STATE COLLEGE LEADER

Volume LVII Fort Hays Kansas State College, Hays, Kansas, Thursday, July 23, 1964 No. 37

Parking To Cost \$5 This Fall; Revenue Will Finance New Lot

To raise revenue for construction of a campus parking lot, college parking permits will cost \$5 a year beginning this fall.

The State Board of Regents has approved the college's request to ask the legislature for funds to pay half the cost of constructing a new all-weather lot behind Malloy Hall and the new library—providing the college can pay the other half from parking permit revenue. Total cost of the 300-car lot is estimated at \$50,000.

Under the new fee plan, permits will be sold only on a yearly basis in the fall, with the first permit costing \$5 and a second, if needed, \$2.50. No semester permits will be sold in the fall and no rebates given to those who attend college only in the fall semester.

Spring semester enrollees can buy a one-semester permit for \$3 and summer students will pay \$1.

The new yearly fee is double the former cost of \$2.50, which has been paid on a \$1 per semester and 50 cents for summer session basis.

Faculty Assn. members will re-

ceive one courtesy permit, but must pay \$2.50 for a second permit.

Dean of Men Bill Jellison said a survey by his office indicates the higher fee is comparable to charges at other state colleges and universities. Jellison said he expects the new fee system to raise about \$7,000 a year, which means it will take at least three years for the college to raise its share of the funds for the new lot. About 1,300 permits were issued last year.

Approximately 750 parking spaces are now available on campus, with about 60 reserved for staff members, visitors and 15-minute parking.

Construction of the new lot will begin after work on Malloy Hall and the new library is completed.

Formerly, campus parking lots were financed from the general fund, with parking permit revenue paying for maintenance of lots and equipment and uniforms for the security force. Beginning this fall, permit revenue will finance new parking lots and the college maintenance fund will provide upkeep and equipment.

As before, students and faculty who operate cars in Hays will be required to register their vehicles—at no cost—during enrollment. Parking permits also can be purchased during enrollment. Permits not secured then can be purchased by obtaining permission from the deans of students office and paying the fee at the business office.

Students living in an area bounded by 12 Street on the north and Fort Street on the east are not eligible to secure parking permits. Also, freshmen living within the Hays city limits are not eligible.

Students who live outside the restricted zone, then move into a restricted area, must remove their permits from their vehicles immediately, Jellison said.

Students Can Sell Extra Reveilles Before Thursday

Persons who wish to sell back copies of the 1964 Reveille must take the books to the Reveille office in Martin Allen Hall before the end of the summer session.

220 To Receive Degrees at FHS

About 220 degree candidates will receive diplomas at the 61st annual summer commencement exercises at 8 p.m. Thursday in Lewis Field Stadium.

Approximately 150 bachelor's degrees, 70 master's degrees and four specialist in education degrees will be granted this summer.

Dr. John E. King, president of Kansas State Teachers College of Emporia, will deliver the commencement address, entitled "The Four Wishes."

King received his bachelor of arts degree at North Texas State College, his master of science degree from the University of Arkansas and his doctorate from Cornell University. He has been president-at Emporia since 1951.

Commencement exercises will climax several events honoring the graduates, including a President-Faculty Reception from 8 to 9 p.m. Friday in the Black and Gold Room of the Memorial Union, an all-graduate luncheon at 12:30 p.m. Thursday in the Black and Gold Room of the Memorial Union and baccalaureate services at 7:30 p.m. Sunday at Lewis Field Stadium.

Toastmaster for the luncheon will be Dan McGovern, Upland, Calif., vice-president of the senior class. Ronald Willis, Concordia, senior class president, will present the class gift and give the class greeting. The Rev. Bob Goodson will give the invocation.

Richard Burnett, executive assistant to the president, will preside over baccalaureate services. Speaker for the services will be the Rev. George Beebe, pastor of the First Methodist Church in Hays. His topic will be "Faith for Tomorrow."

The Rev. Keith Mitchell, pastor of the Church of Christ of Hays, will give the invocation. The summer Concert Choir, under the direction of Lloyd Herren, chairman of the division of music, will present a special number preceding Beebe's sermon.

Candidates for degrees will meet at 7:30 p.m. Sunday at the west side of the stadium prior to baccalaureate services and at 7:15 Thursday for commencement.

In case of bad weather, baccalaureate and commencement will be moved to Sheridan Coliseum.

The list of degree candidates appears on page three.

Family of 10 Makes Long Move to Hays For FHS Math Institute

Teachers from 17 states are enrolled in FHS's summer mathematics institute, but without a doubt, Chapman Wooten came the "farthest with the mostest."

Wooten is from Henderson, Nev., 1,150 miles from Hays.

With him in Hays are his wife...and eight children, ranging from 16 to two years of age.

Even with a large family, the Wootens don't consider their travel problems unlike those which others experience.

"We travel quite a bit," Wooten said. "My home is in North Carolina and we've driven there several times, so we know how to pack."

"In moving to Hays, we put as much as we could in our station wagon and a one-wheel trailer. When they were full, we simply stopped packing."

Deciding what the children would bring was no problem, either.

"My wife and oldest children do the packing," Wooten explained, "so the kids bring just what's packed for them."

The major concern in the family's summer move was finding a home. After considerable searching, a friend in Hays located a two-story,

five-bedroom home which formerly housed a fraternity.

"With housing arranged, we were set to move," said Mrs. Wooten.

Though they've missed their air-conditioning, the Wooten's house in Hays fills most of their needs and even has a piano which enables their oldest daughter, Carol, 16, to continue her lessons.

"Several of the other children are taking swimming lessons, so they've been busy, too," said Mrs. Wooten. "But, of course, they miss their friends back home. This has been their biggest adjustment."

Attending summer institutes is nothing new for Wooten, who teaches high school mathematics and vocal music in Henderson, which is 12 miles south of Las Vegas.

He has participated in two similar institutes in California.

"The first time I left my family at home," he explained. "But never again. It was a long, lonely summer. From now on, they go where I go."

The family consists of Carol, 16; Kathy, 14; Suzanne, 12; Michael, 11; Randy, 9; David, 7; Jimmy, 5; and Wayne, 2.

FROM NEVADA TO KANSAS — Members of the Chapman Wooten family who moved from Henderson, Nev., to Hays this summer so Wooten could attend FHS's mathematics institute are, from left,

Michael, 11; Mrs. Wooten; Carol, 16, holding Wayne, 2; Wooten holding Jimmy, 5; Kathy, 14 holding David, 7; Suzanne, 12; and Randy, 9.

Classes End Thursday; School Resumes Sept. 9

Final examinations will end the 1964 summer session Wednesday and Thursday.

Enrollment for the fall semester will begin Sept. 9 and will continue until Sept. 11. Classes will meet starting Sept. 14 at 7:30 a.m.

The summer final examination schedule appears on page two.

Library Hours Changed

Forsyth Library will be open the regular hours during the two-day examination period Wednesday and Thursday, but it will close at 6 p.m. Thursday.

August hours will be from 2 p.m. to 5 p.m. on Mondays, Wednesdays and Fridays.

U.S. Diplomats Learn From 'FHS' African Youth

By Sammie May

Fred Bongo, FHS's first African student, didn't speak a word of English when he arrived in this country two years ago.

But he still was able to play an important role in the U. S. State Department.

Bongo was hired to teach Lingala, his native Congolese tongue, to American ambassadors who were to be sent to the Congo.

And, at the same time, he began studying English at Georgetown University in Washington, D.C. He now speaks English fluently.

A student of political science international relations, Bongo is in this country on a scholarship from the State Department through the Institute of International Education.

Since French is the official language of the Republic of the Congo, and the Belgians formerly occupied the Congo, Bongo also speaks French and Flemish in addition to English, Lingala, and Kikongo, another Congolese language.

Learning another language was not a new experience for Bongo and neither was teaching a language. In the Congo, he taught sixth grade for awhile and later French, geography and algebra in a Lycee school, which corresponds roughly to our high school.

He also worked briefly in the government offices of his nation's capital, Leopoldville. When he returns to the Congo after getting

his master's degree, he intends to work for the government in the diplomatic field.

According to Bongo, Africanism—a mixture of capitalism, communism, and socialism—is the best form of government for his country. He feels that the basic weakness in the Congo is tribalism, or lack of unity and nationalism.

However, with the aid the government is now getting from the Belgians, Bongo believes that it will organize and unify itself before communism can take over.

Prior to coming to Fort Hays State for the current summer session, Bongo attended Bucknell University, Lewisburg, Pa., Michigan State University at East Lansing and Earlham College at Richmond, Ind. Whether he will remain at FHS depends upon his academic work and the decision of the State Department, but Bongo says he would definitely like to stay here until he graduates.

Pre-Enrollees Increase By 15.5 Per Cent

Pre-enrollment figures for fall of 1964 show a 15.5 per cent increase over last fall's freshman pre-enrollment.

During the six pre-enrollment sessions this summer, 869 enrollees—117 more than last summer—went through the pre-enrollment and orientation activities.

LITTLE MAN ON CAMPUS

"YOUR SON HERE TELLS ME YOU PEOPLE WERE SOMEWHAT FINANCIALLY INSTRUMENTAL IN HIS GETTING THRU COLLEGE."

Africans Tour Campus

Crop Controls Puzzle Kenyans

The need for U. S. government controls on production of crops such as wheat is hard for Kenyans to understand.

"With all the hungry people in the world, it seems America should find a market for its crops rather than reduce production," a livestock and crops specialist from the African nation pointed out during a visit to the FHS campus recently.

Several of the other Kenyan visitors voiced agreement on the point.

The 19 Kenyan government agricultural specialists have been in Kansas 2½ months under a program sponsored by Kansas State University and the Agricultural International Development Service. They will spend about 6½ more months visiting Kansas and

surrounding states to gather new farming ideas for their country.

An amiable and vocal group, the Kenyans have been quite impressed with their study of Kansas agriculture and their tours throughout the state. In a group interview, they said they were impressed with:

"Machine power doing all the work that man power does in Kenya."

"The number of college-educated farmers."

"The American farmer's ability to work like hell 16 hours a day."

"The expert guidance which farmers receive from experiment stations throughout the state."

During a month-long stay with farm families near Winfield and Coffeyville, the Kenyans said they were surprised to see the whole

family playing a part in the farm operation.

"Dad, mom and all the kids have their duties," one of the visitors pointed out. "Farming is really a family affair."

Livestock and crops in Kenya are similar to those in Kansas, with cattle, sheep, goats and poultry common farm animals and corn, maize, wheat and oats predominant crops.

"We also raise coffee and tea," said one specialist, "but we drink our tea hot—not cold like you so often do in this country."

In Kansas, the group has seen considerable grain feeding of cattle. However, in Kenya, grass is used to fatten cattle, since cool temperatures and adequate rain make grass abundant.

"One thing Kenya has which you don't is a perfect climate," one of the visitors said, explaining that temperature variations usually stay between 40 and 75 degrees. "I was certainly impressed with your hot weather—but not favorably," he added.

During their three-day visit to the Hays area, the foreign agricultural specialists visited the Fort Hays Experiment Station and heard a talk by Dr. Gerald Tomanek, Fort Hays State's expert on Western Kansas grasses.

Meals were provided at the college cafeteria, and this too left a favorable impression.

"It was really great to be able to take as much as we wanted and whatever we wanted," said one. "I'm for more cafeterias in Kenya."

Scanning The Campus

A two-week band symposium for school music directors opens Monday at FHS.

Lyle Dilley, assistant professor of music, is directing the two-week clinic which will continue through the High Plains Music Camp Aug. 2-8. Guest lecturers are Ronald Gregory, director of bands at Indiana University, and Charles Peters, supervisor of instrumental music at Joliet, Ill.

Seminar specialists are Buddy de Franco, one of the world's top clarinetists; James Winters, brass specialist; and Russell Howland, woodwind specialist.

Wichita Aug. 13-14. Palmer will conduct band sessions during the clinic, sponsored by Jenkins Music Co.

Several entertainers who have performed at the Finky Fish this summer will do a repeat performance at the coffee house's "grand finale" Friday night.

The program will include Steve Burr and Judi Vandergriff, folk singers, pianist Charlie Keefer, and a quartet of recorders. Bob Young will read poetry and act as master of ceremonies.

An advanced section of general psychology will be offered this fall for outstanding students.

Criterion for participation in the course is an ACT score of 85 or above.

Art projects which four Fort Hays State College graduate students created for their theses are being displayed this month in the Davis Hall lounge-gallery.

Harriet Becker of La Crosse will exhibit pastels; Frank Evans, Hays, oil paintings; Sally Meadows, Ellinwood, ceramic sculpture; and Omer Knoll, Hays, cast sculpture.

The show, which will continue through Wednesday, is a departmental requirement for graduate students.

A former Ellis resident, Alfred A. Wiesner, will be the speaker at Monday's faculty luncheon in the Memorial Union. He will talk on "Investment Bankers, Investors and Market Functions."

Wiesner attended FHS one year before completing his degree work at the University of Denver.

Harold Palmer, associate professor of music, will be one of three clinicians at the Band and Orchestra Music Reading Clinic in

Final Examination Schedule

WEDNESDAY AND THURSDAY, JULY 29 AND 30

7:30 classes will hold examination	Thursday, 7:30 to 9:20 a.m.
8:40 classes will hold examination	Thursday, 9:40 to 11:30 a.m.
9:50 classes will hold examination	Wednesday, 7:30 to 9:20 a.m.
11:00 classes will hold examination	Wednesday, 9:40 to 11:30 a.m.
1:00 classes will hold examination	Wednesday, 1:00 to 2:50 p.m.
2:10 classes will hold examination	Wednesday, 3:10 to 5:00 p.m.
3:20 classes will hold examination	Thursday, 1:00 to 2:50 p.m.

A final examination period has been established for the sake of uniformity in completing the work of respective courses.

No student is permitted to take an examination before the scheduled time for the examination. Any student having an acceptable excuse for not taking the final examination, may receive an "Incomplete" with the right to complete the work after the final examination period.

If a student arranges to take a final examination after the scheduled time and if the faculty member is to be off campus the following semester, he should file the examination in the Office of the Dean of the Faculty with complete instructions regarding the work to be completed and the administration and grading of the final examination.

A student who is unable to take the final examination at the scheduled time is required to pay a fee of \$3.00 for each examination to be taken. The \$3.00 fee shall be paid to the Business Office and the receipt showing payment must be presented, before taking the examination, to the person administering the examination.

State College Leader

The State College Leader is published weekly (Thursday) during the school year except during college holidays and examination periods, and bi-weekly during June and July. Published at Martin Allen Hall on the campus of Fort Hays Kansas State College, Hays, Kansas. Mail subscription price: \$7.50 per semester or \$15.00 per calendar year. Second-class postage paid at Hays, Kansas.

Sternberg Uncovers Ancient Fossils

Three new links with past ages have been recently discovered in Kansas.

The links, in the form of fossils, were discovered by George Sternberg, founder of the museum at FHS and its director for many years.

The newly acquired fossils are a small fish, the skull of a mosasaur, or marine reptile, and the incomplete skeleton and skull of a flying reptile. According to Myrl V. Walker, present director of museums, they are about 100 million years old. The fish specimen is especially interesting because many of the scales have been preserved.

Walker and students who work as apprentices in the museum lab, are preparing the discoveries for exhibit.

Fossilized specimens are still being found in the Smoky Hill Chalk, an area in Western Kansas including Gove, Logan and Scott Counties.

34 Students Earn 3.0 Grade Index

Straight A's were made by 34 students out of 732 who made the Dean's Honor Roll at FHS for the spring semester. Thirty-two athletes are included in the Honor Roll.

A list released by Dr. John Garwood, dean of the faculty, shows that 175 students achieved a 2.5 to 2.99 (A-) grade index and 523 made 2.0 to 2.49 (B to B plus).

Only undergraduate students carrying 10 or more hours are eligible for the Honor Roll.

Students with 3.0 averages are as follows:

- Marilynn Wilson, Great Bend; Betty Converse, Pawnee Rock; James Rock, Abilene; Wayne Blackburn, Ellis; Judith Rindt, Herington; Susan Boos, Sharon Doane, Judy Skinner, Sue Dolezal, Judith Shindler, all of Hays; Ima Heier, Gove; Sharon Horyna, Hans-ton; Janice Beckham, Inman; Kent Niles, Richfield; Judith Bauer, Burdett; Judith Babb, Larry Kershner, Larned; Jean Deboer, Prairie View; Leta Royer, Pretty Prairie; Barbara Thomas, Palco; Joe Rife, Louise Booth, La Crosse; Edmund Oborny, Helen Reha, Tim

ken; Craig Lehman, Gorham; Leota Anderson, Steven Lally, Luvena Lally, Russell; Roma Riner, Scott City; Diana Harvey, Haysville; Margaret Quiring, Smith Center; Jolene Donart, Johnson; Marilyn Walden, Winfield; and Annlae Andres, Hutchinson.

Nurses to Be Honored At Pinning Reception

A pinning ceremony for graduating nurses will take place at a lawn reception to be held immediately following commencement exercises Thursday.

The reception, to be held at the home of Leora Stroup, chairman of the division of nurse education, is for friends and families of the graduating nurses. The graduates should wear their white uniforms.

Including this summer's 12 graduates, the division has graduated 121 nurses over a period of 10 years.

The graduates are as follows: Carol Titus Bolinger, Hugoton; Eleanor Davidson Lopez, La Crosse; Vicki Lewis Ellis, Healy; Charlotte Brownlee Hagaman, Santata; Rita Hallibick, Dighton; Peggy Olds, Wilson; Carole Mullen Probasco, La Crosse; Judy Richardson Babb, Larned; Chloe Rockwell, Hays; Barbara Warner Vratil, Larned; Virginia Woods, Tribune; and Charlotte Mullenix Zielke, Wichita.

FOOTBALL IN JULY — NeVoy Hettenbach, head football coach at Chapman (center), discusses the belly offensive system at the coaches clinic held Friday and Saturday at FHS. Assisting in the on-the-field demonstration were Steve Worley (left) and Bill Ham, two of the six FHS football players helping with the clinic.

700 Young Musicians Expected For 17th High Plains Camp

Though summer school ends with commencement next Thursday, the campus won't be quiet for long.

Nearly 700 young musicians from 95 Kansas communities and seven other states will congregate here Aug. 2 for the start of the 17th annual High Plains Music Camp.

The campers will live in college residence halls and approved private homes near the campus and eat at the Memorial Union during the week-long event.

The week of intensive musical training under the watchful eyes of 41 directors and specialists will begin Aug. 2 with tryouts for the five camp bands. The following day the musicians will begin their rigorous daily schedule of band, choir, sectional and individual rehearsals.

Evening programs will feature several recitals, a talent night, dance and the big event of the week—a concert by the five bands Aug. 8 in Lewis Field Stadium.

Staff members for the camp, directed by Harold Palmer, associate professor of music, are: Clarence E. Sawhill, Los Angeles; Frank Elsass, Austin, Tex.; Charles S. Peters, Joliet, Ill.; Karl

Holvik, Cedar Falls, Iowa; Russell Howland and James Winter, Fresno, Calif.; Buddy de Franco, Thousands Oaks, Calif.; Ralph Rauch, Vinita, Okla.; William T. Gower, Hattiesburg, Miss.

Jim Van Duyn, Grand Junction, Colo.; Matt Betton, Manhattan; Olin Parker, Salina; Jeanne Augustine, Arlington; John Richards, Buhler; John Banman, Ellinwood; Marlin Billings, Hutchinson; Joe Buttram, Dighton; Don Corbett, Haven; Robert E. Craine, Haysville; Charles Lawson, Wichita; Wayne Snodgrass, Clay Center; Jerry Vance, Oberlin; LeRoy Esau, Hutchinson; Clyde Denton, Atwood; Sigmund Leiker, Haysville; Bill L. Wilson, Scott City; Dennis Bozarth, Oakley; Howard Harms, Dodge City.

Carl Schminke, Plainville; Don Dillon, Derby; and Lyle Dilley, Leland Bartholomew, James Maxwell, Sally Boone, Robert Brown, Bill Bolton, Edwin Moyers, Ken Folsom, J. B. Webster, Lloyd Herren, and Carol Henderson, all of Hays.

Members of the administrative staff, besides Palmer, are J. D. Norcross, Hutchinson; Paul Palmer, Overland Park; Lois Leiker, Haysville; Dee Sire, Ellinwood; and Diane Legg, Ethel Clow and Sharon Eilrich, all of Hays.

Haysville, a city near Wichita, has 66 enrollees, the largest in the camp. Other cities with 15 or more youths enrolled are Belleville, Haven, Hays, McPherson, Russell, Beloit, Dighton, Dodge City, Goodland, Hoxie, Pretty Prairie and Wichita.

Botanists To Study Relict Grasslands

The FHS botany department is planning an intensive study of vegetation during the month of August.

The studies will be conducted on plots established by the late Dr. Fred W. Albertson, a long-time professor of botany at FHS, over 30 years ago.

Several new projects will also be studied. One of the major new projects will be a study of relict grassland areas. These are areas that have been undisturbed in any way since the coming of the first settlers to Kansas.

Relict grasslands are becoming extremely scarce throughout the state, according to Dr. Gerald Tomanek, chairman of the biological sciences division at FHS. Persons knowing of such areas are requested by Dr. Tomanek to contact him or one of his assistants so that these areas can be noted for study.

Dr. Gary K. Hulett, assistant professor of botany, and Dr. Tomanek will direct the August research program. They will be joined in the project by graduate students Gerald Van Amburg, Hunter; Girija Roy, India; Ray Widiger, Bazine; Dale Kirkham, Valley Falls, and Al Smith, WaKeeney.

Record Crowd Attends Football Coaches Clinic

Fort Hays State College's fifth annual football coaching clinic attracted a record attendance of 177 Friday and Saturday.

The group, made up primarily of high school coaches who registered from nine states, also included school officials and others working in the field of athletics.

Represented in addition to Kansas were Nebraska, Colorado, Missouri, Oklahoma, California, Illinois, Arkansas and New Mexico.

Sponsored by the Fort Hays State athletic department, the clinic featured L. F. "Tow" Diehm, athletic trainer at the University of New Mexico, and 15 selected Kansas coaches. The affair is directed by Wayne J. McConnell, head football coach at FHS.

The Saturday morning session featured demonstrations at Lewis Field Stadium. It drew the largest turnout for an outdoor session in the five-year history of the gathering.

Graduates Give to NDL For Senior Class Gift

Donations of one dollar per member will be given the National Defense Loan Fund by the summer senior class at FHS.

This is the third consecutive year that summer graduates have presented a cash gift to the loan fund.

Tiger Grid Prospects Led By 15 Returning Lettermen

FHS football prospects "look good" for the coming season, according to head football coach Wayne J. McConnell.

"The offense should be much better at moving the ball this year since the team will consist primarily of returning juniors and seniors," McConnell says. "Barring injuries to key men, the Tiger offense should be solid."

Returning lettermen such as Dave Jones, Dodge City senior, and Jack Johnson, Kansas City senior, will spearhead Tiger hopes. Jones was All-CIC first team and all-district first team last year. Johnson won

honorable mention all-district honors and was voted the Tigers' "Best Back."

Other top returnees include Bob Johnson, Logan sophomore, who earned "Rookie of the Year" honors for his quarterbacking last fall; Clark Engle, Abilene senior, a second-team All-CIC tackle last season; and Max VanLanningham, Concordia junior, a second-team All-CIC defensive back.

The 1963 squad selected Jones for "Best Lineman" and "Most Inspirational Player" laurels. The 198-pound Navy veteran led the squad in tackles from his linebacker spot and should pace the defensive unit this season.

Approximately 15 lettermen and three provisional letter winners are expected this fall.

Paul Resler, a 215-pound former Oklahoma University guard, is tabbed as the best of the new men this coming season.

McConnell picks Washburn and Pittsburg to give defending champion Omaha University a race for first spot this season. The Tigers and Emporia State were placed behind those three by McConnell.

Only two weeks will be available from the first practice session Aug. 31 to the first game Sept. 12, when FHS meets Kearney State at Kearney, Neb.

Other games scheduled for the coming season: Sept. 19, Southwestern Oklahoma at Hays; Sept. 26, Colorado Western at Hays; Oct. 10, FHS at Central Missouri; Oct. 17, Washburn University at Hays; Oct. 24, FHS at Emporia; Oct. 31, FHS at Southern Colorado; Nov. 7, Pittsburg at Hays; Nov. 14, FHS at Omaha.

Central Missouri is the only new opponent on the 1964 schedule. The Mules replace Northwest Missouri, a Tiger foe for the past 14 seasons.

1,838 Enrolled for Summer Session

An approximate total of 1,838 students, including workshops and the regular session, enrolled at Fort Hays State this summer.

Workshops accounted for 528 students, with 204 in the first session, 176 in the second, and 133 in the last.

Thirty per cent of the total summer enrollment is graduate students, and the senior class ranks next with 26 per cent.

The break-down of classes is: freshmen, 115 women and 48 men; sophomores, 99 women and 57 men; juniors, 175 women and 102 men; seniors, 309 women and 176 men; graduate students, 267 women and 280 men; post-graduates, 96 women and 57 men; unclassified, 28 women and 11 men; non-credit students, 14 women and 4 men.

The total does not include students who enrolled late for the last session of workshops.
