Title

Dr. Jerry R. Choate Papers, 1965-2009

Date

1965-2009

Extent

27.5 linear feet

Language

English

Access

The collection is open for research with the exception of material in File Cabinet 1, Drawer 3; this file cabinet drawer contains restricted student materials.

Abstract

Author and educator Dr. Jerry R. Choate joined the Fort Hays Kansas State College faculty in 1971 as an Assistant Professor of Zoology. He was promoted to Associate Professor in 1976, then to Professor in 1980. He was appointed director of the FHSU's Museum of the High Plains in 1973, and director of the FHSU museums in 1980, a position he held until his retirement in 2009. The Dr. Jerry R. Choate Papers are housed in three filing cabinets and date from 1965 to 2009. The papers are comprised mainly of correspondence, course materials, research materials, and Sternberg Museum construction information.

Biographical/Historical Note

Dr. Jerry Choate was born in Bartlesville, Oklahoma on March 21, 1943; the son of Alyce J. Cox and F. L. "Lucky" Choate. He earned a Bachelor's Degree in Biology from the Kansas State College of Pittsburg in 1965, and a Ph.D. in Zoology from the University of Kansas in 1969. He joined the Fort Hays Kansas State College faculty in 1971 as an Assistant Professor of Zoology. He was promoted to Associate Professor in 1976, then to Professor in 1980.

In 1973, Dr. Choate was appointed director of the Fort Hays State University's Museum of the High Plains and overall director of FHSU museums in 1980, which included not only the Museum of the High Plains but also the Sternberg Memorial Museum. In anticipation of moving off the main campus, these two museums were merged in 1994 to become the Sternberg Museum

of Natural History. Dr. Choate remained as museum director until retiring in the summer of 2009; he passed away on December 9, 2009. He is survived by his wife, Rosemary Fidelis Walker, and son, Judd Randolph, daughter-in-law, Lyn Kathlene, and 2 granddaughters, Mahlon and Jacqueline Rosemary.

During his career, Dr. Choate held positions with the State Biological Survey of Kansas, the University of Connecticut, the University of Kansas and Yale University. He published five books, 127 refereed journal articles and 55 un-refereed and technical publications, and gave numerous scholarly presentations. He was awarded the C. Hart Merriam Award in 1986 which recognizes outstanding contributions to mammalogy by members of the American Society of Mammalogists. Dr. Choate also received the Fort Hays State University President's Distinguished Scholar award in 2005, which recognizes instruction, research and creative activities and service performance.

Dr. Choate held membership in the American Association for the Advancement of Science, American Society of Mammalogists, Association of Systematics Collections, Beta Beta Beta, Biological Society of Washington, Kansas Academy of Science, North Dakota Natural Science Society, Society of the Sigma Xi, Society for the Study of Evolution, Southern California Academy of Sciences and Southwestern Association of Naturalists.

Scope and Content Note

The Dr. Jerry R. Choate Papers are housed in three file cabinets and date from 1965 to 2009. These files are arranged into eleven series with one series restricted: Series II: Student Files. The papers are comprised mainly of correspondence, course materials, research materials, and Sternberg Museum construction information.

Arrangement Note

The Dr. Jerry R. Choate Papers are arranged into XI series:

- I. Correspondence
- II. Student Files (**restricted**)
- III. Kansas Mammal Species
- IV. Research Files
- V. Grant Proposals
- VI. Class Lecture Notes
- VII. Blueprints
- VIII. Personal Data
- IX. Sternberg Museum
- X. Sternberg Museum Construction
- XI. Miscellaneous Files
