This Minutes is brought to you for free and open access by the Archives Online at FHSU Scholars Repository. It has been accepted for inclusion in Faculty Senate by an authorized administrator of FHSU Scholars Repository.
The meeting was called to order at 3:35 p.m. by President Win Jordan.

1. Approval of Minutes of Prior Meeting
   1a. November 1, 2005 minutes were unanimously approved.

2. Announcements and Information Items (no action required)
   2a. Information from Kansas Board of Regents: President Jordan
      1. President Jordan distributed a summary of his information to the Faculty Senate. The
         following items were presented:
         a. The Board wants institutions to shift emphasis to more direct rather than indirect
            performance indicators.
         b. Stretch goals are encouraged by the Board. Primarily, these goals look for progress
            toward such goals, not necessarily accomplishing them.
         c. Senator Dorn asked for clarification of a “stretch goal.” President Jordan explained that
            “stretch goals” intends to make an institution or group to do more with less; in other
            words, one would reach for the goal and make progress toward it, yet not necessarily
            accomplish it.
      2. The Council of Faculty Senate Presidents discussed a series of topics, and President Jordan
         highlighted the following:
         a. KSU is instituting an honor system in the student website that mirrors the existing faculty
            handbook. For example, should a student fail a course due to cheating, an “XF” is
            placed on the transcript.
         b. KUMC has adopted its new 270-page handbook.
         c. A need to convert student and faculty IDs from SSNs by June.
         d. Some discussion on the need to use textbooks longer or use older editions to keep costs
            down for students.
         e. Suggested that when Regents visit the campus that the best teachers on campus need to
            meet with them.
   2b. Report from President’s Cabinet
      1. President Jordan provided a list of items discussed. But did not elaborate on them, asking
         senators to contact him for details.
         a. Revised policy statement on the consumption of alcoholic beverages on the FHSU
            campus.
         b. Final United Way update.
         c. Policy on the use of campus facilities.
         d. Revise statement on legal defense of state employees.
         e. Report on MLS concentrations.
         g. Review of guidelines on phased retirement program at Regents institutions.
