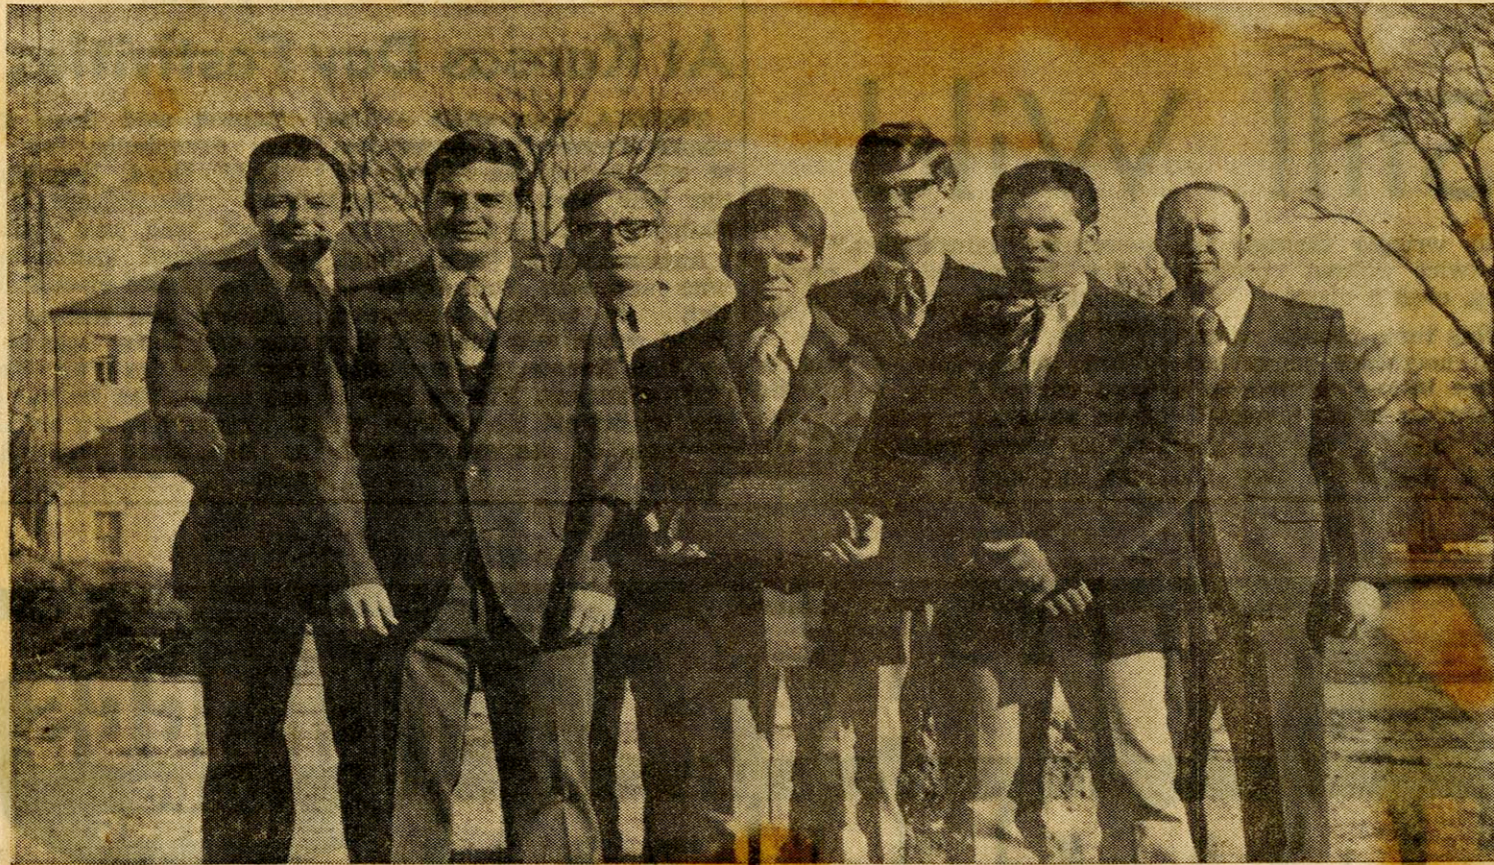

Pawnee Rocker is DTA officer

HAYS — Fort Hays State College's chapter of Delta Tau Alpha, national agricultural honor society, recently elected officers and sent representatives to its national convention in Tennessee.

Elected to serve as officers during 1975-76 are: Elwyn Jansonius, Prairie View junior, President; William Fleske, Pawnee Rock junior, Vice President; David Abell, Barnard junior, Secretary; and John Irvin, McCracken sophomore, Treasurer.

Agriculture majors elected to membership are: Edward J. Brungardt, Victoria junior; William Fleske; Randall Hargett, Cimarron junior; John Irvin; Elric Moore, Clyde junior.

Those attending the national convention were Jansonius; Lynn Schroiock, Dighton senior; and Brungardt. Ruff Gentry, assistant professor of agriculture, accompanied the group to the convention.

Top Livestock Judges

Members of the Fort Hays State livestock judging team which won the top prize in breeding beef cattle judging in the National Western Livestock in Den-

ver are from left: Dr. Duane Sharp (coach), Robert Siefkes, Royce Morton, David Yust, Harvey Jansonius, Alan Likes and Dr. Carl Thompson (coach).

FHS Livestock Judging Team Wins Denver Show

The National Western Livestock Show in Denver was the scene for a first-place finish in the breeding beef cattle class for the Fort Hays State livestock judging team last weekend.

The Show, sponsored by the American Shorthorn Assn., consisted of 23 senior college teams from throughout the West and Midwest. Judging took place in beef cattle, sheep, horses and swine. FHS earned the highest team score in the Hereford, Angus and Shorthorn breeding classes.

Team members are Robert Siefkes, Hudson senior; David

Yust, Langdon junior; Alan Likes, Salina senior; Royce Morton, Ellis senior; and Harvey Jansonius, Prairie View senior. Team coaches are Dr. Duane Sharp, assistant professor of agriculture; and Dr. Carl Thompson, assistant professor of agriculture.

wins honors

HAYS — The Fort Hays State College Livestock Judging team earned high honors at the National Western Livestock Show College Judging Contest in Denver.

Competing against 22 other colleges, FHS placed third in swine judging and fifth in Quarter Horse judging. FHS was the smallest college entered.

J. C. Barr, Cottonwood Falls sophomore, won the high individual honors in Quarter Horse judging. Tom Martin, Howard junior, tied for fourth place honors in swine judging and Duane Kelly, Falun senior, ranked sixth in swine judging.

Team members are: Dr. Duane Sharp, assistant professor of agriculture, and college farm superintendent, J. C. Barr, Duane Kelly, Rick Engweiler, Hutchinson senior, Joe Gotti, Tescott junior, and Tom Martin.

'Classroom' Large At College's Farm

DR. DUANE SHARP
Farm Superintendent

Can you envision a college with a classroom covering 4,000 acres? Such is the case at Fort Hays State College where the teaching staff of the Department of Agriculture and the Department of Biological Sciences are rapidly developing the college farm into a practical teaching laboratory.

What better teaching aids could a Dairy Science instructor want than a 90 head Holstein dairy herd with an average yearly production of 17,500 lbs. of milk and the counsel of a dairy herdsman such as Al Graf with 36 years of experience in dairying. The college dairy serves as a very useful laboratory for training agriculture students in dairy cattle management practices. Numerous graduates have accepted employment as dairy managers in several of the surrounding states and Kansas.

In recent years additional courses in swine production, horse care and management, reproductive physiology and expanded courses in beef cattle production have been added to the Agricultural curriculum. These courses extensively utilize the college swine herd of 30 crossbred sows, the beef herd of 175 Hereford cows and student owned horses for practical instruction in Animal Husbandry practices.

The college farm provides a unique opportunity to incorporate valuable practicums and demonstrations, as well as special problems for students. Practical instruction in animal and crop production through participation has

been limited only by staff and facilities. The farm has always operated under a mandate of being self-supporting.

The 1975 state legislature, having been convinced of the necessity for expansion of the Agricultural program, appropriated \$24,000 to be used for an Animal Science classroom pavilion on the farm. They also approved construction of four additional buildings to increase the teaching effectiveness of the farm laboratory. These buildings were not funded and will hopefully be funded through private donations. An additional staff position has been requested to provide instruction in sheep production and expanded teaching capabilities in the area of horse science.

We visualize the college farm as a place where students can come and work directly with dairy, swine, beef, sheep and horse projects or management programs complimenting their classroom instruction by putting their knowledge to work under the supervision of Animal Science staff members.

Certainly, the farm laboratory could become as popular as the student union or the library as a place for students to spend their hours outside of the classroom. If our college students showed the same enthusiasm as the 1000 kindergarten and elementary school children who tour the farm each spring display their college education would be greatly broadened. We feel that student acceptance and participation in our Agricultural program will

continue to increase as we accept challenges for imaginative use of the college farm as an integral part of their instructional program. We feel that this is the kind of program needed by our students (60 per cent of which return to the farm) and will continue to strive to develop the facilities and livestock herds for more intensive student participation in management training.

TROPHY WINNERS - Trophies were presented to winners of the Little International Livestock Fitting and Showing Contest at Hays State College by Larry Steckline, KFRM Agriculture director. Grand Champion Showman was J. C. Barr, Cottonwood Falls junior. Seen (left to right) are Bill Jones, Kirwin senior, horses; Steckline; Barr, beef cattle and Grand Champion; Bob McCormick, Cedar freshman, dairy cattle; and Allen Dinkel, Hays freshman, sheep and swine.

J. C. Barr Repeats as Grand Champion

J. C. Barr, Cottonwood Falls junior, repeated as the Grand Champion Showman of the 5th annual Little International Livestock Fitting and Showing Contest sponsored by the Fort Hays Kansas State College Block and Bridle Club at the College Farm.

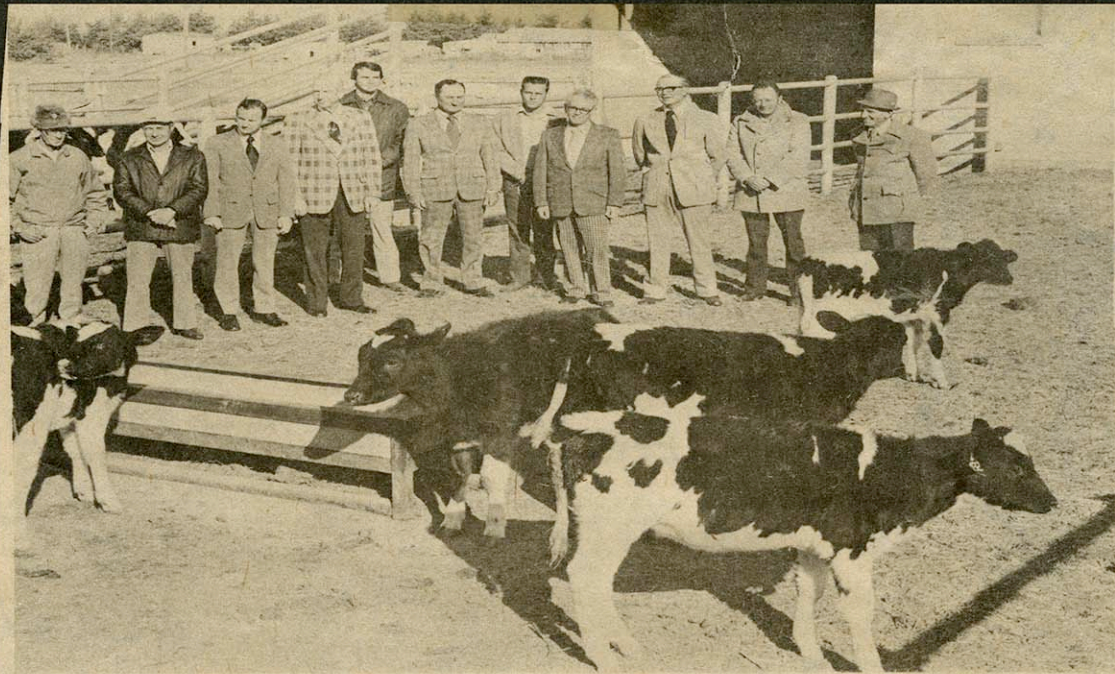

Barr was the winner of the beef cattle competition and then named Grand Champion Showman in competition with the winners of the other species competition. Susan Steffen, Burdett sophomore, who was second in beef cattle showing was named the Reserve Champion Showman of the contest. Other beef cattle showmen included Alan Phipps, Matfield Green junior.

Judges for the contest were Mike Ebert, Russell rancher and farmer; Doyle Talkington, Kansas Pork Producers Council, Manhattan; and Ed Fellers, Jr., Higher View Dairy, Hays.

The Block and Bridle Club held its annual awards banquet recently recognizing student accomplishment and participation in activities for the year.

More than 60 students, parents and guests attended the event with Larry Steckline, KFRM Agriculture director as speaker, challenging the audience to make their problems and needs better known to their agriculture leaders and elected representatives in Washington, D. C.

Trophies were presented winners of the Livestock Fitting and Showing Contest, held earlier in the day. Barr received the trophy for Grand Champion Showman and Champion Beef Showman. He and Phipps also were among those presented Judging Letters.

Investing In The Future

Kicking off the Fort Hays State college farm fund drive last week were these representatives of the Farmers Cooperative Association of Hays, the Hays Veterinary Hospital, and the college. From left are Richard Dechant, Paul Binder, Ken Herman, Walter Joy (FCAH); Dr. John Locke (HVH); Adolph Billinger, Richard Pfeifer (FCAH); Dr. Wallace

Harris, chairman of the department of agriculture at FHS; Dr. Gerald W. Tomanek, acting President, FHS; Dr. Duane Sharp, college farm superintendent; and John Kraus (FCAH). Adding a financial contribution but not pictured was Crawford Barber owner, Greensburg Equipment Inc.

FHS College Farm Opens Fund Drive

"We're on our way!" Those words were spoken late last week by Ron Pflughoft, Executive Assistant to the President at

Fort Hays State College, when it was learned that \$3,500 had been generated toward the construction of new buildings at the FHS college farm.

Pflughoft said he and other college officials were excited about announcing a fund campaign for the new structures and that they have been overjoyed with the attitude expressed by people with whom they have contacted about private financing.

"Our problem is that we can't get complete funding from the state of Kansas for buildings seriously needed if we are to continue the teaching of agriculture at Fort Hays State," he noted. "Our efforts in Topeka have brought a commitment of \$24,000 but our needs are closer to \$100,000 if we are to construct five buildings we feel we must have. We decided to take our story to the people and ask for private funding to match what the state has committed. We're extremely happy that in such a short time we have found people who believe we are doing a fine job at the farm and who are willing to help us financially."

Dr. Duane Sharp, farm superintendent, said that two of the five buildings are needed as quickly as they can be constructed. "We've simply got to have a swine

farrowing building and an animal science laboratory building. Our present farrowing building is a converted chicken house and there's no way to renovate it. We have no animal science building now in which to teach, show or study animals. The three other buildings we would like to add are a horse

junior; Allen Talburt, Damar junior; Joe Cornwell, St. John sophomore; Tom Mertens, Meade freshman; Allen Altenbaumer, Bushton senior; John Henry, Phillipsburg sophomore; and Dave Frederking, Salina junior.

Winners and participants for the other species competition were:

Sheep — Allen Dinkel, Hays freshman; Joe Cornwell; Kevin Alpers, Hudson freshman; and Tom Mertens.

Swine — Allen Dinkel; Darrell Keller, Zurich sophomore; Allen Altenbaumer; and Bruce Walker, Solomon graduate student.

Dairy Cattle — Bob McCormick, Cedar junior; Leon Kuhn, Victoria freshman; Mike Sommers, Victoria freshman; Ed Brungardt, Victoria senior; Tom Mertens; and Kevin Alpers.

Horses — Bill Jones; Allen Talburt; Mike Garten, Valley Center freshman; Bob Miller, Hays junior; Terri Baker, Phillipsburg junior; and Wayne Edington.

Judges for the contest were Mike Ebert, Russell rancher and farmer; Doyle Talkington, Kansas Pork Producers Council, Manhattan; and Ed Fellers, Jr., Higher View Dairy, Hays.

Farm Opens Fund Drive

Continued From Page One.

and a sheep building for instructional and proper housing purposes, and a building for the storage of baled hay. If we can't get all five buildings constructed, we definitely want the animal science and swine farrowing buildings." After visiting with people and organizations the past few weeks, college officials have what they consider an excellent start toward matching what the state will provide. Leading the way locally was the Farmers Cooperative Association of Hays; the Hays Veterinary Hospital; and Dr. Wallace Harris, chairman of the FHS department of agriculture. In addition, a grant was received from the Greensburg Equipment, Inc. of Greensburg, Crawford Barber, owner.

"We've always felt we were doing a good job with young people and agriculture but we really began to realize it when we visited with some people," acting FHS President Gerald W. Tomanek said, "They convinced us we were doing a good job and the results of those visitations were the sizeable financial contributions to get our building project off the ground. More than 90 per cent of our 200 agriculture majors come from western Kansas and more of our graduates go back to the farm than do graduates from other similar programs. Our program has always been designed for the young people of western Kansas and we hope it always will be."

Unlike most other college operations, the farm is self-supporting. Animals are raised and sold by students and faculty just as any farm might operate. Milk is sold, wheat and corn and other crops are planted, tilled and sold. The farm not only trains students to be business oriented farmers and ranchers but provides employment as well as on-the-job experience. More than 500

students enroll in agriculture course work at the college.

In addition, the farm is among those which has been involved longest in grasslands research studies, and the dairy herd is rated one of the top three producers in the state.

Department chairman Harris said, "Our farm is the laboratory for a large percentage of our sources in agriculture and biology. We want to get the young people onto the land and let them learn and work. We believe in textbook study and in letting the young people apply what they have learned while still here. They can profit immensely by working day-to-day with problems and situations they will face on their own farms."

Dr. Sharp added that the farm is the scene of numerous activities besides teaching and studying. "We host community colleges, 4-H groups and FFA organizations regularly for judging and showing contests and more than 1,000 young people, from kindergarten through college, tour the farm.

"Our own judging teams are traditionally strong and compete in contests from Fort Worth to Kansas City, Denver, Houston, Louisville, Ogden, Utah and San Francisco. With new facilities, we know we can produce even finer teams to represent Fort Hays State College all across the country," he said.

President Tomanek said, "We want to see the farm continue to be in a position to offer more and better learning situations to students. We consider the buildings of vital importance in enhancing our goals and providing for the needs of students as well as the animals. We hope that anyone or any group which feels as we do about young people and the future of agriculture will come forward to help us provide a top-flight agriculture laboratory for our western Kansas youth."

Judging Team Successful

Although generally the smallest college participating in various contests, Fort Hays State College's livestock judging team walked off with its share of honors this past fall.

Coached by Dr. Duane Sharp and Dr. Larry

Benyshek, the team compiled enviable marks in contests throughout the country. Team members who participated included Tom Martin, Howard senior; Duane Kelley, Falon senior; J.C. Barr, Cottonwood Falls junior; Joe Gotti, Tescott senior; Don Sanko,

Hays senior; Rick Engweiler, Hutchinson senior; Galen Doll, Healy senior; and Bill Jones, Kirwin senior.

Individual and team awards garnered included the following:

National Western, Denver: Third place, team, swine judging; fifth place, team, horse judging; ninth place, team, market beef cattle; Barr, first, horse judging; Martin, fifth, swine judging; Kelley, sixth, swine judging.

Fort Worth Fat Stock Show: Martin, first, beef cattle judging.

Grand National, San Francisco: ninth place team, overall; Barr, fifth, individual judging and fourteenth, individual, overall; Gotti, tenth, swine judging; sixth place

team, swine judging; seventh place team, beef cattle judging.

World of Heifers Charolais Show, Kansas City, Mo.: Doll, winner of \$500 scholarship; Barr, fourth, horse judging and ninth, swine judging; Gotti, fourteenth, swine judging; seventh place, team, swine judging; and eighth place, team, beef cattle judging.

American Royal, Kansas City: Barr, 20th, beef cattle judging; Martin, seventh, swine judging; and Kelley, eighteenth, sheep judging.

Drs. Sharp and Benyshek are currently working toward the first judging competition for 1975. Team members who will see first action at the National Western in Denver Jan. 10 include Ed Sutton, Hardtner junior; Susan Steffen, Burdett sophomore; Allen Talburt, Damar junior; Robert Miller, North Platte, Neb., junior; and Elwyn Jansonius, Prairie View junior.

Gov. Docking Signs Four New Bills Into Law Friday

134
TOPEKA, Kan. (AP) — Gov. Robert Docking signed four bills into law Friday, bringing the total to five new laws since the opening of the 1973 session of the Kansas Legislature.

The legislature completed five weeks of work Friday, sending another bill to the governor for his signature that would create agriculture experiment stations at Colby, Fort Hays, Garden City, Tribune and in southeast Kansas under the management of Kansas State University.

The four laws signed by the governor Friday were of a minor nature, dealing with the printing of legislative documents, state revolving funds, duties of judicial administrators and the magistrate courts in the big counties.

In action Friday, the House approved seven bills and the Senate passed nine measures,

including the one sent to Docking.

Four other bills were given tentative approval in the Senate, including a concurrent resolution that would be submitted to the voters as a constitutional amendment if it receives two-thirds majorities in both houses on a final vote.

The resolution would give the legislature the power to fix the terms of office for all county officers except commissioners and township officials, not to exceed four years. Commissioners and township officers would be limited to terms not to exceed six years.

Two environmental bills were among measures introduced Friday in the Senate. The two anti-pollution bills are sponsored by Sens. Norman Gaar, R-Westwood, Jack Steineger, D-Kansas City, and Ed Reilly, R-Leavenworth.

One of the bills would require the director of the Division of Environmental Health of the state Health Department to bring the state into compliance with federal clean air laws by June 30, 1975 or his salary would be withheld.

The bill, obviously aimed at Mei Grey, director of the Environmental Health Division, requires that state air quality programs be in full compliance with the Federal Clean Air Act by the 1975 deadline, providing the legislature has enacted the necessary statutory authority to bring such compliance.

Agriculture Is No. 1 With FFA Leader

"There's a good future for a young person in agriculture if he or she is willing to work," Says Brad Trexler, Hill City, state president of the Future Farmers of America (FFA).

"Agriculture is definitely the No. 1 industry in Kansas and the nation, and people need to realize as agriculture prospers so prospers the nation," he said in a telephone interview.

Trexler has recently been named to a three-year term on the state advisory committee of the Kansas Farmers Home Administration (FmHA).

"We are fortunate that Brad will serve on our board to advise us on our new loan programs designed to serve FFA members and young farmers," said FmHA State Director Morgan Williams.

TREXLER is attending Colby Community Junior

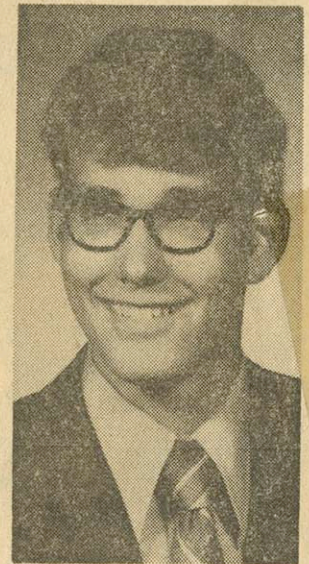

College, Colby on a Presidential scholarship and meets periodically with the college president to advise him on student matters.

An agricultural journalism major, he plans a future in agricultural writing, possibly public relations journalism, after completing a course at a four-year college.

But already, at the age of 18, he has 40 head of cattle on his 480 acres of rented wheat and grazing land which is helping to pay his way through college. He plans eventually to return to the farm and ranch.

AS STATE FFA president the past year, he has traveled 15,000 miles over the state giving talks to clubs. "What we try to do is to motivate younger members to greater achievements," Trexler said.

During National FFA Week recently, he was on a

BRAD TREXLER
... Rancher at 18 ...

good-will tour of Kansas, visiting businesses, firms and sponsors of FFA activities.

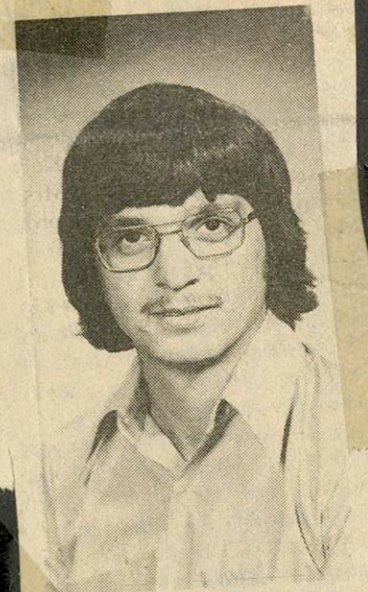

Outstanding Members

Recognized as the Outstanding Members of the Fort Hays State Block and Bridle Club for 1975 at the recent club banquet which featured KFRM Agriculture Director Larry Steckline as speaker, were: Joe Cornwell, St. John sophomore; Allen Talburt, Damar junior; Larry Steckline; and Bill Jones, Kirwin senior.

ELECTED TO 134 AG SOCIETY

Elric Moore, Clyde, a junior at Fort Hays Kansas State College, Hays, has been elected to the college's chapter of Delta Tau Alpha, national agricultural honor society.

Mr. Moore was one of five agriculture majors elected to the society recently.

**Commendation and Award
To Hays College Freshman**

It's not often that a college freshman receives special commendation and an award at a national convention, but that's what happened recently to James C. Barr, a freshman at Fort Hays State College.

At the opening banquet of the national convention of Delta Tau Alpha, agriculture honor fraternity, Monday night, Mar. 19th, at Fort Hays State, Barr was presented a plaque as the outstanding agriculture freshman at FHS.

Banquet guests included some 50 delegates from a dozen colleges and universities, FHS agriculture faculty and wives, Delta Tau Alpha alumni and guests. Dr. Gerald Tomanek, vice-president of academic affairs at FHS, a grasslands authority and former head of biological sciences at FHS, addressed the convention din-

ner, speaking on "Beauty of Grasslands," using slides to illustrate his lecture.

Barr is the son of Mr. and Mrs. James Barr, Cottonwood Falls.

High individual

Henry Bingaman, left, Fort Hays State freshman from Pratt earned the high individual award in the judging of dairy cattle in the Northwest Missouri State University Judging Contest

held recently in Maryville. Bingaman was presented with trophies for his efforts as top dairy cattle judge and as the top individual in the judging of Holsteins.

The Fort Hays State team composed of Bingaman, Rick Engweiler, Hutchinson freshman, placed third among

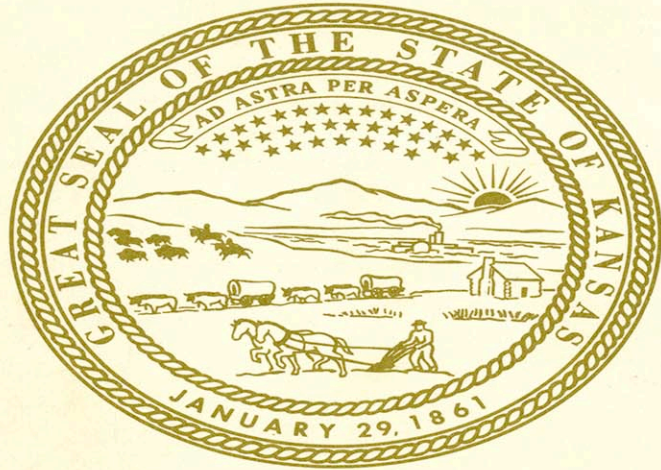

seven teams from colleges in Iowa, Missouri and Kansas.

The team was accompanied by coaches Dr. Carl Thompson and Dr. Duane Sharp, assistant professor of agriculture at Fort Hays State. Next to Bingaman, left to right, are Talbert, Engweiler and Brungardt.—FHS Photo.

For A Job Well-Done

Albert Graf, left, dairy herdsman for Fort Hays State College Farm, receives a congratulatory handshake from Farm Superintendent Dr. Duane Sharp, after receiving a plaque recognizing the FHS dairy herd as one of the 10 best in the state.

From the Office of
Lieutenant Governor
State of Kansas

David C. Owen

Dear Kansan:

As a citizen of our great state I am proud of our people and their belief in the quality of life and work ethic. Because you are the very fiber of Kansas society, I congratulate you on your recent recognition.

I am in Topeka to serve you. If you ever have any problems, complaints, or need help, write or call me at the below address or telephone number.

Visiting students

Al Graf, manager of Fort Hays State University dairy operation, gives a visiting group of Japanese students a tour of the farm. The students were guests of the Winners 4-H Club.

Tom Martin shows his winning swine during the recent Block and Bridle competition at Fort Hays Kansas State College where he is a student. Mar-

tin advanced to capture the reserve champion showman award. He is a son of Mr. and Mrs. John Martin, Howard.

Tom Martin wins as reserve champion showman

Competition was keen at the fourth annual Fort Hays Kansas State College Block and Bridle Club livestock fitting and showing contest recently held at the

college farm. And when the dust had cleared, Tom Martin, Howard junior; J. C. Barr, Cottonwood Falls sophomore; Ed Brundardt, Victoria freshman;

and Joe Gotti, Tescott junior; were the winners.

The contest, under the direction of Bill Jones, Kensington sophomore, included competition in the fitting and showing of livestock in four classes. Top entrants and their divisions include: Martin, swine; Brundardt, dairy cattle; Barr, beef cattle; and Gotti, horses.

The grand and reserve champion honors in which contestants showed animals in each category were won by Barr and Martin, respectively.

Contest judges were Bob Dickinson, Gorham; Dallas Burton, Salina; Marion Reh, Natoma; and Jim Zoltenko, Hardy, Neb.

Fort Hays Kansas State College livestock judging teams continue to do well in intercollegiate livestock judging competition against major colleges and universities. The senior judging team composed of Ed Sutton, Hardner junior; Alan Phipps, Cottonwood Falls junior; Susan Steffen, Burdette sophomore; Elynn Jansonuis, Phillipsburg junior; and Robert Miller, _____, Nebraska junior recently competed against 17 other teams from western, midwestern and southern schools at the Fort Worth Fat Stock Show. The team placed 5th in swine judging, 8th in beef cattle judging, 8th in sheep judging and 13th in horse judging. In overall scoring the team placed seventh in very close competition for the top spot. With a possibility of accumulating 6250 total points the Fort Hays team finished only 186 points behind Oklahoma State University, the 1st place team and 35 points behind Kansas State University, the 4th place team.

Ed Sutton led the team in individual competition among 90 student judges placing 8th in swine judging, 13th in beef cattle judging, and finishing in 6th place in overall scoring only 38 points behind the high point individual.

Susan Steffen was second high individual on the team earning a 13th place tie with Sutton in beef cattle judging.

Fort Hays will enter a 5 member team in Senior College Competition and a 3 member team in Junior College Competition (sophomores) at the Houston Livestock Exposition on February 28.

Livestock Judging Teams Scoring Well

Fort Hays Kansas State College livestock judging teams, preparing for the start of a new intercollegiate judging season in January, have scored favorable records in their three most recent outings.

The most recent competition was at Kansas State University Oct. 25 where a junior team of Darrell Keller, Zurich sophomore; Allen Dinkel, McCracken sophomore; Barbara Carter, Emporia freshman; Cary Tucker, Jetmore sophomore; and Terri Marcotte, Damar sophomore; competed in the All-Kansas Workout. The team was led by Keller and Dinkel, who placed seventh and tenth, respectively, in overall competition.

Two teams competed at Northwest Missouri State University's judging contest Oct. 22. Team No. 1 composed of Allen Dinkel, Joe Cornwell, St. John junior; Cary Tucker and John Vogt, Halstead senior, placed first in swine judging, tied for fourth with Team No. 2 in beef cattle judging and places sixth in sheep judging. Overall, the

team placed second, only 18 points behind the team from Jawkey Institute, Iowa, which placed first.

Individually, Cornwell placed fourth in beef cattle; Dinkel, second in swine; Tucker, third in swine; and Dinkel scored seventh in individual overall points among the 32 contestants.

Team No. 2, consisting of Kevin Alpers, Hudson sophomore; Darrell Keller, Dale Miller, Goddard special student; and Bob McCormick, Cedar senior, tied for fourth in beef cattle judging, fourth in swine and second in sheep judging. Overall, the team placed fourth among eight teams. Individually, the team was led by Keller who was fifth in beef cattle, fifth in swine, seventh in sheep and who finished as the third high individual of the contest. Alpers also received mention as the fourth place sheep judge.

At the Fort Hays Block and Bridle Club's judging contest in Hays Oct. 18, the junior judging team of Allen Dinkel, Barbara Carter, Lenn Kelley, Fulun freshman; and Kevin

Alpers placed fifth in beef cattle judging and sixth in overall competition among 18 teams. Individually, Dinkel was awarded the trophy as high individual in beef cattle and was the fourth high individual overall among the 72 contestants.

Campus

HAYS — Cary Tucker, Jetmore freshman at Fort Hays Kansas State College, was recently awarded a judging letter for participation in the FHS judging team by the college's Block and Bridle club.

The awards were handed out at a recent banquet recognizing student accomplishment and participation in activities for the year.

More than 60 students, parents and guests attended the event with Larry Streckline, KFRM agriculture director, as speaker, challenging the audience to make their problems and needs better known to the agriculture leaders and elected representatives in Washington, D.C.

Block and Bridle Club banquet held

Fort Hays State College's Block and Bridle Club held its annual awards banquet recently recognizing student accomplishment and participation in activities for the year.

More than 60 students, parents, and guests attended the event with Larry Steckline, KFRM agriculture director as speaker, challenging the audience to make their problems and needs better known to their agriculture leaders and elected representatives in Washington, D. C.

Trophies were presented to the winners of the Livestock Fitting and Showing Contest held earlier in the day. Grand champion showman was J. C. Barr, Cottonwood Falls junior. Reserve

champion was Susan Steffen, Burdett sophomore. Champion beef showman was J. C. Barr and champion sheep showman was Allen Dinkel, Hays freshman. Dinkel was also champion swine showman. Bill Jones, Kirwin senior, was champion horse showman and Bob McCormick, Cedar junior, was champion dairy cattle showman.

Dr. Larry Benyshek, assistant professor of agriculture and club sponsor, presented Outstanding Member Awards to Bill Jones; Allen Talburt, Damar junior; and Joe Cornwell, St. John sophomore.

Win National Exposition

Members of the Fort Hays State Livestock Judging Team which took first place at the Golden Spike National Livestock Exposition in Ogden, Utah, pose with their trophies. The members are: Larry Benyshek, assistant professor; Ed Sutton, Allen Talburt,

who also placed 4th in overall individual competition; David Frederking, Alan Phipps, ElWynn Jansonius and Dr. Duane Sharp, associate professor of agriculture and superintendent of the FHS College Farm.

FHS Judging Team Wins 'Golden Spike' Contest

Fort Hays State College's Livestock Judging Team won top honors at the Golden Spike National Livestock Exposition at Ogden, Utah, last Monday.

The team was awarded trophies as the No. 1 team in sheep judging, the No. 2 team in beef cattle and swine judging and trophies for being

the overall high team at the contest. They were awarded a traveling trophy and a permanent trophy to keep for their efforts.

Individually the team was led by Allen Talburt, Damar junior, Ed Sutton, Hardtner junior, Alan Phipps, Matfield

Green senior, Dave Frederking, Salina senior, and ElWynn Jansonius, Prairie View senior.

Talburt was awarded the trophy as high individual sheep judge.

The team is at the American Royal in Kansas City this weekend.

Club Holds Banquet

Fort Hays State College's Block and Bridle Club held its annual awards banquet recently recognizing student accomplishment and participation in activities for the year.

More than 60 students, parents and guests attended the event with Larry Steckline, KFRM Agriculture Director as speaker, challenging the audience to make their problems and needs better known to their agriculture leaders and elected representatives in Washington, D. C.

Trophies were presented to the winners of the Livestock Fitting and Showing Contest held earlier in the day. Grand Champion Showman was J.C. Barr, Cottonwood Falls junior. Reserve Champion was Susan Steffen, Burdett sophomore, Champion Beef Showman was J.C. Barr and Champion Sheep Showman was Allen Dinkel, Hays Freshman. Dinkel was also Champion Swine Showman. Bill Jones, Kirwin senior was Champion Horse Showman and Bob McCormick, Cedar junior, was Champion Dairy Cattle Showman.

Dr. Larry Benyshek,

assistant professor of agriculture and club sponsor, presented Outstanding Member Awards to Bill Jones, Allen Talburt, Damar junior, and Joe Cornwell, St. John sophomore.

Special guests were recognized for their assistance in club activities throughout the year.

Dr. Duane Sharp, superintendent of the FHS farm, discussed the success of

the judging teams and presented Judging Letters to J.C. Barr; Duane Kelley, Falun senior, Ed Sutton, Hardtner junior; Alan Phipps, Marfield Green junior; Susan Steffen; Allen Talburt; Bill Jones; Dave Frederking, Salina senior; Elwyn Jansonius, Prairie View junior; Robert Miller, Hays junior; Joe Cornwell; Cary Tucker, Jetmore freshman; and Darrell Keller, Zurich sophomore.

4-H'ers Continue In Program As College Students

Does interest in 4-H clubs fade away when members pack their luggage for college and the new experiences there?

"No," is the answer if former Sunflower State 4-H'ers now enrolled in college are examples. And here are two items to back up the answer indicating continued support of the youth program of the Cooperative Extension Service by older teenagers.

Members of six 4-H clubs on college campuses are volunteering to serve as judges at County 4-H Days, scheduled thruout the state in February and March.

The Collegiate 4-H Clubs, made up of former 4-H'ers now enrolled in college are at Kansas State University, Manhattan; KSTC, Emporia; Butler County Community College, El Dorado; University of Kansas, Lawrence; Cloud County Community College, Concordia; and Fort Hays Kansas State College, Hays.

County Extension agents have been invited to contact a representative of any of these clubs to secure judges for a 4-H Day.

The Collegiate 4-H Clubs in Kansas will for the third year provide leadership in planning and conducting a Rock Springs Ranch Clean-up and Junior Leaders Weekend. The 1973 dates are April 7 and 8.

County Extension agents have been invited to contact a representative of any of these clubs to secure judges for a 4-H Day.

The Collegiate 4-H Clubs in Kansas will for third year provide leadership in planning and conducting a Rock Springs Ranch Clean-up and Junior Leaders Weekend. The 1973 dates are April 7 and 8.

Fort Hays Gilt Wins Pork Show

GBT 3-11-72

A 215-pound gilt won \$100 and a bronze plaque for the Fort Hays Kansas State College farm at the pork carcass show at Thies Packing Company Thursday evening. The market pig yielded a ham loin index of 146 which was 10 points more than second place.

Merritt Atwell, Utica, received \$50 and second on a Duroc gilt. Third place honors out of the 45 entries went to Don Flipse, Oakley, with another Duroc gilt.

H. P. Thies, chairman of the Thies Packing Co., board, presented cash checks to the winners and complimented them on their ability to produce a quality product.

J. M. Thies, president of Thies, presented merchandise prizes to the three winners of the live judging event held Wednesday morning at the Great Bend Livestock Commission Co. Winners in and grading included Huey Gray, Greensburg, Orville Hair, Brownell, and Bill Welch, Present.

The following farms had indexes close to the winners: John Balthrop, Peabody, 131.4 on a Hampshire gilt; Norman Bamberger, Jetmore, 128.3; on a Duroc gilt; Clarence Burns, Great Bend 127; John H. Cromer, Sawyer, 125.7; Lloyd Dick, Burdett, 125.5; Eugene Neuforth, Great Bend, 124.4; and Elmer Scott, Seward, 123.2.

Tentative plans were made to hold a similar show next year. Committee members working on the event include Thies market buyers Marston Lagasse, Merlin Grimes, and Darrell Rexwinkle; Terry Nagel, Bushton, Dist. IV state pork producers council, and Paul Wilson, Barton County Agent.

Judging Honors

Members of the Fort Hays State Livestock Judging Teams who won honors in the recent 1974 Northwest Missouri State University Livestock Judging Contest are: (front row Alan

Dinkel, John Vogt, Barb Davis, Paula Winger, and Dr. Larry Banyshak, coach. (back row) Dr. Duane Sharp, coach; Bob Miller, Allan Phipps, Ed Sutton and Susan Steffen.

Local Teams Win Top Judging Honors

Fort Hays State College's recent 1974 Northwest Livestock Judging teams won first and fourth places in the Missouri State University Livestock Judging Contest in

Maryville.

Ten teams with more than 40 individuals participated in the contest. Northwest Missouri State was second to FHS. Scoring was FHS with 1857, NWMSU with 1770 and fourth place FHS with 1730 points.

Members of Team 1, which won the contest, are: Ed Sutton, Hardtner sophomore, who also was high individual with 649 points; Susan Steffen, Burdett sophomore, 3rd high individual with 616 points; Bob Miller, North Platte, Neb. sophomore; and Alan Phipps, Matfield Green junior.

Team II, which won 4th, consists of: Allen Dinkel, McCracken freshman, who was fourth high individual with 613 points; Paula Winger, Dodge City freshman; Barb Davis, Dodge City freshman; and John Vogt, Halstead junior.

Team coaches are Dr. Duane Sharp, associate professor of agriculture and college farm superintendent, and Dr. Larry Benyshek, assistant professor of agriculture.

Barber County places first

DODGE CITY — Approximately 153 young people participated in the range bull judging contest here sponsored by the Kansas Junior Hereford Association.

In 4-H competition, Barber County took first; Ellis, second; and Pawnee, third.

Top individuals were: Tom Arnhold, Ellis County, first; Clint Rush, Barber County, second; and Susan Steffen, Pawnee County, third.

In collegiate team competition, Fort Hays State College placed first, Colby Community College, second, and Garden City Junior College, third.

Top individuals were Glenn Doll, first; Havey Jansonius, second, both at Fort Hays State; and Don Topliff, third, Colby Community College.

In FFA team competition, Garden City took third.
