NOTE: The classes which meet for 75 minutes on Tuesday and Thursday will meet for their final examination at the time of the full 50-minute period used by the class. That is, a class meeting at 9:35 to 10:50 will meet at the time for the 10:00 o'clock exam period on Tuesday, and a class meeting at 8:00 to 9:15 will meet for the examination at the time for the 8:00 exam period for Tuesday classes.

A final examination period has been established for the sake of uniformity in completing the work of respective courses.

All classes shall meet for at least one hour at the time indicated on the examination schedule for the final summing up of the work of the course. Whether this "final summing up" is a written examination or a discussion or other form of summarization is for the instructor to decide. But, whatever the form, it should be a most profitable period to the student and instructor for a final checking up of the course. Under no circumstance should this scheduled period be omitted, changed, or be made of no importance.

No student shall be permitted to take an examination before the scheduled time for the examination.

If a student arranges to take a final examination after the scheduled time, the faculty member shall file the examination in the Office of the Dean of the Faculty with complete instructions regarding the work to be completed and the administration and grading of the final examination.

A student who is unable to take the final examination at the scheduled time is required to pay a fee of \$3.00 for each examination to be taken. The \$3.00 fee shall be paid to the Business Office and the receipt showing payment must be presented, before taking the examination, to the person administering the examination.

Any student having more than three (3) examinations scheduled on the same day may make arrangements with the Dean of the Faculty to have an adjustment made in his examination schedule.

## Letter To The Editor

On May 13, Bob Davies, Fort Hays State freshman and driver of the car that took the life of Ronald Miller, will appear in court to be tried for negligent homicide.

Those who feel that any person who acts against the law should be punished are not being unreasonable. This being so, if Bob Davies was driving illegally, then he should be punished. If the verdict is "guilty", the punishment will be a fine.

But what is a fine? Is it a scolding for lawbreakers; a reminder to avoid breaking the law again? Bob Davies has the most harsh reminder possible— knowing that he is responsible for the death of one of his closest friends; his punishment is the most cruel—an overbearing pain that will bur-

den him throughout his life.

The parents of the late Ronald Miller have often voiced their deep concern for Bob Davies. Though grief-stricken by their loss, they accept the seemingly insufficient explanation that "it's just one of those things." They realize that the burden of such an experience

can crush and destroy a 19-yearold boy. They certainly would object to having that boy's nose rubbed in his misfortune.

Bob Davies has learned his lesson in a way more painful than any fine. Is humiliation by the law really necessary? The American code of law is a shining example of equality to all and consideration for all. Our laws are not constructed of rigid cast iron, but of something more like plastic. They are not constructed for, or intended to "kick a man when he's down."

# McConnell Seeks Football Prospects

Football coach Wayne McConnell urges any man on campus who is interested in playing football next fall and who has not been out previously to contact him as soon as possible.

"There are some boys in school who could play football for us, and I'd like to include them in our plans for next year," said McConnell, who has his office in Sheridan Coliseum, Room 207.

"Seems to Me that these teen-agers are coming to college a lot more opinionated than they used to be."

## HS Students To Take Steps At Becoming FHS Students

Several hundred high school students will take positive steps toward attending FHS next year when they come to campus Saturday to pre-enroll.

This will be the first of three such sessions; others are scheduled for June 15 and July 27. Prospective students will be presumed to have already taken the American College Tests and at this session will meet their advisers and enroll for classes for the fall semester.

The day's schedule calls for a general meeting of all enrollees at 8 a.m. in Sheridan Coliseum, followed by a short meeting with student leaders. Each enrollee will be assigned to one of a group of 35 student leaders who will act as campus guides and counselors during the enrollment process. Student

leaders for this session were chosen by fraternities and sororities as a service project during Greek Week, Monday through Saturday.

From 9 a.m. until noon the enrollees will counsel with faculty advisers, take reading, speech and hearing tests and enroll.

After lunch, Jean Stouffer, dean of women, and Richard Burnett, dean of men, will conduct a session in the Memorial Union Black and Gold Room. At 2 p.m. there will be an informal question and answer meeting and coke session in the Memorial Union, to conclude the day's activities.

#### Musicians Plan Concert Tonight

"We hope to please everyone's taste with a varied musical program," Don Stout said concerning the Choir concert at 8 p.m. tonight in Sheridan Coliseum.

Stout, associate professor of music, said the special interest of the program was the polychoral effects. The first two numbers, for double and triple chorus, will be a combination of the Concert Choir and Mary Maude Moore's Women's Glee Club. Later on in the program the Brass Choir, directed by Leland Bartholomew, will assist the Concert Choir in two more polychoral effect numbers. Stout feels the effect is more clearly shown here because one is choral and one musical, making it a dialogue between voices and instruments.

These two numbers will be accompanied by William D. Wilkins, FHS music instructor, on the organ.

Special guests this evening will be approximately 200 persons who are attending the Kansas Library Association convention here on campus.

The Choir is composed of 55 students with Jim Krentzel, Hudson junior, as their chairman, and Sue Nelson, Hays freshman, as secretary.

# Traditional High Finish In CIC Track On Line

Keeping in the top two positions they have almost always occupied since Alex Francis became track coach is the task facing the Tiger trackmen in the Central Intercollegiate Conference championships at Pittsburg Friday and Saturday.

The Bengals have never finished lower than third, doing that only in 1958, while winning the title three times and sharing it once.

Once again Emporia State is the favorite, although not as heavily as in the past four seasons. Pittsburg State is generally given the best chance to upset Emporia, who is going for its fifth straight championship.

Injuries are continuing to hamper the Bengals. Headliner Jon Day is the latest entry on the list, being bothered by a heel injury.

Lost for the meet is hurdler Charles Lundblade, who injured a leg in the dual meet with Wichita last week.

Gene Hayes, Larry Pickering and Deke Brinkman are all returning to action after bouts with in-

## Tigers Hope To Better 1962 Tennis Showing

The Tiger tennis squad leaves today for the CIC championship meet at Topeka Friday and Saturday, after splitting its last two dual meets of the season.

FHS upset Hutchinson Junior College, 5-4, at Hutch Friday and lost to Emporia State, 8-1, on the local courts Monday.

"The opponents we meet in the first round will be a big factor in how well we'll do," commented coach Malcolm Applegate on the CIC tourney. "Washburn, Emporia and Pittsburg have all beaten us in dual matches this season. We will have to play our best tennis of the season to finish ahead of any of these teams."

Lest year FHS and Pittsburg State tied for third place in the CIC. E-State finished first, followed by Washburn.

Against Hutch, the two teams split the six singles matches and FHS won two of the three doubles matches to grab the decision.

Pat McAtee, Hays sophomore, registered the only point for the Staters against Emporia when he won his number five singles match.

#### HOW TO SEE EUROPE FOR ONLY \$300 A DAY: NO. 3

When all of you go to Europe during your summer vacation. you will certainly want to visit Spain, where the tall corn grows,

The first thing you will notice upon entering Spain is the absence of sibilants. In Spain "s" is pronounced "th" and thereby hangs a tale. Until the reign of Philip IV-or Guy Fawkes, as he was sometimes called-Spaniards said "s" just like everybody else. Philip IV, however, lisped, and Spaniards, having an ingrained sense of propriety and not wishing to embarrass their monarch, decided that everybody should lisp. This did indeed put Philip IV very much at his ease, but in the end it turned out to be a very bad thing for Spain. It wrecked the sassafras industry-Spain's principal source of revenue-and reduced the nation to a second-class power.

As a result, Spaniards were all forced to turn to bull fighting in order to keep body and soul together. Today, wherever you go in Spain-in Madrid, in Barcelona, in Toledo, in Cleveland -you will see bulls being fought. For many years the bulls have sought to arbitrate this long-standing dispute, but the Spaniards, a proud people who use nothing but Castile soap, have rejected all overtures.

It is therefore necessary for me to explain bull fighting to anyone who is going to Spain. It is also necessary for me to say a few words about Marlboro Cigarettes because they pay me for writing this column, and they are inclined to pout if I ignore their product. In truth, it is no chore for me to sing the praises of Mariboro Cigarettes, for I am one who fairly swoons with delight when I come upon a cigarette which gives you the full, rich taste of good tobaccos plus the pure white Selectrate filter, and Marlboro is the only smoke I have found that fulfills both requirements. Oh, what a piece of work is Marlboro! The flavor reaches you without stint or diminution. You, even as I, will find these statements to be happily true when once you light a Mariboro. Mariboros come to you in soft pack or Flip-Top box, and are made only by the makers of Marlboro.

But I digress. Let us return to bull fighting. Bulls are by nature bellicose creatures who will keep fighting till the cows come home. Then they like to put on pipe and slippers and listen to the "Farm and Home Hour." However, the Spaniards will not allow the bulls any surcease. They keep attacking the bull and making veronicas-a corn meal pancake filled with ground meat. Bulls, being vegetarians, reject the veronicas and then, believe you me, the fur starts to fly!

To be perfectly honest, many Spaniards have grown weary of this incessant struggle and have left their homeland. Columbus, for example, took off in three little ships—the Patti, the Maxene, and the Laverne-and discovered Ohio. Magellan later discovered Columbus. Balboa also sailed to the New World, but he was silent on a peak in Darien, so it is difficult to know what he discovered.

Well sir, I guess that's all you need to know about Spain. So now, as the setting sun casts its rosy fingers over El Greco, let us take our reluctant leave of Spain-or Perfidious Albion, as it is jocularly called. Aloha, Spain or Perfidious Albion, aloha!

C 1963 Mas Raulman

Let us not, however, take our leave of smoking pleasure. Let us keep enjoying those fine Marlboro Cigarettes—rich, golden tobacco-pure white Selectrate filter-soft pack or Flip-Top box-available in all fifty States of the Union.
