The Faculty Senate concurs with Governor Parkinson and the Kansas Board of Regents that higher education plays a vital role in the future education and economic growth in Kansas. The close economic relationship between the university, local businesses, faculty, staff and students will play a vital role in the economic recovery of this state. Therefore, the Faculty Senate would like for the Hays Area Chamber of Commerce to consider making an open expression of its support of Fort Hays State University and its willingness to communicate its support for the reversal of the downward economic support of state higher education to the members of the Kansas legislature and the Governor.
7. The Faculty Senate regular meeting adjourned at 3:50 PM.
