February 14, 1995

Senator Nancy Kassebaum
302 Russell Senate Office Building
Washington, D. C. 20510-1602

Dear Nancy:

A very important day for Fort Hays State University, the community of Hays and the state of Kansas is approaching. On August 26, 1995, we will dedicate our new physical sciences building -- Jerry Tomanek Hall. Because of the impact this auspicious building will have on the development of students and their contributions to the future, we are planning a celebration worthy of its importance. We would love to count you among our honored guests. Please mark the date on your calendar and expect to receive a formal invitation from us this summer.

We were very grateful for the federal and state monies we received to embark on this greatly needed project. The building is nearing completion and is a glorious addition to our campus. We are planning a morning dedication, reception and luncheon and hope that your schedule will allow you to join us. Best wishes for a rewarding session and we would be delighted if you could pay FHSU a visit in August.

Sincerely yours,

Edward H. Hammond
President
