THIS ISN'T ALL — Besides teaching classes in philosophy, logic and Biblical literature, Dr. Sam Hamilton, January professor of the month, keeps a busy schedule with his hobbies of wood and metal working and photography.

Hamilton Reigns in January As Professor of the Month

Dr. Sam Hamilton, professor of philosophy and one of the more versatile faculty members of FHS, has been named January professor of the month.

A native of Indiana, Dr. Hamilton has been teaching philosophy and Biblical literature here since 1948 while engaged in a number of other completely unrelated activities.

Besides being a popular and highly rated instructor among his students, Hamilton is an avid do-it-yourself man, having built his own house and swimming pool in Hays. He also did a large amount of the construction of the new Christian Church in Hays, of which he is a member. On top of this he is an active amateur photographer.

Hamilton also recently wrote his

own text book for his logic classes.

Two years ago, Hamilton and his wife took a world tour, visiting former FHS foreign students in countries from Greece to Thailand. They had previously toured Northern and Central Europe in 1958, where Hamilton met and recruited one of the foreign graduates of FHS.

Dr. Hamilton had originally been a letter carrier in Indiana, then decided to enter the ministry and obtained an A.B. and B.D. degree from the Cincinnati Bible Seminary, then an M.A. and Ed.D. from Denver University.

He has been a minister in churches in Kentucky, Iowa and Colorado. He also taught speech and philosophy at Denver University and was assistant professor of Bible and philosophy at Central College, Pella, Ia., before coming here.

Limelighters Sing Here in March

Although the Memorial Union could not schedule Peter, Paul and Mary, it has been able to book both the Limelighters and the Four Freshmen for concerts.

Conflicting schedules kept Peter, Paul and Mary from appearing on campus, according to Lynn Rogers, assistant director of the Memorial Union.

In the next two months, the two popular singing groups, the Limelighters and the Four Freshmen will give concerts. The modern folksinging Four Freshman are first on the agenda with a concert set for Feb. 12.

Concert time is set for 8 p.m. in the Hays High School Auditorium. Rogers said that Hays High was being used due to conflicting schedules.

Singing age-old folk ballads, the Limelighters will entertain students and faculty on March 12 in Sheridan Coliseum. Curtain time is again set for 8 p.m.

Ticket cost for the Limeliter's concert will be \$2. The price of Four Freshman tickets has not yet been determined. Dates for ticket sales and the place tickets will be sold also be announced at a later date.

ASC Elects Rotarian, Professor

All-Student Council chose Bill Davison, Tribune graduate and an ASC member, as Junior Rotarian for January Tuesday night.

Davison will represent FHS at Hays Rotarian luncheons during January.

Dr. Sam Hamilton, professor of

philosophy, was elected Professor of the Month at the same meeting.

ASC is having difficulty obtaining a speaker for the Student Council Leader Conference scheduled for sometime next fall. Various high schools about the state are invited to the conference to see how college student government is run.

Spring Enrollment Begins Jan. 28 'A' Gets First Choice This Time

Spring semester enrollment begins Monday, Jan 28 and continues through Wednesday with classes beginning Thursday.

Enrollment procedure will follow the same line as in previous terms with the center of activity in the Memorial Union.

Permits to enroll may be picked up in Sheridan Coliseum according to the following schedule. Each student is allowed 15 minutes to obtain his permit.

Peace Corps Exams Planned

The first session of Peace Corps examinations this year will be held in the Hays City Library Jan. 26.

All American citizens over 18 may take the examination scheduled to begin at 8:30 a.m. College students, interested in taking the tests should fill out an application questionnaire in the Dean of Men's Office, Picken Hall, Room 208.

Richard Burnett, acting dean of men, said that the examinations would not be given on campus to avoid duplication of testing centers in the Hays area.

Other examinations are scheduled for March 9 and April 27.

Students are not required to join the Peace Corps if they pass the examinations, Dean Burnett said. He added that the examination is not competitive.

Applicants are judged according to character, skill, common sense, good health and ability to meet new situations with enthusiasm and tact, Burnett said. He continued that the questionnaire and personal investigation counted as well as the examination.

Library Hours Announced

Forsyth Library will be open the following hours during semester break:

Saturday, Jan. 26, 8 a.m. to 5 p.m.
Sunday, Jan. 27, 2 p.m. to 5 p.m.
Monday, Jan. 28, 7:30 a.m. to 10 p.m.
Tuesday, Jan. 29, 7:30 a.m. to 10 p.m.
Wednesday, Jan. 30, 7:30 a.m. to 6 p.m.
Thursday, Jan. 31, 2 p.m. to 5 p.m.
Friday, Feb. 1, 2 p.m. to 5 p.m.
Saturday, Feb. 2, closed.
Sunday, Feb. 3, closed.
Monday, Feb. 4, 7:30 a.m. to 10 p.m.

New News Editor Named

Gene Anderson, Russell sophomore, takes over as news editor of The Leader during the spring semester. Virginia Mathews, Tribune senior and present news editor, graduates this semester.

Fall Finals Start Friday, Probation System Explained

Fall semester final examinations begin Friday and continue through Wednesday. No exams will be given over the weekend.

Student grades will be compiled by the registrar's office as quickly as possible after instructors turn them in 2 p.m. Thursday. Grades will be picked up by students from advisers upon returning to school second semester.

Probation listings will be completed as soon as possible after grades have been averaged and students who are on probation will be notified at the address they have at the registrar's office.

The present probation system allows students a year-long participation in college activities while on probation. Previously, students who had been placed on probation could

not hold campus jobs and had to remove probationary status during the next semester.

With the new system, a student will not be asked to drop out of school at mid-year and will be allowed to keep his campus job for one semester. If, however, he does not remove the probationary status, he can't represent the campus in any organization or hold employment.

Freshmen and sophomores may now remove probationary status by achieving a grade index of .70 instead of the previous 1.0. Juniors and seniors must still achieve a 1.0.

Freshmen and sophomores go on probation when they fail to make a .70 and juniors and seniors when they don't make a 1.0.

LOOK AT THE BONES — Myrl Walker, FHS museum curator, has the rapt attention of Douglas Duckwiler (left) and Mike Hairfield, as he explains the history of some of the fossils on display. The unusual exhibits have attracted visitors from all over the world.

Ketchum, Cramer Capture Leads In 'Kismet'

David Ketchum, Rexford sophomore, and Connie Cramer, Dighton junior, will play the leading romantic roles in this year's Concert Choir presentation, "Kismet."

The actual production dates for the musical love story, which is based on the music of Russian composer Borodin, are set for March 22 and 23. "Kismet" played on Broadway in 1954.

Ketchum plays the Caliph, ruler of Baghdad, who falls in love with commoner Marsenah as played by Miss Cramer.

Al Dunavan, associate professor of speech, will furnish the show's dramatic direction and Donald E. Stout, associate professor of music, will be musical director. Richard Boss, Hill City junior, will design the sets for the show.

Boss also designed the sets for last year's show, "Brigadoon."

The staging of "Kismet," unlike "Brigadoon," will take place at one end of Sheridan Coliseum to allow more seating space. Stout predicts a good show with attractive sets and staging with curtains.

Admission will be charged to provide music scholarships.

Other cast members selected are: Jim Krentzel, Hudson junior, Imam of the Mosque and Bangleman; George Kay, Hays sophomore, one of the Muezzins and Omar; Vernon Goering, Hutchinson, and Gary Miller, both sophomores, Muezzins (prayer callers); Joe Dolzal, Cuba sophomore, the Poet and Hajj;

Ronald Cokeley, Palco sophomore, Javan; Richard Boyle, Great Bend sophomore, Chief Policeman; John Clark, Lakin junior, second policeman; Jim Long, Hays sophomore, Wazir of Police; Shari Holliday, St. Francis senior, Lalume, and Margie Colburn, Stockton senior, Widow Yusef.

Students Take Vaccine; Make-up Session Saturday

Approximately one-third of FHS's students have received type II Sabin oral polio vaccine in the recent nation wide program.

Students who have not taken the type II vaccine may do so Saturday at the Ellis County Court House. Type I vaccine need not have been taken prior to taking the type II vaccine.

The actual number of students who received the type II vaccine has not yet been determined because of the unknown number of students participating in their home town programs.

THE LATEST ADDITION — Sigma Phi Epsilon Scholarship Chairman Ron Baxter, Gorham junior, holds a trophy presented to the fraternity by their national organization for scholastic achievement. Any Sig Ep chapter that has the highest grade average of all fraternities on campus, like the FHS chapter for the 1961-62 school year, receives such a trophy.

Library Checks Out Paintings Monthly

For the past two years students and faculty members have been able to enjoy some of the finer paintings from a New York collection which the Forsyth Library committee purchased from an art dealer.

The paintings were brought to FHS and framed by members of the art department. Since then they have been made available to art enthusiasts on a monthly basis. Included in the collection are such well known paintings as "The Orchard" by Van Gogh; "Mother and Child" by Rivera Diego, and "Circus" by Jules.

These paintings are available at the reference desk in Forsyth Library and are checked out free of charge. At the end of the month the paintings may be renewed or a different one may be checked out.

Tiger Hop Features 'Flairs' Music

Fort Hays State's Tiger Hop will be held at 9 p.m., Wednesday, Jan. 30 in the Memorial Union Black and Gold Room. Music will be provided by the "Flairs" from Garden City.

**THE SAFE WAY to stay alert
without harmful stimulants**

NoDoz keeps you mentally alert with the same safe refreshment found in coffee and tea. Yet NoDoz is faster, handier, more reliable. Absolutely not habit-forming.

Next time monotony makes you feel drowsy while driving, working or studying, do as millions do... perk up with safe, effective NoDoz tablets. Another safe product of Greer Laboratories.

Professor Stroup To Participate In Civil Defense Shelter Living

Miss Leora B. Stroup, professor of nurse education, will spend Jan. 26 and 27 in a Salina fall-out shelter attending the Civil Defense school for shelter managers.

Members of the school will enter a prototype Civil Defense shelter at 8:30 a.m., Jan. 26 and emerge

the following day at 6 p.m. The group will eat shelter rations, drink shelter water, sleep in shelter beds and received instruction in shelter management.

Although Miss Stroup is not a civil defense shelter manager, she feels she will receive valuable training in disaster and emergency nursing. She plans to pass on her gained knowledge to students enrolled in senior seminar and advanced nursing courses.

Tentative plans call for a five or six-man FHS faculty delegation to attend the school in conjunction with the campus fall-out shelter program. At the present time, however, it is not known what faculty members will be going.

Memorial Union Calls Off Semester Break Ski Trip

The semester break ski trip which was being planned by the Memorial Union has been called off.

Lynn Rogers, assistant union director, said there was too much conflict at that time.

Students May Check For Lost Items in Union

Alpha Phi Omega reports that many lost and found articles have not been claimed. They ask that anyone having lost something check at the Information Desk in the Memorial Union.

BBBBBBBB — Carol Tomaszek, Zurich junior, hides her face in a fur collar to abate the cold, biting wind and low temperatures on campus.

Smaller Student Percentage Passes English Proficiency

"A smaller percentage of students taking the English Proficiency test this fall passed than did last year, but we cannot safely say that there is any definite trend toward more people failing the test than before," says Mrs. Katherine Bogart, associate professor of English at Fort Hays State.

According to figures released by the English department, of the 200 who signed to take the test this fall, 26 per cent were exempt, 70 per cent of those who took the test passed and 30 per cent failed.

In contrast, of the 389 who had signed for the test as of April

13, 1962, 41 per cent were exempt; 73 per cent of those who wrote the test passed and 27 per cent failed," said Mrs. Bogart.

"Many students fear the Proficiency Test without reason," Mrs. Bogart added. "We would stress that students taking the test do their most natural writing, giving full attention to correctness of margins, spelling, punctuation, grammar, and organization."

"Most of those who fail the test have poorly organized papers and simply express themselves. Many think that they can squeeze by by writing the shortest sentences possible to avoid errors. This mistaken notion causes many to fail."

"The attitude toward the test has improved the past few years," Mrs. Bogart continued. "This could be due to better administration of the test. Students are now exempted, whereas several years ago everyone took the test."

"Started by Dr. McGinnis in 1937 as an English proficiency test for all juniors, the test was repeated as it is now."

"Also," she added, "we have emphasized more that people take the test upon completion of 42 hours of college credit to insure that they do not wait until their last semester before graduation and risk delaying their graduation. They now have the chance to repeat the test rather than taking expository writing, as they were required to do from the mid-1950's, until the fall of 1962."

Faculty To Attend College, Career Day

A total of eight faculty members will attend college and career days at area schools this month.

Those attending the college days will tell students about the activities and offerings of FHS as well as answer high school students' questions. At career day programs, faculty members will discuss career opportunities in various fields ranging from teaching to engineering and law.

Faculty members participating and the schools are:

Maxine Hoffman, assistant professor of home economics, and Dennis McKee, associate professor of physical education, Great Bend High School; Doris Stage, professor of chemistry, and Richard Burnett, acting Dean of men, Russell High School; Harold Stones, director of placement, and Katherine Rogers, instructor in journalism, Dighton High School.

Hugh Burnett, director of the extension service, Lakin High School; and Jean Stouffer, dean of women, and Paul Friesner, chairman of the division of library science, LaCrosse High School.

Graber Takes Sabbatical; Plans Study in Germany

Dr. Paul Graber, professor of language, plans to do private research in Germany this spring and summer.

Dr. Graber, on spring sabbatical leave, will sail from New York March 23 with his family for Munich, Germany. He will be doing research primarily on a Swiss novelist of the 19th century, Jeremias Gotthelf, a pioneer of the regional novel in German literature. His research will be done at the University of Munich.

Dr. Graber and his family plan to return to Hays next August.

Oklahoma Will Host IRC Delegates At Model UN General Assembly

A five-member delegation from International Relations Club will represent FHS at the Fourth Annual Model United Nations General Assembly held at Oklahoma University Feb. 8, 9 and 10.

Don McCoy, Ellsworth senior and IRC president, is chairman of the FHS delegation which will represent the Ivory Coast of the African Block at the assembly. Other members of the delegation include Jim Rusco, Great Bend junior; Ken Nelson, Hugoton sophomore; Stephen Yow, Hong Kong sophomore, and Jim Rock, Abilene junior.

Students from 150 southwestern universities and colleges partici-

pating in the mock UN will study the functions of the UN and be given a chance to debate international relations with other student delegates.

Co-sponsoring the model United Nations General Assembly are the Oklahoma University chapter of the Collegiate Council of the United Nations and the OU student senate. The Collegiate Council is a national student group dedicated to building informal student support for the UN.

The FHS delegation is currently doing research and studying both the Ivory Coast's position in the United Nations and the UN itself.

Spring Enrollment...

(Continued from Page 1)
book are not filled out until all class slips have been drawn.

From the Black and Gold Room, the students leave by the west door and go to the Union Cody Room, fill out the book and hand it to the book checkers.

Fees will then be paid at the business office. Late fees apply after 4 p.m. Feb. 1.

Graduate students pick up permits in the Graduate Office, Picken Hall, Room 212, and then follow the same procedure as undergraduate students.

Veterans should see Mrs. Elizabeth Mosier in the Registrar's Office in Sheridan Coliseum to secure class slips and before they go to the book checkers in the Union Cody Room.

TV Star-Professors Soon To Be Named By Education Association

Very shortly the Association for Higher Education will announce both names and broadcast dates of almost all college and university professors who will appear on "Meet the Professor" this year.

The programs appear on most ABC-TV stations Sundays at 2:30 p.m. A radio adaptation is broadcast at various times by the ABC radio stations a week following each television show.

Those already scheduled to appear are:

Sunday—Professor Walter Spearman, school of journalism, University of North Carolina. Professor Spearman is seen conducting classes in editorial writing, theater and television.

Jan. 27—Dr. Peter van de Kamp, professor of astronomy and director of the Sproul Observatory, Swarthmore College. Dr. Van de Kamp is in charge of the research study at the Observatory dealing with distances and motions of the nearby stars.

Feb. 3—Dr. William M. Blackburn, professor of English and creative writing, Duke University. Although Dr. Blackburn's former students have achieved success in the "market place," his objective in teaching creative writing is to open young minds.

JOBS IN EUROPE

Grand Duchy of Luxembourg Jan. 11, 1963—Would you like to work at a Swiss resort, a Norwegian farm, a German factory, a construction site in Spain, or a summer camp in France? Thousands of paying summer jobs (some offering \$190 monthly) are available in Europe to U. S. Students.

The American Student Information Service, celebrating its 6th Anniversary, will award TRAVEL GRANTS to first 1500 applicants.

For 20-page Prospectus, complete selection of European jobs and Job Application (enclose \$1 for Prospectus, handling and airmail reply) write, naming your school, to: Dept. J, ASIS, 22 Ave. de la Liberte, Luxembourg City, Grand Duchy of Luxembourg. The first 8000 inquiries receive a \$1 coupon towards the purchase of the new student travel book, Earn, Learn & Travel in Europe.—Advertisement.

Mumblings on a Magazine

A new magazine called OFF CAMPUS has hit the market. As might be gathered from the name, it is aimed at the college student, especially the male.

Charles Bird, editor and publisher of OFF CAMPUS, says, "The magazine's purpose is to entertain the college man as he is... not as some idealistic, middle-aged market researcher would have us to believe."

The first three issues of OFF CAMPUS have had layouts with a PLAYBOY tinge, complete with a

center fold-out of a comely girl labeled "The Student Body." The similarity to PLAYBOY ends here; years would pass before the magazine could compare with PLAYBOY'S intellectual scope. (Some poor souls think the center fold-out of semi-nudes is PLAYBOY'S main attraction. They obviously don't have the intelligence to understand the editorial matter.)

Pre-publication notices from OFF CAMPUS promised to "mingle writers of national stature with the best of college writers and art-

ists." One wonders why though, if the magazine is geared strictly to college men, they run an ad for Maserati in each issue. (For those unfortunates not familiar with Maserati, it is a fine, hand-crafted Italian sports car with prices starting at \$11,500.) How many college men can afford one?

Although OFF CAMPUS drew only "harrumphs" when read in this office, it looks as if it could develop into something top-notch, providing it keeps its early promises about content. drw

LITTLE MAN ON CAMPUS

"DEAL THEM CARDS FASTER, GUNTHER — I GOT A FINAL EXAM TO TAKE IN A FEW MINUTES."

Memorial Union Explains Policy In Recent Board Report

"We (the Memorial Union) have an obligation to serve not only students and faculty, but as a campus union on a state college campus, we have the responsibility to serve the 'people of Western Kansas'."

This statement is contained in a report prepared by the FHS Union Board which seeks to answer questions regarding the Union's operation and policies which were raised recently by a group of students.

In its report, which was presented at an All-Student Council meeting, the board explained that "outside groups using Memorial Union facilities are charged fees according to a higher schedule than students and faculty. The Union does not schedule facilities for any groups under 100 unless they are of an educational nature."

This is done for two reasons:

1. Campus groups can be scheduled more readily.

2. There are no equivalent facilities in the area other than the union to handle large groups.

"Outside groups meeting on campus mean not only a source of revenue for the Union, but also offer an opportunity for students and faculty to advertise Fort Hays State to the public," the report continued. "Many of these outside groups include alumni and friends who contributed to the Union Building Fund, your (students) parents, legislators and influential state and national personalities."

In regard to other questions raised, the report explained:

1. The parking lot west of the Union is not a Union facility, but is under the jurisdiction of the Traffic Tribunal and Dean of Men.

2. The decision to raise the price of hamburgers and cheeseburgers and eliminate the nickel coke was made prior to the change in Union management. These changes, along with any other such decisions, were made only with Union Board approval.

3. In the spring all campus organizations are given the opportunity to schedule facilities for the following year. These requests are scheduled before the books are opened to scheduling by outside groups.

4. The Union Board hopes that an addition can be built before

long, but funds sufficient to finance bonds must come from the \$2.50 portion of the building fee paid by students before construction can begin. Unions cannot be financed with state appropriations.

5. All major policies concerning operation are the responsibility of the Memorial Union Board—not the director.

The Union Board, the report explained, is comprised of five faculty members and seven students. In addition, about 60 students serve on Union committees with another 60 employed part-time.

Regarding student fees and finances, the report stated that each student pays a \$7.50 Union fee per semester when he enrolls. Of this, \$5 is used to help pay the bonds on the present building and \$2.50 goes into the Union building fund which will finance an addition. The only financial assistance the Union operation receives is:

1. Salaries for director, food service director and program director.

2. An allocation of \$2.50 per student per semester from the incidental fee.

"With the exception of this assistance, the Union operation must be self-supporting," the report pointed out. "Additional equipment or furnishings for the present building or for an addition must come from net profit. Outside of a small amount of income from games, the food service department is the only source of revenue. Income from these areas, must finance administration, maintenance, information desk and programming."

"The Union cannot justify its existence only on the basis of providing a coke, a cup of coffee or a meeting place," the report asserted. "The Union building is the facility which houses an educational program and an opportunity for students to mature socially, recreationally and culturally through out-of-class activity."

"If students or faculty have other questions, they will be given every consideration if presented to the Union Board. "We are anxious to improve communications between campus groups," the report concluded.

Meeting Scheduled

About 30 Kansas colleges and universities are expected to be represented at a luncheon and business meeting of the Kansas Assn. of Junior and Senior Colleges and Universities at Fort Hays State College Monday.

The group, which includes both state and private colleges and universities, will gather at 10 a.m. in the Memorial Union. President M. C. Cunningham will be Fort Hays State's representative at the meeting. Dean John Garwood also will attend as will several division chairmen at the college.

Final Examination Schedule

Fall Semester, 1962-63

DAY OF EXAMINATION				
Hour of Exam	Friday January 18	Monday January 21	Tuesday January 22	Wednesday January 23
CLASSES OR CLASS PERIODS				
7:30 to 9:20	Monday at 10:00	Monday at 9:00	Monday at 11:00	Monday at 8:00
9:40 to 11:30	Tuesday at 10:00	Tuesday at 9:00	Tuesday at 11:00	Monday at 3:00
LUNCH PERIOD				
1:00 to 2:50	Monday at 1:00	Biology 1 only	Monday at 12:00	Tuesday at 12:00
3:10 to 5:00	Tuesday at 1:00	Tuesday at 8:00	Tuesday at 2:00	Monday at 4:00
DINNER PERIOD				
7:00 to 8:50	All Evening Classes	Monday at 2:00	Tuesday at 3:00	Tuesday at 4:00
Saturday, Jan. 19, 1963 10:00 to 11:50 a.m. Accounting 30				

NOTE: The classes which meet for 75 minutes on Tuesday and Thursday will meet for their final examination at the time of the full 50-minute period used by the class. That is, a class meeting at 9:35 to 10:50 will meet at the time for the 10:00 o'clock exam period on Tuesday, and a class meeting at 8:00 to 9:15 will meet for the examination at the time for the 8:00 exam period for Tuesday classes.

A final examination period has been established for the sake of uniformity in completing the work of respective courses.

All classes shall meet for at least one hour at the time indicated on the examination schedule for the final summing up of the work of the course. Whether this "final summing up" is a written examination or a discussion or other form of summarization is for the instructor to decide. But, whatever the form, it should be a most profitable period to the student and instructor for a final checking up of the course. Under no circumstance should this scheduled period be omitted, changed, or be made of no importance.

No student shall be permitted to take an examination before the scheduled time for the examination. Faculty members should inform students that they may request permission from the Dean of the Faculty to take an "incomplete" with the right to complete the work after the final examination period.

Faculty members should report to the Dean of the Faculty the names of any students not taking the final examination at the scheduled time.

If a student arranges to take a final examination after the scheduled time, the faculty member shall file the examination in the Office of the Dean of the Faculty with complete instructions regarding the work to be completed and the administration and grading of the final examination.

A student who is unable to take the final examination at the scheduled time is required to pay a fee of \$3.00 for each examination to be taken. The \$3.00 fee shall be paid to the Business Office and the receipt showing payment must be presented, before taking the examination, to the person administering the examination.

State College Leader

One of the oldest student organizations on the Fort Hays State campus: founded in 1906. Recipient of an A rating in the National Newspaper Service, 1961.

MEMBER

The State College Leader is published weekly (Thursday) during the school year except during college holidays and examination periods, and bi-weekly during June and July. Published at Martin Allen Hall on the campus of Fort Hays State College, Hays, Kansas. Mail subscription price: \$7.50 per semester or \$13.50 per calendar year. Second-class postage paid at Hays, Kansas.

Student Finds Raising, Training Dogs To Be Profitable Hobby

By Arlene Goetz
Leader Feature Editor

A race track, a wooden rabbit, a pulley—to Ron Porter, St. Francis junior, these strange items constitute essential equipment for a highly profitable hobby.

Porter and his father raise racing greyhounds. "When the dogs are between six and eight months we start training them on a small circular race track," he said. The dogs are trained to chase a wooden rabbit operated by a pulley.

The Porters, who have been racing greyhounds for nearly seven years, lease their dogs to men who have kennels at the race track.

"The man at the race track feeds and takes care of the dog," Porter explained. "We get 35 per cent of the cash the dog wins." They received \$700 from a dog in one year.

"We started with two dogs, which cost about \$100 apiece," Porter said. "Now we have 30. The dogs are kept in kennels outside the city limits of St. Francis."

Although the Porters lease their dogs now, when they first started they sold one batch of puppies for \$2,400.

Raising the dogs is not a costly process. "We pick up meat scraps

and bones from local food stores after they butcher," Porter said. Each dog eats about a pound of food pellets a day.

"The major expense is the breeding fee," he continued. To cut this cost, the Porters purchased a stud from Australia, but his offsprings must prove themselves on the race track before he will be used to any great extent.

"When the dogs are ready for the track, we put an ad in the *Coursing News*," Porter said. This is a magazine whose subscribers include people who raise, lease and buy racing dogs. Porters' dogs have been raced at tracks from Colorado to Florida.

As far as money-making is concerned, a dog may well be one of man's best friends—especially if he's a racing greyhound.

Senior Nurses Participate In Sanitarium Training

Six senior nurses are now receiving their three-week special training at the state tuberculosis sanitarium at Norton.

The three-week course is part of the senior graduation requirements. The students learn special training in tuberculosis nursing and in chest surgery.

The students are: Joyce Baynes, Long Island; Sharon Caldwell, Burr Oak; Sherry Fehrenbacher, Salina; Gaylene Howard, Smith Center; Kay Klink, Boulder, Colo., and Jerry Winkenson, Plainville.

Conducting the special training is Kathryn Klassen, director of nurses at the sanitarium.

The students will return to campus Jan. 25.

Debaters Attend Tourney During Semester Break

Semester break will provide an opportunity for two FHS debate teams to take part in the Pittsburg State College Debate Tournament to be held Jan. 24-25.

Experienced debaters Rex Gaskill, Dan McGovern, Jone Burris and Janie Weinholt will represent FHS in the tournament.

According to Jim Costigan, FHS debate coach, a large turnout of schools is expected at the two-day tournament with such powers as Northwestern of Chicago and the University of Minnesota present.

A number of Kansas colleges and universities are also expected to attend.

Mathematics Division Adds Four Courses, Changes Major Requirements in Field

The mathematics department has announced a change in the mathematics courses to be offered in the fall semester of 1963.

The department will add four new courses to its present program. Prof. Wilmont Toalson, associate professor of mathematics, said, "The new courses will enrich the offerings in mathematics for four separate groups of students; the freshmen, the prospective elementary teacher, the pre-engineering student, and the mathematics major."

Also a change has been made in the requirements for a major in mathematics. The new change will add a requirement of a minimum of 10-hours work in the physical or biological sciences to complete a major.

The new freshman course is "Freshman Mathematics" six. The course is five credit hours and is designed for the entering freshman who has a good background in mathematics but does not feel he is ready to start a course in analytic geometry and calculus. The course will offer an opportunity for the student to obtain a better background in mathematics with a minimum of high school courses.

Prospective elementary teacher's new course is "Concepts of Elementary Mathematics" no. 35. This course is three credit hours and will offer opportunities for teachers to improve their knowledge of the fundamental concepts of arithmetic.

"Statistics" 45 is the new course for the pre-engineering student. This course makes it possible for the pre-engineer to obtain a strong-

er background for his future work in an engineering school.

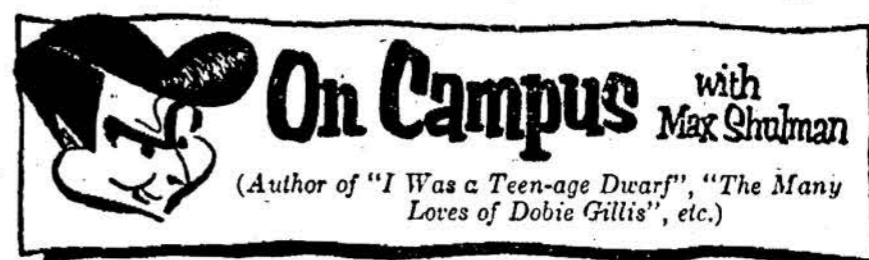

"Elementary Probability," 141, is a three hour course designed for the mathematics major. The theory of probability is basic for an understanding of statistics, game theory, linear programming, genetics, and other advanced courses. This course will be of interest to the prospective teacher as well as the professional mathematician.

With the new program comes

other changes in the department. Algebra 2 will meet five days per week but will only carry three hours credit. Freshman mathematics may be taken in place of college algebra and trigonometry as a prerequisite for analytic geometry and calculus.

Prof. Toalson said "If there are any questions about the new program, please contact me."

The new program will begin with the fall semester of 1963.

INFERIORITY CAN BE FUN

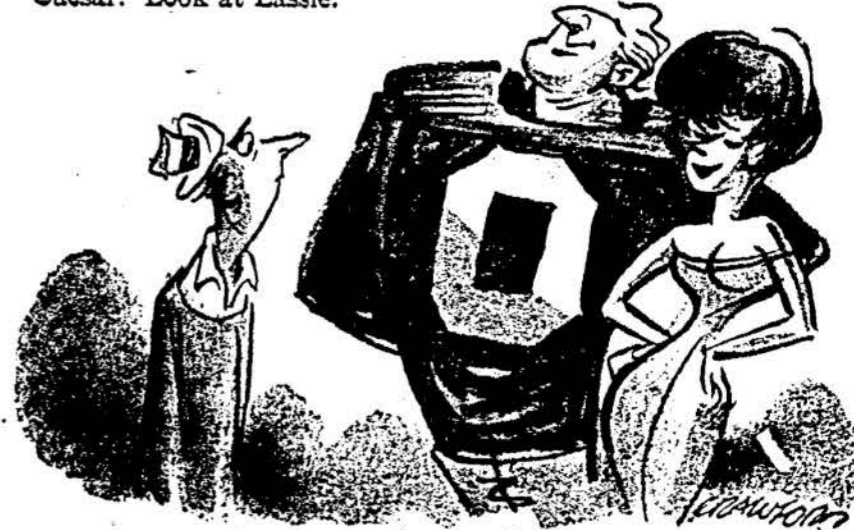

The second gravest problem confronting college students today is inferiority feelings. (The first gravest problem is of course, the recent outbreak of moulting among sorority house canaries.) Let us today look into the causes of inferiority feelings and their possible cures.

Psychologists divide inferiority feelings into three principal categories:

1. Physical inferiority.
2. Mental inferiority.
3. Financial inferiority.

(A few say there is also a fourth category: ichthyological inferiority—a feeling that other people have prettier fish—but I believe this is common only along the coasts and in the Great Lakes area.)

Let us start with the feeling of physical inferiority, perhaps the easiest to understand. Naturally we are inclined to feel inferior to the brawny football captain or the beautiful homecoming queen. But we should not. Look at all the people, neither brawny nor beautiful, who have made their marks in the world. Look at Napoleon. Look at Socrates. Look at Caesar. Look at Lassie.

We are inclined to feel inferior

What I mean is that you can't always tell what's inside a package by looking at the outside. (Sometimes, of course, you can. Take Marlboro Cigarettes, for example. Just one glance at that jolly red-and-white package—so bright and pert—so neat-but-not gaudy—so perfectly in place whether you are at a formal dinner or a beach picnic—so invariably correct for any time, clime, or condition—one look, I say, at this paragon of packs and you know it has to contain cigarettes of absolute perfection. And you are right! That pure white Marlboro filter, that fine, flavorful blend of Marlboro tobaccos, will give you a smoke to make the welkin ring, whatever that is. So those of you who have just been sitting and admiring your Marlboro packs since the beginning of the semester, why don't you open a pack and light one? Light a cigarette, I mean—not the package. Then you can settle back and smoke your Marlboro and, at the same time, continue to gaze rapturously at the pack. Thus you will be twice as happy as you are if that is possible.)

But I digress. Let us turn now to the second category—mental inferiority. A lot of people think they are dumber than other people. This is not so. It must be remembered that there are different kinds of intelligence. Take, for instance, the classic case of the Sigafos brothers, Claude and Sturbridge, students at Wake Forest. It was always assumed that Claude was the more intelligent just because he knew more than Sturbridge about the arts, the sciences, the social sciences, the humanities, and like that. Sturbridge, on the other hand, was ten times smarter than Claude when it came to tying granny knots. But no matter; everybody looked down on "Stupid Sturbridge," as they called him and looked up at "Clever Claude," as they called him. But who do you think turned out to be the smart one when their granny almost got loose and ran away? You guessed it—good old Stupid Sturbridge.

We arrive now at the final category, financial inferiority. One way to deal with this condition is to increase your income. You can, for example, become a fence. Or you can pose for a life class, if your college is well heated.

But a better way to handle financial inferiority is to accept it philosophically. Look on the bright side of poverty. True, others may have more money than you have, but look at all the things you have that they don't—debts, for instance, and hunger cramps.

And what about friendship? You don't need money to have friends, and let me tell you something, good people: the older you get the more you will realize that nothing is so precious as friendship, and the richest man in the world is the one with the most money.

Rich or poor, you can all afford the pleasure of Marlboro, available at popular prices in all 50 states of the Union.

Bowling Tourney Winners Continue in Action at KU

The Memorial Union's men's bowling tourney will continue on the Kansas University campus next month.

Scheduled to be held in the Student Union on the KU campus, the tourney includes participants from the Region Eight area. The top five winners of the FHS meet will attend the two-day meet Feb. 15-16 and return to Hays on Feb. 17.

ANOTHER LIVELY ONE — Jane Schnoebelen, Lewis, and Dick Wasson, Garden City, both juniors, 'live it up' at the lively Alpha Gamma Delta informal Friday night. This half-time skit exemplified the informal theme, "Television Commercials."

Ruth Lingle Visits SK Sorority House As Weekend Guest

Mrs. Ruth Lingle past national president of Sigma Kappa sorority, now national inspector, was a weekend guest at the local chapter recently.

Mrs. Lingle is from Tucson, Ariz., and came to Hays from Kansas City where she attended the rush convention of the sorority.

While visiting with Sigma Kappa she met chapter officers, members and pledges and had conferences with college administrators.

Later in the week social courtesies in her honor were planned by SK members.

Four A-Phi-O Members Attend Convention During Vacation

Some four members of Alpha Phi Omega, honorary service fraternity, attended an Alpha Phi Omega national convention at Kansas University, Dec. 27 and 28.

Those who attended from FHS were Harry Gross, Hays sophomore; Roger Rupp, Ellis sophomore; Jack Humburg, Hays freshman, and Jerry Patterson, Hill City sophomore.

H. Roe Bartle, Kansas City mayor and officers of the convention addressed the gathering.

Approximately 7,000 members from 47 foreign countries and from all 50 states attended.

New ideas on how to better serve the campus and the community were introduced throughout the convention.

It was reported that due to the convention various events will be planned for the coming semester by A Phi O.

Fur Out

By Karen Fleming
Leader Society Editor

What have we got piled atop our locks? Why, it looks like . . . Why it is — a shaggy head-hugger! It seems you can't cross the campus anymore without at least seeing one 'wig' hat.

In a prism of color, from pink to purple, these nifty little caps have taken the nation's campuses by storm. Or it could possibly be said that the storm has taken the campuses, leaving only one last resort . . . shaggy hats to set amidst and among the heads of coeds.

Coeds say that the hats are warm. They look it. Many say that they are soft. They look that too. And some say that they are sharp looking. That they don't look. That, they'll never look!

I'll also stand firmly on a keg of dynamite by saying, that they don't look very cool either. Not if analyzed in July, August or January.

My point, let it be affirmed that there is one, is not to crush the tender spirit of these shaggy hats. I think that this plan would tend to imply that my 'celly' brain was taking a turn for destruction. After all, how can heavy-duty acrylon, glued down with the contents from a can of hair spray be crushed?

Let it be noted that these tactics are hereby resolved: I will even refrain from making the slightest remark about headgear.

I have also put down any intentions I might have had on writing

a note of detrimental nature pleading for women of FHS to bind together and take up arms against the conspiracy brought upon up by the hat manufacturers.

Against all kinds of best judgment, this column will not be directed against coeds looking as if an ostrich were shot while flying overhead. It wouldn't be journalistically cricket.

Hitting a low note and speaking out in favor of abandoning

these 'high' hats, I hope that the fashion world will take hasty steps to reconsider this drainage on femininity.

Bonnets standing over one foot high should be restricted because they constitute immediate dangers to aircraft. Aviation hazards should be taken into consideration upon purchasing these matted monstrosities.

Just remember, fellow coeds, the hat you buy, may save a guy.

Gymnasts Top Colo. State U.

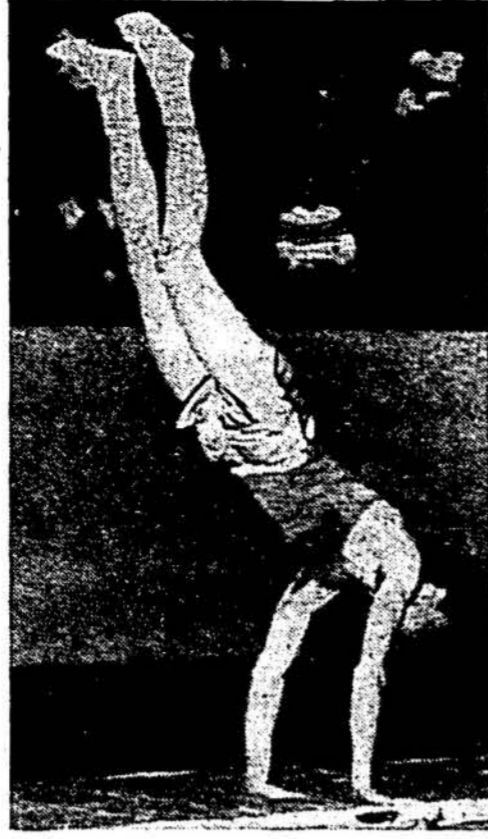

Fort Hays State gymnasts took top honors in a dual meet by defeating Colorado State University, 59-53, Friday afternoon at Sheridan Coliseum.

The score was deadlocked, 48-48, in the final event of the contest; outstanding performances by Johnnye Appleton, Wichita freshman, Alex Bieker, Hoxie sophomore, and Jim Mull, Kansas City freshman, produced the winning margin.

Mull and Appleton, the point producers for the Tigers, racked up two firsts apiece. Mull finished first in the high bar and the parallel bars, while Appleton walked away with top honors in free-exercise and tumbling.

Both Mull and Appleton are former state high school champions—Mull at Lawrence High School and Appleton at Wichita South.

Although several meets remain on the Tigers' schedule, this was the gymnasts' last home showing.

LAST CHANCE — A first-place finish by Johnny Appleton, Wichita freshman, in the final event of the gymnastics meet with Colorado State University, gave the Tigers a victory. The score was tied after six events.

Jayvees Split Last Two Games

With 12 of 13 cagers scoring, the Fort Hays State junior varsity downed Kansas Wesleyan jayvees, 92-60, in a game played at Salina Tuesday night.

Leading the Tiger attack were Darrell Ehrlich, Jetmore freshman, who tallied 15, and Rick Brown, Ellis sophomore, who had 14.

Don Givens, Phillipsburg freshman, also hit the double figure scoring with 12.

High for Kansas Wesleyan was Aaron Blair with 11.

Givens and Grover Bauer, Burdett sophomore, led the Tigers in rebounding with 10 and 9 caroms, respectively.

Against Emporia State's jayvees, the young Tigers fell, 63-43, Saturday night.

The Bengals were able to hit only 21.6 per cent of their shots from the field, while their opponents connected on 37.

Emporia's Wasps never trailed after jumping to an early 14-3 lead and the closest FHS ever came was 18-13.

Wright Beck, Shawnee-Mission freshman, led the Bengal squad with 14 points and was the only cager in double figures.

The jayvees go on the road for their next game when they meet Central of McPherson, Jan. 31.

Matmen Face Kearney Next; Suffer Defeat

Fort Hays State's wrestling squad meets Kearney (Neb.) State Friday, Feb. 1, for the second time this season, after losing to a powerful Kansas State University team, 25-3, at Sheridan Coliseum Friday night.

The Tigers will be out of action during semester examinations. In their first meeting with the Kearney Antelopes, the Bengal matmen swamped them, 28-8, winning eight of 10 matches.

Against K-State, the three lone points came on a 2-1 decision by Jim Tinkler, Russell junior, over the Wildcat's Jerry Metz in the heavyweight bout.

It was the first defeat for the Tigers, leaving them with a 3-1 dual record for the season.

- Results:
- 123—Arlen Keith, KS, decided Marvin Schultz, 4-2.
 - 130—Dave Unruh, KS, decided Don Keller, 3-2.
 - 137—Gus Garcia, KS, decided Biff Bellows, 4-0.
 - 147—Joey Seay, KS, pinned Vic Lyczak, 7:34.
 - 157—Richard DeMoss, KS, pinned Ernie Grospitch, 4:07.
 - 167—Alvin Bird, KS, decided Delbert Erickson, 7-2.
 - 177—Denton Smith, KS, decided Martin Landwehr, 2-1.
- Heavyweight—Jim Tinkler, FHS, decided Jerry Metz, 2-1.

Alley Oops Snare WRA Bowling Crown

The Alley Oops, captained by Marlene Thaete, won top honors among 42 teams which have been competing in WRA bowling leagues during the past three months.

Alley Oops won its league title and, on the basis of total pins, outscored the winners in six other leagues.

League winners and captains are: League I, Alley Oops, Marlene Thaete; II, Gung-ho Gamblers, Nancy Claar; III, Cute Curvers, Cheryl Koehler; IV, Gutter Gang, Judy Stutterheim; V, Sleepers, Elda Jean Tillberg; VI, Steady Sweepers, Sara Custer; and VII, Gancy Steppers, Sherry Selby.

The seven top interleague winners compiled by total pins are:

League	Total Pins
I, Alley Oops	5,558
V, Sleepers	5,528
III, Cute Curvers	5,418
IV, Gutter Gang	5,345
VII, Famous Framers	5,299
II, Pocket Players	5,289
IV, Kecklers	5,259

Student Positions Open On Union Committees

Positions on the various Union committees and Program Council will be open second semester. Some chairmanships will be changed and some will be appointed. Interested students should fill out applications in the Memorial Union Program Center.

Two To Attend CIC Meeting

Prof. Paul B. Gross, professor of physical education and director of athletics, and Prof. Wilmont Toalson, associate professor of mathematics, will go to Topeka Saturday for a special meeting of Central Intercollegiate Conference faculty representatives and athletic directors. The CIC members will be considering problems due to St. Benedict's dropping football from their athletic programs.

Bengals Notch Two Wins, One A CIC Tilt; Prep For Pittsburg State, Southwestern

After improving their record to 9-2, the Tiger basketball team takes a layoff during semester finals before meeting Pittsburg State Jan. 26 and Southwestern College of Winfield Jan. 28 on a five-day road trip.

The Tigers met and defeated both Pittsburg and Southwestern in the Campus Christmas Classic Tournament at Wichita earlier in the season, by the scores of 74-70 and 89-84, respectively.

In the first meeting between the Tigers and the Pittsburg Gorillas, FHS was able to hold their top scorer, Jerry Couch, a 6-0 junior guard, to only four points. But a well-rounded offense headed by David Holt, Jim Chroust and Bob Jenkins proved to be a constant threat.

The Gorillas, a young team, are built around three transfers, Couch, Del Locke and Holt, a returning letterman, Jenkins, and a freshman, Chroust.

Coach John Lance's charges have advanced from a darkhorse position for contention of the Central Intercollegiate Conference title to a strong contender.

Their season league record now stands at 2-0, having two victories over the University of Omaha.

Heading the Southwestern Moundbuilders' attack will be Don Turner, a 6-5 junior center. The smooth shooting letterman is currently averaging over 22 points per contest while hitting at a 55 per cent clip from the field.

Against the Tigers in the Campus Classic, Turner tallied 29 points, while hitting 57.1 per cent of his shots. He also led the Builders in rebounds with 13.

Also a threat is junior starter Gary West, who tallied 14 points

and 6-0 floorman Jim Harris, who collected 16 counters, 10 of them coming on free throws.

Last year Southwestern, coached by Bob Hower, had a 14-7 record. In the long 68-game history between the Builders and FHS, the Tigers have won 31, while losing 37.

In last weekend's CIC contest against Emporia State, Herb Stange set a record breaking pace to lead the Tigers to an 83-79 victory.

Stange poured in 38 points, 25 of them in the last half, to break the old mark set by himself and teammate John Channell last year. The record was 34 points.

Emporia gained the lead early in the game, leading by as much as 10 points, and held a 40-36 advantage at intermission.

They continued the fast pace in the opening minutes of the final period, but a layup by guard Sam McDowell and 11 straight points by Stange kept the Tigers within five points of the Hornets, 54-49.

Coach Cade Suran's charges steadily cut the gap to first tie the game at 65-all with 8:10 remaining, but were unable to gain the lead until almost four minutes later when they pulled ahead for keeps at 73-72.

The bucket came on a spectacular overhead shot by John Channell going away from the basket, following a feed by captain Tom McKain.

After a layup by Hays sophomore Jude Gerstner, the Bengals went into their ball control wagon wheel pattern with about three minutes to play. The final six points came on free throws with Stange netting four of the gift tosses.

Other Tigers, besides Stange,

scoring in doubles figures were Channell, who had 15 and McDowell, 12.

Jim Bodge, who received his first starting assignment at the guard position this year, had nine counters.

Leading the Hornet attack were Doug Glaysher and Larry Chanay, both with 16, and Captain Jon Fuquay, who had 15.

Channell was the top rebounder in the contest, which brought the top four rebounders in the conference, Emporia's Mike Bell and Fuquay and FHS's Stange and Channell, together.

Channell pulled down 16 caroms and Stange five, while Fuquay grabbed nine and Bell three.

With eleven men entering the scoring column, the Tigers recorded a road trip victory when they defeated Kansas Wesleyan, 75-54, at Salina Tuesday night.

Again leading the Bengals in scoring were Stange and Channell. The lanky forward-center finished with 21 points, while running mate Channell tallied 17.

The game was never in doubt as

the Tigers jumped to an early decisive lead and held a 36-21 half-time advantage. Reserves entered the fray after the first quarter and continued to hold the wide margin.

Providing the only scoring threat for the Coyotes was guard Ray Thome, who tallied 24 points. The smooth-playing cager was also the home team's rebounding leader, picking up 14 out of a squad total of 29.

Leading the Bengals on the boards was Merv Heitschmidt, who grabbed 14 rebounds. Channell and Stange both finished the contest with 12.

Tuesday night's contest brought the total team scoring for the season to 931 points, which averages 84.6 per game. Leading scorer after 11 contests is Stange, with 203 points, averaging 18.2 per game. Close behind with 198 for an even 18 points per game is Channell. Channell is the rebounding leader, having 12.5 per game.

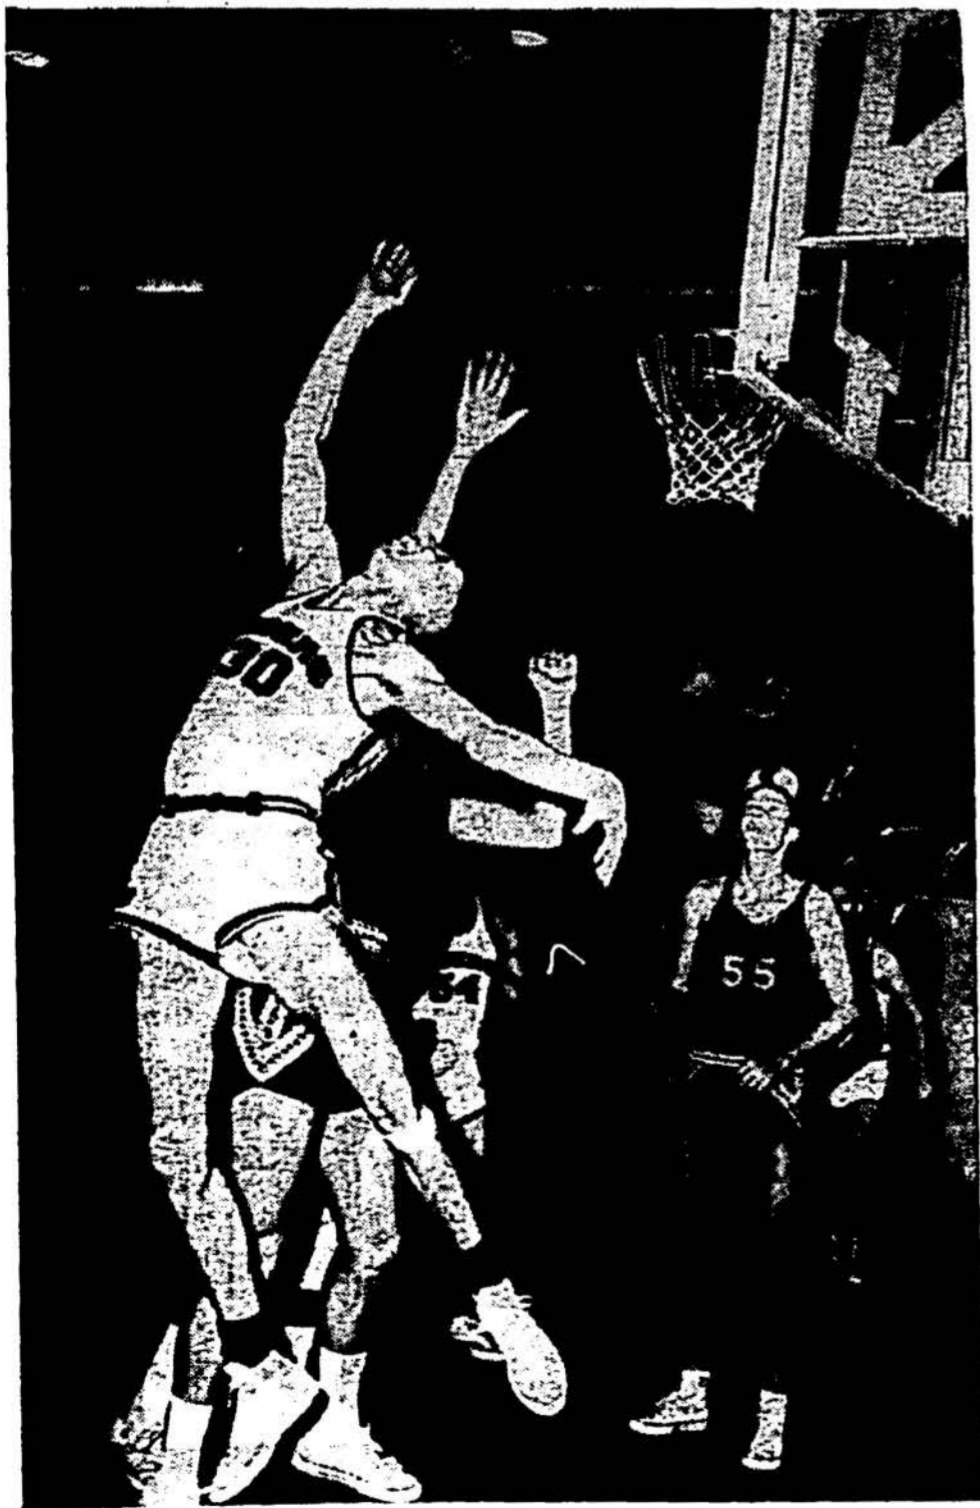

PART OF 38 — Herb Stange hits from the field on the way to setting a new school scoring record for a single game.

It Pays To Advertise In The State College Leader

You'll make the wisest choice no matter which Chevrolet you choose!

These four different cars are alike in one important way. Each is a product of Chevrolet Division of General Motors. So each will give you more performance, beauty, comfort and good news at trade-in. But each is tailored to a certain kind of buyer. Our big Chevrolet has the Jet-smooth ride, luxury and styling you'd

expect only in costly cars. Chevy II features parkable size, perky performance and outstanding fuel economy. Corvair gives you rear engine maneuverability and sports car flair. The new Corvette Sting Ray can best be described as dramatic. With a choice of 33 models, there's one Chevrolet that will suit you best.

BUT IT WORKED! — Big John Channell lofts the ball over his head for two points to give the Tigers their first lead in the game against Emporia State.
