1. **Approval of Minutes of Prior Meeting**
   1a. November 4, 2003 minutes (see Attachment A) and sign-in roster (See Attachment B)
      o November 4, 2003 minutes approved

2. **Announcements and Information Items (no action required)**
   2a. Information from the Kansas Board of Regents
      o Survey of faculty morale: The Regents have requested that all 7 institutions participate in a faculty morale survey. The results of these surveys will be shared with the Regents who have shown strong interest in this.
      o A number of instruments looked into, none of which seemed adequate or were somewhat expensive. The potential of creating an instrument was discussed. Any input regarding the development of it would be appreciated. The projected distribution of the survey is sometime in February.
      o Tuition waiver proposal: The FHSU tuition waiver proposal was analyzed by the Board of Regents. A report was compiled by the board and stated that of the 24 states analyzed, 23 had tuition waiver programs in place for faculty and/or staff. President Patrick noted that there were several various approaches adopted by various states. FHSU would like to offer tuition waivers to its employees, however there other Kansas universities that are undecided.

   2b. Report from the President’s Cabinet
      o FHSU is currently in the process of developing a student information systems program. The previously endorsed system, Sunguard, was deemed inadequate in respects to providing adequate functionality for FHSU. John Heinrichs is part of committee tasked with the development of a system that will meet the needs of FHSU. If any faculty member has suggestions towards the development of this system they are encouraged to share them with Dr. Heinrichs.
      o Virtual College adding courses. Currently, students can add virtual college courses in the first four weeks of the semester. The proposal is to move that back to two weeks. The rational for this change is the concept that on the average students who enroll in the later portion of the add period tend not to do well in that course. All comments from faculty are appreciated and can be shared with President Patrick.

   2c. SHARE online resource engine – Dennis King
      o Dennis King delivered a presentation on the SHARE online resource engine. It is a versatile electronic environment that presents faculty with an effective set of tools and functionality. These include:
        o Workshop infobytes, text resources, web resources, teaching and learning communities
        o Share site – outline search engine
        o Any faculty member can share resources found, etc.
        o Dennis encourages faculty participation. For more information, contact Dennis or log on to: [http://www.fhsu.edu/share](http://www.fhsu.edu/share)

   2d. University Forum – David Goodlett
      o A university wide forum will be held on Thursday, December 4th at 3:00 p.m. in the Black and Gold Ballroom of the Memorial Union. The theme of this forum is “What should the university be?” There will be a panel of six speakers who will present various items.
      o Each panelist will have one or more items of importance that they will share for discussion. This is done not to monopolize the issues, but rather provide focus for the
forum. All attending faculty members are encouraged to provide as much input as they want.

- The initial timetable for this forum was accelerated because President Hammond requested input from the faculty on this issue as soon as possible.
- There will be two follow-up forums preceding this event. The second forum will deal with the issues surrounding the size of the university.

   - Passed unanimously

   Resolution 104_011:
   The Fort Hays State University Senate requests that the Board of Regents approve a tuition waiver program for FHSU. It is believed that such a program would aid in the recruitment and retention of faculty, an issue of heightened importance at FHSU due to: 1) recent double digit growth in enrollment and the need to attract and retain quality faculty; and 2) other challenges faced in faculty recruitment and retention, including the remoteness of the university’s location and the relatively heavy teaching loads.
   - Passed unanimously

   Resolution 104_012:
   The Fort Hays State University Faculty Senate endorses the policy created by the Kansas Board of Regents in reference to the Wagle amendment (See Attachment D for policy.)
   - The Regents has requested that each university endorse a policy towards the presentation of sexually explicit material in class.
   - Provost Gould noted sentence missing in preamble. The Provost noted that this is probably not the end of this issue, but a good 1st step. Faculty input in this matter is important.

     - The size of the university and its growth
     - The use of Virtual College revenue
