STATE COLLEGE LEADER

VOLUME LIX

FORT HAYS KANSAS STATE COLLEGE, HAYS, KANSAS 67601 THURSDAY, MAY 19, 1966

NUMBER THIRTY-TWO

LEADER LASS OF THE YEAR — Betty Haas, Ness City freshman, was voted "Leader Lass of the Year" in an all-student vote Monday. She was the choice over seven other coeds who had earned monthly Leader Lass honors. Miss Haas was May's Leader Lass.

Housing Code Defined

(Last in a series on off-campus housing rule changes.)

The new housing code announced in last week's Leader was discussed further by housing director Ed Johnson in a press conference last Thursday.

"These rules are best adapted to our needs at FHS," he said. A uniform code for all state colleges and universities has been considered by state college and university housing directors, but Johnson noted that the situation at FHS naturally differs from those at Kansas University or Kansas State.

"The new housing code has been established mainly because the students themselves wish to have rules to live by," he said, "and because the courts have thrown the responsibility of the general welfare of the students to the college."

Enforcement of the rules—in the past made mainly for safety—is carried out by inspection of the housing units. "We reserve the right to visit student apartments by law," Johnson said, "and we therefore do not need the student's permission."

He noted that his office inspects student's homes "in order to grade apartments for health, safety and respectability, but if there are suspected cases of narcotics or prostitution or similar major problems, court orders may be obtained to search the apartment of a refusing student."

He added, however, that the inspectors try to come when the students are at home and students

can refuse to admit them unless major problems exist.

Landlords have the right to enter the apartment at any time if they have a reason but they don't have permission to search personal belongings, Johnson noted.

In regard to the first rule concerning discrimination, Johnson said, "offenders could be reported to the state." He also noted that every householder has the right to refuse occupants with justification, "but race, religion or creed are not justified reasons."

Johnson cited police records of a student, or his known bad personal record as examples of reasons for homeowners to refuse housing, regardless of race, religion or creed.

All rules formulated by the college are coherent with state laws. "After registration all students must accept the rules," Johnson said. "The rules will not stop any

trouble we may have but they may help and the reputation of the college is at stake."

Ed Johnson

The rules do not apply to students who live with their parents. However, women who live at home must obey the AWS rules.

Johnson implied that parents of coeds living at home are responsible in seeing to it that their daughters abide by AWS hours and administrative regulations. (Copies of AWS's rules can be obtained in the dean of students' office.)

Dr. Ley To Speak

Convocation Set Friday For Outstanding Scholars

The annual All-Student Honors Convocation will begin at 9:45 a.m. Friday in Sheridan Coliseum to recognize students who have accumulated a 2.50 overall grade point average.

A total of 132 students will hear one of the world's foremost authorities on rockets and space travel, Dr. Willy Ley, who was Dr. Werner Von Braun's first tutor in rocket research.

The convocation is sponsored jointly by Phi Kappa Phi, honorary society for students who have achieved high scholarship ranking in all fields, and the college honors program committee.

Also addressing the students will be President M. C. Cunningham, who will speak on "The Value of Scholarship."

Dr. Ley will also speak to science and honors students at informal discussion sessions. The schedule for these discussions is: 11:30 a.m. - 12:20 p.m. — Informal discussion with physical

science students in Albertson Hall.

1:30-2:20 p.m. — Informal discussion with biological science students in Albertson Hall.

3:30-5 p.m. — Informal discussion with honors students, "The Universe Around Us."

Dr. John Garwood, dean of the faculty, will present the honors students and Student Body President Jo Anne Murphy, Russell sophomore, will preside.

Dr. Ley was one of the founders of the Society for Space Travel (later called the German Rocket Society) in 1927 and helped build liquid fuel for rockets. He introduced Dr. Von Braun to the organization and authored a book, "The Exploration of Mars," with him.

Dr. Willie Ley
... rocket expert

Classes Changed

Because of the honors convocation, Friday morning's class periods will be changed. The schedule of class periods will be as follows: 7:30-8:05 — First period 8:15-8:50 — Second period 9:00-9:35 — Third period 9:45-10:45 — Assembly 10:50-11:25 — Fourth period 11:30-12:20 — Fifth period

Two Grants Approved . . .

Aid to Students Affected

By Louise Symon
Leader Reporter

Significant changes in the FHS student aids program, resulting from the approval of two federal grants totaling over \$212,000, have been announced by the student aids office.

Ethel Artman

FHS received a grant of \$162,916 under the Economic Opportunity Act of 1964 and another grant of \$49,100 under the Higher Education Act of 1965.

Both grants are provided to enable exceptionally needy students

to attend college during the student aids office's 1967 fiscal year. The students are paid from July 1, 1966 to June 30, 1967.

The EOA grant will be used in the work-study program, in which students who qualify will be paid \$1.25 per hour, but will be limited to 15 hours of work per week.

Students applying for employment under this act are selected according to family size and income. The Economic Opportunity Act requires that preference be given to jobs, either on or off campus, which are coordinated with community projects.

Employers now pay 10 per cent of the wages, with the government paying 90 per cent. In September, 1966, salaries will be paid on a 25 to 75 per cent basis.

Prospective employers may discuss possible work-study projects with John Tomlinson, assistant professor of political science, ac-

cording to Miss Ethel Artman, executive secretary of student aids. They may contact Mrs. Betty Markak in the student aids office, Picken 206, concerning student personnel for these projects.

The Higher Education Act grant will be used as individual grants in connection with a "package" aid program for unusually needy students. It will permit a student to have a college loan and a part-time campus job and receive an additional grant from federal funds—all for the same academic year.

FHS must match the government grant for each student by providing an equal amount of money in a loan, scholarship or through the regular college employment program.

To qualify for a grant, a student must prove his financial need. The scale for low-income families

To Be Drafted or Not - The Ultimate Test Question

By Duane Kraft
Leader Reporter

To be drafted or not to be drafted was not one of the 150 questions on Saturday's Selective Service Qualification Test, but 185 high school and college students were aware of test's draft deferment significance.

The second of four tests will be given Saturday by the FHS Testing Service. Only 10 students have applied to take Saturday's test.

Draft boards in the area plan

to use the tests to help evaluate those students requesting (2-S) school deferments. Other factors such as number of hours taken plus cumulative grade average will be considered in re-evaluation.

Students interviewed after the first test differed in opinion. Some said it was hard, others thought it was easy but most agreed that the average college student should be able to pass the test.

"I was surprised at how hard the test was," Steve Larson, Concordia junior, said.

He said that about 40 per cent of the test was composed of math.

Larry Divel, Jewell freshman, said, "Overall, the test wasn't too hard—for me, vocabulary was the hardest part of the test."

Most agreed that graphs and math questions were dominant but that most of the math could be reasoned out.

"With any high school algebra and geometry background the math was easy," Bob Dutcher, Hugoton junior, said. He compared the test to the ACT test. Dutcher also thought some of the questions were ambiguous.

Some students interviewed sug-

gested that students wanting draft deferments would be wise to check their draft boards for guidance.

"The main reason I took the test was because my draft board said they would use the results plus hours taken and cumulative grade average," Larson said.

He said that Cloud County is having difficulty filling draft quotas due to manpower shortage.

"The test was composed of about 18 vocabulary questions and at least 50 math questions," Bob Abraham said. The Jewell freshman said that anyone with a 1.00 average should be able to pass the test

easily. He said that he took the test as "extra insurance."

Of those interviewed, freshmen found the test most difficult, while upperclassmen thought the test was relatively easy. All agreed that parts of the test were difficult, most citing the vocabulary part as most difficult.

After Saturday's test only two remain—one June 3 and the other June 24.

Applications for the June 24 test must be postmarked no later than June 1. Necessary forms and information can be obtained from any Selective Service Office.

600 Degree Candidates Await Commencement

Approximately 600 candidates are slated to receive degrees at the annual Commencement May 31 at Fort Hays State.

The list represents an increase of more than 15 per cent over last year's total, with the greatest jump in graduate degrees. More than 100 are expected to complete work for master's degrees this year, compared with 33 last May.

Dr. Robert P. Foster, president of Northwest Missouri State College, Maryville, will give the Commencement address. The Rev. Warren W. Schmidt, pastor, Messiah Lutheran Church, Hays, will deliver the baccalaureate sermon May 29. Both events are scheduled for Lewis Field Stadium, weather permitting.

A breakdown of degree candidates by counties and towns released by the registrar's office May 14:

BARBER — Isabel: Danny M. Westphal, A.B., history; Lake City: Katharine A. De-Geer, B.S., home economics; Medicine Lodge: Mary Lou Elsen, A.B., speech.

BARTON — Claflin: Darlene F. McNeill, B.S., math.

ELLINWOOD — Denis G. Hammer, B.S., education; David M. Koelsch, B.S., physical education; Carol J. Wilson, B.S., general science.

GREAT BEND — Carolyn S. Breeden, B.S., home economics; Ronald F. Campbell, B.S., physical education; Diana K. Carmichael, A.B., history; James A. Denson, B.S., industrial arts; Donald B. Gordon, B.S., art; Larry F. Gustin, B.S., business; Donald R. Haberman, B.S., industrial arts; Robert C. Hertel, B.S., industrial arts; David D. Marmie, B.S., business; Joseph A. Murphy, B.S., business; Mary R. Platt, A.B., sociology; Marilyn J. Wilson, B.S., mathematics.

HOISINGTON — Estella H. Easterly, M.A., English; James S. Sierenthaier, M.S., education; Mary Capps, B.S., physical education; Kayleen A. Kerr, B.S., education; John D. Martin, B.S., art; M. Jane Weigel, A.B., English.

PAWNEE ROCK — Rosetta Faye Steffen, M.A., mathematics; Donald N. Lakin, B.S., industrial arts; Eileen J. Unruh, B.S., art.

BROWN — Hiawatha: Lawrence D. Scarbrough, M.S., education.

BUTLER — El Dorado: Robert K. Hamilton, B.S., business.

CHESTER — Weir: Ida B. Morris, M.S., education.

CHEYENNE — St. Francis: Karen M. Zimelman, M.A., English; Donald E. Keller, B.S., industrial arts; Ronnie D. Porter, A.B., English.

CLARK — Ashland: Helen M. Miles, B.S., physical education; Barbara E. Strouse, A.B., psychology; Barbara McKinley Hoffman, B.S., education.

ENGLEWOOD — Jerry A. Walker, M.S., zoology; Sharon K. Walker, A.B., English.

MINNEOLA — Donald R. Glaze, B.S., mathematics.

CLOUD — Clyde: Gordon G. Mauch, B.S., botany; Lowell R. Smith, B.S., mathematics.

CONCORDIA — Ronald R. Willis, M.S., psychology; C. Robert Allmon, B.S., physical education; Barbara J. Baker, A.B., psychology; Arnold L. Barleen, B.S., business; Paul L. Monty, A.B., political science.

GLASCO — William F. Brownell, B.S., geology.

JAMESTOWN — Armin E. Ruud, B.S., business.

ROMANACHE — Coldwater: Ramona J. Bardot, A.B., speech.

PROTECTION — Harold M. Edmondson, B.S., agriculture; Warren A. Herd, B.S., agriculture; Jack A. Loesch, A.B., sociology.

DECATUR — Oberlin: Carolyn K. Todd, B.S., education; Roy E. Unger, B.S., agriculture; Betty M. Hillman, B.S., education.

DICKINSON — Abilene: Maribeth Engle, A.B., art.

CARLTON — Lynn L. Barten, B.S., agriculture.

HERINGTON — Rosalie A. LaRue, B.S., biology.

SOLOMON — William J. Breer, B.S., industrial arts.

DONIPHAN — Elwood: Alfred J. Cochran, B.S., business; Don A. Cochran, B.S., business.

EDWARDS — Belpre: Wayne L. Mead, B.S., biology.

KINSEY — Charles R. Coover, M.S., education; Lyle D. Katz, B.S., agriculture; J. V. Morgan, B.S., mathematics.

LEWIS — Marlin J. Butler, B.S., business.

ELLIS — Ellis: James L. Aust, B.S., business; Jack S. Campbell, B.S., industrial arts; Douglas A. Engel, B.S., mathematics; Nancy Bray Peterson, A.B., speech; Joyce I. Stranathan, B.S., education; Jerry L. Younger, B.S., mathematics.

HAYS — Virginia K. Hogsett, M.A., English; Marie E. Dwyer, M.S., art; Ronald L. Horinek, M.S., chemistry; Albert J. Newton, M.S., psychology; Frances L. Albright, A.B., history; John H. Bandel, B.S., industrial arts; Marvin K. Bastin, B.S., business; Harry L. Becker, B.S., business; Norman G. Belfort, B.S., business; Mary K. Beggs, A.B., English; Joyce A. Branson, B.S., education; Gary J. Brewer, A.B., chemistry, political science.

JOHN H. BRIERY — B.S., mathematics; Darrell F. Brunsgrat, B.S., business; M. R. Burgardt, B.S., industrial arts; Arden W. Butler, B.S., physical education; Cheryl A. Cain, A.B., political science, sociology; Lloyd D. Chick, B.S., business; Conrad J. Chludsky, B.S., art; Karol M. Churchhill, B.S., education; James D. Coulson, B.S., agriculture; Paul E. Crider, Jr., A.B., political science; Rex E. Davis, B.S., physics, mathematics.

GARY L. DEAN — B.S., business; Donald W. Dodson, B.S., business; Sue Nelson Dolzal, B.M., music education; Merle D. Dwyer, B.S., business; Patricia C. Fellers, A.B., English; Larry D. Fenwick, B.S., business; Judith A. Folson, B.S., general science; James E. Ford, B.S., business; John A. Francis, B.S., physical education; Ronald J. Greenwood, B.S., agriculture; Jim L. Hays, B.S., business; Jolene L. Hamel, B.S., education.

CLIFFORD — H. Harkness, B.S., business; William D. Hart, B.S., business; Ima L. Hoyer, B.S., mathematics; Ernest E. Hoyer, B.S., industrial arts; Ronald E. Hemp, B.S., education; Gary J. Henderhot, B.S., biology; Janice L. Higgins, B.S., education; Gary J. Hubbard, B.S., business; Andrew B. Johnson, A.B., political science; Judy L. Johnson, A.B., English; Elizabeth J. Kaapar, A.B.,

speech; Clarence J. Katz, B.S., physical education.

GEORGE M. KAY — A.B., economics; Lona D. Korf, B.S., biology; Cheryl A. Lahar, B.S., education; Stephen B. Lamb, A.B., psychology; Georgia E. Larson, B.S., education; James H. Leas, B.S., physical education; Robert J. Leiter, B.S., business; Rosella Linenberger, B.M., music education; Francis D. Lippert, B.S., business; Carol R. Lockard, B.S., education; James A. Long, B.M., music; Roger H. Mayhew, B.S., biology; Michael M. McCarthy, B.S., education; Betty L. McGregor, A.B., history.

BERNIE MERMIS — A.B., psychology; Jeanette M. Meyer, A.B., German; Melba Scherck Millard, B.S., business; Judy E. Miller, A.B., Spanish; Frances J. Morgan, B.S., education; Melvin M. Murphy, B.S., industrial arts; James H. Neely, Jr., A.B., history; Janet D. Nelson, B.M., music; Roger H. Pentling, B.S., business; Rodney L. Pekarek, A.B., political science; Cynthia S. Pfannenstiel, A.B., English.

WILLIAM J. PFANNENSTIEL — A.B., political science; Claudia A. Pratt, A.B., French; Robert R. Pruter, B.S., industrial arts; Clara B. Ransom, A.B., psychology; Robert J. Ransom, B.S., business; Gerald D. Reinhardt, B.S., business; Margaret Rideway, B.S., education; Arthur R. Riedel, B.S., business; R. Blaine Roberts, A.B., economics; Teodoro N. Robles, B.S., business; Carolyn S. Rosebaugh, B.S., education; Carol A. Rupp, B.S., education.

JOHN C. SANDER — A.B., psychology; Willard Schlepp, B.S., business; Richard W. Scott, A.B., speech; Gail L. Simmonds, B.S., mathematics; Mary F. Sinclair, A.B., art; Marsha F. Smith, B.S., home economics; Kay A. Solomon, A.B., German; Patricia Spomer, B.S., education, speech; Donald V. Staab, B.S., business; Bruce L. Staven, A.B., music; Ralph Stecklein, B.S., business; Joyce Y. Stout, A.B., English; Beverly J. Strouse, A.B., English.

LOYAL C. TEMPLE — B.S., business; Susan K. Tomrle, B.S., education; Ralph H. Tynary, Jr., B.S., agriculture; Margaret E. Vine, B.S., education; David Wagner Jr., B.S., physical education; Lucida A. Walters, B.S., education; Penny A. Warren, B.S., business; Jay C. Weber, A.B., economics; Richard J. Weber, A.B., psychology; Thomas A. Wilkerson, B.S., mathematics; Oren M. Windholz, B.S., business; Steve D. Worley, B.S., industrial arts; Patricia Jo Manning Wright, B.S., education; Eldon K. Zimelman, B.S., industrial arts.

VICTORIA — Enola VonLinte, M.S., art; Kenneth F. Dreiling, B.S., industrial arts; Arnetta Joy Russell, B.S., education; Connie Schmidtberger, A.B., Spanish.

ELLSWORTH — Ellsworth: James L. Parks, M.S., education; Jack F. Loston, A.B., sociology; Ivan Katzenmeier, A.B., psychology.

HOLYROOD — Bruce H. Siemsen, M.S., education; Robert J. Brejcha, B.S., agriculture.

WILSON — Dale Clausen, B.S., industrial arts; Ronald N. Whitmer, B.S., chemistry.

FINNEY — Garden City: Darlene L. Bauer, B.S., education; Harry Ebaugh, B.S., business; Wilfred C. Johnson, B.S., industrial arts; Duane T. McCarthy, B.S., education; Terry L. Rhodes, B.S., business; Sara A. Smith, A.B., English; David F. Walsh, B.S., zoology.

Bunselmeyer Earns Physics Prize Fund

A Hudson sophomore, Keith Bunselmeyer, has earned the 1966 HAZ Prize Fund Award as the outstanding sophomore physics student.

The award, named for Dr. H. A. Zinszer, was presented at a banquet recently. Dr. Zinszer, FHS professor emeritus of physics, donates funds for the prize.

The banquet was sponsored by Sigma Pi Sigma, national physics honorary society. New members and new associates of the society also were honored at the banquet.

Congratulations Seniors

In Weekend Sale

Library Selling Surplus Books

By Becky Bodenhamer
Leader Reporter

Going, going, gone—One book for a quarter or three books for fifty cents!

Friday and Saturday the FHS library will sell supplementary reading books in the reference

room starting at 8 a.m. and continuing until 10 p.m.

March Campbell, head librarian, says the project was established to evaluate Forsyth Library collections and to "weed out some of the unnecessary reading material before we move into our new

building next winter."

Although FHS considers the books as surplus material, they would make worthwhile additions to any home library.

Books offered for sale include history, economics and literature books, story books for elementary age groups used in the Summer Laboratory School and directed teaching and student teaching textbooks that are now provided by the schools.

"Some of the older books are kept as sample copies for historical purposes. And some of the books are just in poor physical condition, but are recent editions," Campbell explained.

"Not even one-tenth of the price we pay to replace the collection is received from the book sale, but it does help," said Campbell. "The price of books today is terrific," he added. The average price for a book in 1957 was \$5.29. In 1965, the figure had risen to \$7.65.

This is the second year for the library book sale. Last year over 2,800 volumes were sold. A profit of \$183.00 was received which went into the new book fund in the library.

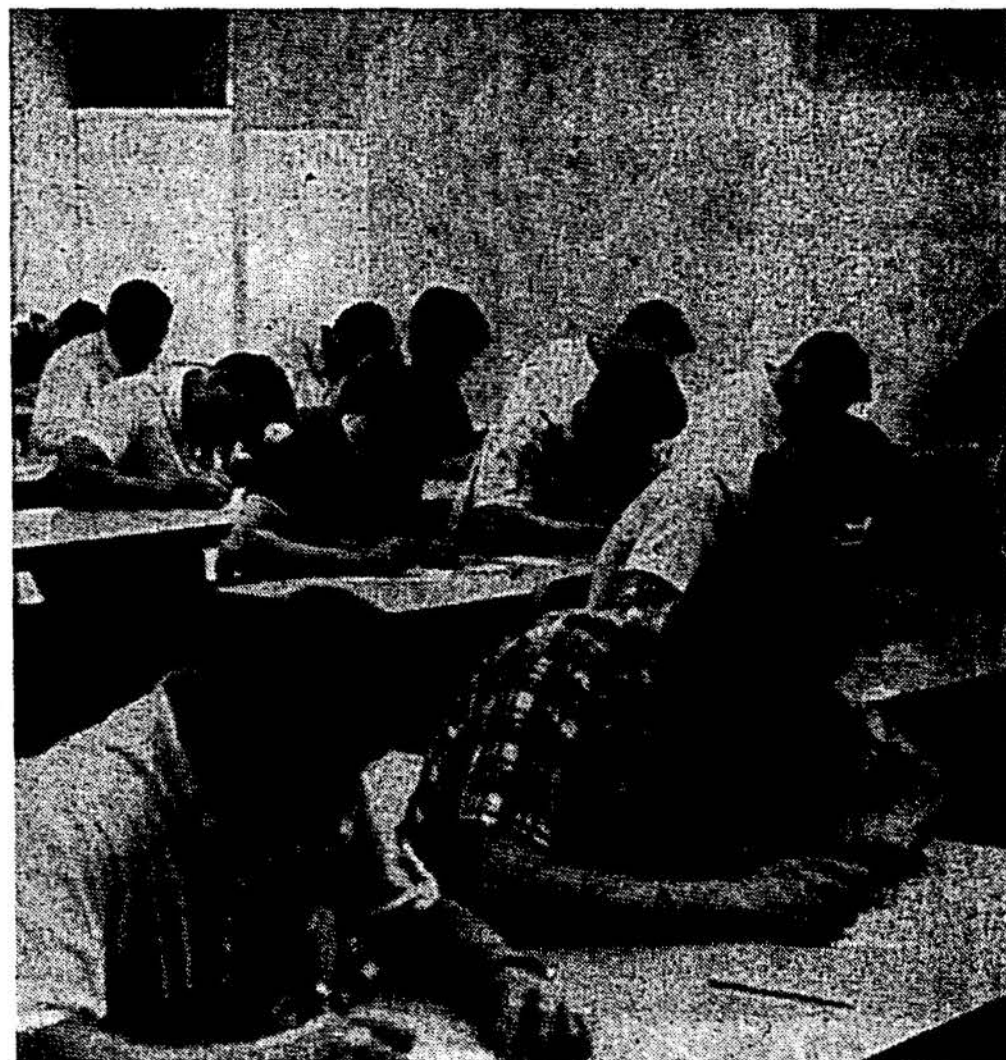

Faculty members are asked to come in and "weed out" the books they consider outdated in their divisions. After they have done that, the books are ready to sell.

Friday, the books will be sold for 25 cents each or three for 50 cents. On Saturday the prices will be lowered to 10 cents per book, or three for a quarter.

Rice Replaces Toalson As Institute Director

Dr. Jimmy Rice, professor of mathematics at FHS, has been named to replace Wilmont Toalson as director of the FHS summer institute in mathematics.

Toalson, also a mathematics professor, will be in India part of this summer teaching at an institute sponsored by the U.S. Agency for International Development (AID).

TESTING, HUP, TWO, THREE, FOUR — The first of four Selective Service Qualification tests was given to approximately 180 students Saturday on campus. The second test at FHS is slated for this Saturday.

ASC Revises Voting Method; Will Request Larger Budget

A system to record individual member's votes on bills and controversial issues was adopted Tuesday by All-Student Council.

Under the new system, an automatic roll-call vote will be taken on legislation before the Council and member's votes will be recorded. In the past, only the number voting for, against, or abstaining has been kept. The list will be kept in the Student Council office and is available to any interested person.

Student Body President JoAnne Murphy, Russell junior, announced the appointments of Carlene McGuire, Greensburg freshman, and Loren Peppard, Kinsley junior, to the Student Organizations Com-

mittee. Gene Buinger, Prairie Village junior, was appointed interim justice to the Student Court.

Upon the recommendation of treasurer Dwight High, Elkhart graduate, ASC voted to ask for \$1,500 per semester next year. The Council received \$1,000 per semester this year and was given a \$1,000 grant.

A resolution supporting the sale of cigarettes on campus was approved and will be sent to the Board of Regents.

A motion to allow anyone attending the cheerleader tryouts and election Wednesday, even if for only a few minutes, to vote, was passed. The Council felt that since classes are not being dismissed for the 3:30 p.m. election, this action would allow students who have a class to vote.

Institutes Draw 79 Instructors

Study grants for two summer institutes, one in mathematics and one in grassland ecology, have been awarded 79 junior and senior high school teachers from 17 states.

Awarded by FHS, the grants were extended to teachers from Alabama, Arkansas, Colorado, Florida, Illinois, Iowa, Kansas, Minnesota, Missouri, Montana, Nebraska, New Mexico, Oklahoma, South Dakota, Texas and Wyoming.

The institutes, operating as separate summer programs, will be supported by more than \$100,000 in funds provided by the National Science Foundation.

NSF has granted \$58,460 for the mathematics institute which runs from June 6 to Aug. 5. Forty-six teachers will attend.

The institute, directed by Dr. Jimmy Rice, professor of mathematics, will offer courses of study in geometry, higher algebra, analysis, modern concepts in mathematics, and probability and statistics will be offered. A maximum of nine hours of credit may be earned.

Under an NSF grant of \$41,900, 33 high school biology teachers have been selected to participate in the grassland ecology institute from June 14 to Aug. 4. Dr. Eugene Fleharty, associate professor of zoology, will direct the institute program.

Grassland ecology involves the study of grassland plants and animals and how these organisms have adapted to their environment. Participants may earn a maximum of eight credit hours.

Here's to Housing

To make the college position clear toward the issue of off-campus housing, the housing office announced ten rules in last week's Leader that will govern student conduct and clarify exactly what FHS expects of homeowners and students living off-campus.

Until now there were only four basic rules in effect. First, no alcoholic beverages were to be consumed on student premises. Secondly, all single undergraduate students had to live in campus-approved apartments under adult supervision regardless of age. Third, single off-campus students had to rent on a semester basis, and fourth, guests of the opposite sex had to have permission from the dean of student's office before visiting and then only on special occasions.

According to Ed Johnson, housing director, the new rules were established in an effort to operate under a legal basis as much as possible and to make more housing available to FHS students.

Taking the new rules one by one, the Leader finds:

1. FHS makes no distinction with regard to color, race, creed or national origin and expects the same position will be taken by Hays landlords. The basis of anti-discrimination law, FHS is pledged to this and will observe it fully.

2. Single men and women under 21 are still required to live in adult-controlled housing. The big change is that single students over 21 are virtually on their own.

3. The housing office strongly recommends students and householders have their rental agreement in writing. This protects not only the student, but the homeowner. Each party should know exactly what is expected from the other.

4. Students are held responsible for complying with state statutes regarding alcoholic beverages and shall be held accountable for any infractions. Translated this means students of legal age may drink in their apartments if they desire but cannot make it available to minors.

5. The General Statutes of Kansas, Section 21-924, make all gambling illegal. Enough said.

6. There has been no change in this rule. Students still cannot entertain members of the opposite sex in their rooms unless permission has been secured from the dean of students' office in the case of a special event.

7. The college recommends that minor rules such as the use of small appliances, quiet hours and the like, be written into the rental agreement so they will be understood by both parties. This is to reduce friction between the student renter and the landlord. Since these minor rules vary from apartment to apartment, it is best for everybody to know exactly where they stand.

8. No guests will be lodged in student's rooms without the knowledge and permission of the landlord. This is only simple courtesy.

Besides, it works both ways. During vacations landlords may have house guests and ideally should ask the student renter's permission before letting them stay in the rooms.

9. A landlord must rent to either college men or women, not both in the same housing unit. The separation of the sexes concept seems to be rooted deeply in human thought, so this rule is obvious.

10. In addition to the above policies, all undergraduate women are governed by other general policies established by Associated Women Students.

This is not a separate set of standards, but mainly are the college regulations found in residence halls combined with the above ten rules.

The new rules seem just to be the old ones plus common sense. Housing rules are not made to cohere, but to establish guidelines. They are all based on common sense and law. Following them should be relatively simple.

Why Editorials?

What is an editorial?

To a newspaperman it is the chance to express his publication's views on how the world should be run. He can use or mis-use it. He can rant and rave, or present clear, logical thinking.

Too many college papers strive for well-written "stay-off-the-grass" editorials, zoom up to "apathy" exhortations and soar to unknown heights when confronted with the opportunity to lambast a supposed slight from the college administration.

College newspapers have the same responsibility as do commercial papers in their editorial columns. A balanced, unafraid editorial policy may occasionally make someone mad, but it must say what it has to.

State College Leader

The State College Leader is published weekly (Thursday) during the school year except during college holidays and examination periods and bi-weekly during June and July. Published at Martin Allen Hall on the campus of Fort Hays Kansas State College, Hays, Kansas 67601. Mail subscription price: \$1.50 per semester or \$3.00 per calendar year. Second-class postage paid at Hays, Kansas. One of the oldest student organizations on the Fort Hays State campus; founded in 1906. Recipient of an A-plus rating in the National Newspaper Service, 1964-65.

Pearcing Comments

Today's city youth aren't the only ones in rebellion. The farm segment has its own kick going. This was gleaned from an area high school paper: "If you don't let me have the car tonight, I'll never wash another milk bucket again."

How ya gonna keep 'em down the farm?

What is a college tradition? Anything held for over two years in a row.

Attention Volkswagen owners: Havink trouble with your Fuehrer's Folly? Just mutter to yourself while driving down the street, "I hear the Gestapo is looking for errant autos who don't turn in a full day's work."

What's funny? Warning labels on cigarette packages . . . the civil war in Viet Nam (sort of an in-group joke) . . . the court case protesting spring elections . . . AWS's confused housing rules.

Who needs comic strips? The headlines are better.—Dennis Pearce.

LITTLE MAN ON CAMPUS

"I OWE IT ALL TO LONG HOURS OF STUDY—DAYS OF PATIENT LIBRARY RESEARCH—AND TO A SWELL BROAD WHO WORKS IN THE MIMEOGRAPH-TEST DEPARTMENT."

Vocabulary the 'Stumper' Causing Draft Test Woes

Editor's Note: Now that the first draft tests are over (but probably will continue), the following bit of information may be pertinent.

(ACP) — Among the many fascinating pieces of mail delivered to the University of Richmond Collegian office within the past few weeks, including Hugh Hefner's "Playboy Philosophy" and "Fair Play for Rhodesia" literature, the prize-winner must stand as "Baron's How to Prepare for the Stu-

dent Draft Deferment Test," by Samuel C. Brownstein and Mitchell Weiner.

Commenting on the book in an editorial, the Collegian said:

Not stopping to wonder why we were so honored to receive a free copy, we cannot but sympathize with those who are faced with the necessity of either passing the test or losing their student draft deferment status. The vocabulary section alone would cause consternation to a Ph.D. in English.

For example, the following section is made up of a few words from the "s" section: "The sanguine and scurrilous man, while studying sidereal bodies uttered the sibboleth to the saturnine scullion, who lived in a salubrious area and had not a scintilla of sententious, yet sardonic and sapient, remarks." In another section the student is asked to give antonyms for a number of words including clandestine, obfuscate, amorphous, apothegm, chary and abstemious.

Not to be outdone, the word re-

lation section, where one is required to discover the relation between the first two words and then find another pair which exhibits the same type of relationship, asks the student to find the relationship between such words as chauvinistic: country; cadaverous: robust; antimacassar: sofa; purloin: borrow; and peaceful: halcyon.

Any person who finds himself in the position of having to take this test is welcome to look at our copy of Barron's book. Moreover, anyone who knows every word in the work, or even 80 per cent of them, ought to be awarded the third edition of the Webster's intellect medal.

All is not lost. For those who must take the test and don't have time to memorize the dictionary, just remember that: "The proclivity to a pristin proboscis in the progenitors of the Viet Cong does not debilitate or defalcate the contumacious, yet condign and contiguous, appurtenances."

FHS Student Wins National Fellowship

James Saddler, Gem senior, has won one of the 13 national Phi Kappa Phi Fellowships for \$2,500, the second FHS graduate in three years to win the honor.

FHS graduate Dan McGovern won the Phi Kappa Phi award in 1964.

The Phi Kappa Phi Fellowship was the only one given a Kansas student this year. In addition to his Phi Kappa Phi membership, Saddler belongs to Phi Eta Sigma, Seventh Cavalry, the Baptist Student Movement, and is president of Phi Alpha Theta.

Saddler is a history major. He has made no selection in the school he will attend.

Phi Kappa Phi members who were initiated in April may obtain their pins and certificates in Forsyth Library 106, Dr. Wilda Smith, associate professor of history, announced today.

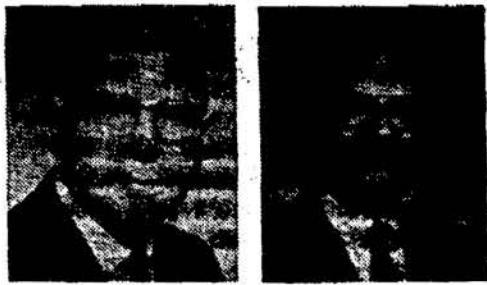

Sponsored by AID

Choguill, Toalson, Will Teach in India

Two FHS science professors will spend part of their summer in India teaching at institutes sponsored by the U.S. Agency for International Development (AID).

Dr. Harold Choguill, chairman of the division of physical science and professor of chemistry, and Wilmont Toalson, professor of mathematics, have been chosen for lecturing and consultant duties at separate institutes.

Dr. Choguill will teach at the University of Poona at an Institute for College Teachers, and Toalson will be on the staff at the

Choguill

Toalson

University of Kurushetra at an Institute for High School Teachers.

Choguill, who will be one of two AID specialists at Poona, will present some newer methods of

teaching chemistry to the institute participants, teachers from Indian colleges in the states of Maharashtra and Goa.

Toalson will be in India for the Institute at Kurushetra from June 6 to July 16 and Choguill will be at Poona from June 8 to July 15. Toalson is one of two American specialists on the institute staff.

Like Choguill, Toalson will attend meetings in New Delhi before and after the institute.

Mrs. Choguill will accompany her husband to India and Toalson's wife will join him in Hawaii on his return trip.

--- Scanning the Campus ---

Student Court will meet on either next Thursday or Friday in regard to the constitutionality of the spring ASC elections.

Eighteen prints by Currier and Ives and other 19th century American lithographers are being shown this month in the Memorial Union.

The traveling exhibition is being sponsored by the Committee on the Arts, Assn. of College Unions International, in cooperation with the University of Kansas Museum of Art.

Housing Code . . .

★ From Page 1.

Johnson also cited what he terms the "inadequacies" of trailer homes in comparison with apartment dwellings. "Trailer homes weren't built for college students, because they're too small, they are not sturdy enough and the heating and gas systems can be dangerous," he said.

"I'd rather have the whole student body mad at me, than to have one student die," Johnson said.

"Although total enforcement of the new code is difficult, if not impossible," Johnson said, "we try to make sure that the students know the rules and we try to clarify their expected conduct in student-landlord relations."

Scholarship Offered For Qualified Senior

A scholarship is available to a 1966-67 FHS senior who meets these basic qualifications:

1. A member of the Masonic Lodge or Order of Eastern Star, or the son or daughter of a member of a Masonic body. 2. A student who can meet requirements for grades, character, qualities of leadership, ideals and purpose in life.

The scholarship, for \$300, is divided between two semesters. Students who qualify can obtain application blanks in the student aids office, Picken Hall 200.

Dr. Eleanor Caldwell, associate professor of art, has been re-elected national president of Delta Phi Delta, honorary art fraternity.

Re-elected as executive secretary of the fraternity was Dr. Jeanne Kuhn, professor of education, and John Thorns Jr., associate professor of art, was named editor of the official publication, The Palette.

The election took place at the group's annual spring meeting in Springfield, Mo., last weekend.

★ ★ ★ ★ ★
KFHS campus radio will broadcast a "Going Away Party" from 7 to 10 p.m. Friday. The program will contain radio drama, games and interviews. The public is invited to attend the broadcast in Malloy 201-D.

Aid to Students . . .

★ From Page 1.
ranges from \$3,200 with one dependent child to \$6,900 with eight dependent children. Under certain circumstances this scale is not always decisive.

A need-analysis sheet is used to determine his necessity. The student aids office deducts the student's earnings and his family's contributions from the amount allowable on each student.

"Regardless of whether a student is married or single, his family is expected to assist if financially able. The student himself can usually earn \$200 to \$400 during the summer," Miss Artman explained.

"Total aid given to a single student should not exceed \$1,450," she said. Individual grants supplement other aids and may vary from \$200 to \$800. The grants are renewable, but must be reviewed annually.

All students who think they may qualify for these programs may apply immediately to the student aids office," Miss Artman stressed.

A new pay scale for students

employed in part-time campus jobs but not participating in the work-study program has also been approved.

The new scale, effective July 1, provides more pay for those remaining in a campus job more than one year. A student will earn 75 cents per hour for the first year, with increases to 80 cents per hour the second year, 85 cents the third year and 80 cents the fourth year.

Graduate students will receive \$1 an hour regardless of length of service.

A student reverts to the minimum pay rate if he changes jobs. Increases are made only at the beginning of the school year.

Any departure from the regular rules will be a decision of the Student Aids Committee. A student or supervisor may also appeal a case to the committee.

"Since the budget is prepared two years in advance, this is the maximum increase we can make at this time," Miss Artman commented. However, she pointed out that regular student employees are not limited to 15 hours per week.

AWS Constitution Upheld

The first constitution for the Fort Hays State Associated Women Students was approved recently by its members.

Eight articles compose the constitution: (I) Name, (II) Purpose, (III) Membership, (IV) Powers, (V) Legislation and Administration, (VI) Elections, (VII) Amendments, and (VIII) Quorum and Parliamentary Practice.

According to the constitution, the purpose of AWS is:

- A. To unify the women on campus.
- B. To provide more leadership opportunities for women.
- C. To promote and co-ordinate activities for women.
- D. To encourage and develop an intellectual and cultural curiosity.
- E. To emphasize the importance of women's participation in all phases of college life.
- F. To recognize the increasing opportunities and need for educated women in society.
- G. To legislate rules which pertain to and govern women students at Fort Hays State.

The constitution states that all women students regularly enrolled

in FHS shall be members of AWS. From these members an AWS Council is elected. The powers of the association are invested in this council, according to the constitution.

Composing the council are the president, vice-president, secretary, treasurer and one representative for each 50 women of:

1. Each residence hall (based on maximum capacity).
2. Off-campus unorganized enrollment.
3. Off-campus married enrollment.
4. One representative for each Greek organization house.
5. Freshman women representatives.

Jean Stouffer, dean of women, is adviser to the council.

AWS has been active only one year on the FHS campus. Its constitution was drawn up by several students in the spring of 1965. Sue Hudson, Hutchinson senior, who helped form the constitution served as the association's first president.

Newly elected president for the 1967 academic year is Kathy Low, WaKeeney sophomore.

It's All Greek . . .

Ooops! A Goof: Donna Trout, Augusta, Ga., freshman and member of Sigma Kappa, was named Phi Sigma Epsilon Princess (not princess of Sigma Phi Epsilon as was stated in the Leader May 12. Alpha Gamma Delta

Janet Nelson, Hays senior, was named the "most outstanding active" and Loel Brooks, Hays freshman, the "most outstanding pledge."

Sigma Kappa

Sigma Kappa announces the engagement of Sandra Cummins, Chula Vista, Calif., graduate, to Paul Berland, Damar junior.

Activation services will be held for Marti Allen, Concordia, Donna Trout, Augusta, Ga., both freshmen; and Linda Donahey, Logan sophomore.

Sigma Sigma Sigma

Activated recently were Jan Morris, Garden City, and Joanne Strauss, Webster City, Iowa, both sophomores; and Laah Hachmeister, Natoma freshman.

Brenda McCallum, Kinsley freshman, was named third runner-up in the Miss Barton County contest. She won the best talent award.

Officers Elected In Tiger's Roar

Kent Weigel, Oakley sophomore, is the new president of Tiger's Roar, FHS coeducational pep club.

Weigel is among five students elected to executive positions by club members Friday. Other officers for the 1967 school year are Pam Alspaw, Hays sophomore, vice-president; Mary Beth Mulch, Scott City freshman, secretary; Terry Shoemaker, Hays junior, treasurer; Carol Goetz, Hays freshman, news chairman.

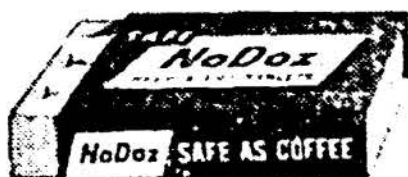

Tiger's Roar, organized this year, has over 380 members.

Francis Aids Asian Coaches

By Scott Spreier
Leader Sports Editor

Three track coaches from south-east Asia left FHS this week with a warm feeling toward track coach Alex Francis and with new methods and ideas about coaching track.

Phan Nhy Quy, director of the Youth Training Center and track coach at Public College in Saigon, Viet Nam, said that he learned much from Coach Francis' training program.

"I will take many ideas back to apply in my own country," Quy added.

The father of nine children, Quy is a captain in the Vietnamese army.

Pipitporn Keowmookdar, an instructor in the College of Physical Education at Bangkok, Thailand,

noted that he thought Francis is a coach who knows his boys well.

Keowmookdar, a father of three, found that the people here were more friendly than he had anticipated.

After a short stay in Emporia, the Thai coach will go to Washington with the other coaches for debriefing before he returns to Bangkok to coach track.

Chauta Monghane, a physical education instructor in the College of Vietassee, Laos, said that he had learned much from Francis.

"I will try to use some of his techniques when I return to teach in Laos," the coach added.

Moonghane, a bachelor who

plans to marry upon returning to his country, said that he had a good time and enjoyed his first visit to this country.

VISITING FOREIGN COACHES — From left, Pipitporn Keowmookdar, Thailand; Phan Nhy Quy, Viet Nam; and Chauta Monghane, Laos, discuss track with FHS track coach Alex Francis. The three coaches were at FHS the past two weeks, studying and observing new track methods before returning to their homes.

FHS Notches 7-12 Mark During Baseball Campaign

Fort Hays State's baseball team closed out its first season in 42 years last weekend with a 7-12 slate after dropping three contests at Emporia.

Friday afternoon, the Tigers suffered their fourth straight loss of the season, falling to Emporia State College, 4-0.

Hornet hurler Mike Reed gave up only three hits in pitching the shutout for Emporia. Jim Dreiling got two singles for the Bengals and Jon Mastin added one.

Saturday, Coach Bob Reising's charges added two more losses to their slate, yielding to Pan American (Tex.) College and College of Emporia.

The Pan American Broncos got off to an early lead on a grand slam home run by pitcher Hector Salinas in the first inning, and went ahead to score 13 runs in the first two frames.

FHS managed four runs of its own in the second, but couldn't catch the Broncos, who notched a 19-4 win.

Salinas was the winning pitcher for Pan Am and Don Givens took the loss for the Bengals.

In the final game Saturday, College of Emporia downed the Tigers 3-1. Presbie hurler Bill Guinan held FHS to five scattered hits.

The Bengals opened their 1966 season April 9, downing the Bethany Swedes 8-3 at Hays. FHS went ahead to win its next four games, taking a double-header from the Sterling Warriors, and defeating Bethany twice in another twin bill.

The Tigers suffered their first defeats of the season April 23, when they were downed twice by College of Emporia.

FHS then traveled to Sterling

for a rematch with the Warriors, and split a double-header with the Sterling club.

The Tigers pushed their record to 7-5, losing to Wichita State University and splitting a double-header with the Kearney State Antelopes.

Coach Reising's Bengals were quickly eliminated from the CIC tourney at Omaha May 5-7, losing to Washburn University 7-3 in the first round, and falling 6-4 to Emporia in the second game.

At Kearney, Neb., the following week, FHS pushed its record to 7-9, dropping two more decisions to the Antelopes.

FHS ended its season losing the three-games series in Emporia.

Reising Selected Coach of the Year

Tiger baseball Coach Bob Reising has been named "Baseball Coach of the Year" for District 10 of the National Assn. of Intercollegiate Athletics.

Reising led the Bengals to a 7-12 record in his first season as baseball mentor, and FHS's first intercollegiate baseball campaign in 12 years.

In addition to his coaching duties, Reising—a former head coach at the University of South Carolina—is an assistant professor of English at FHS.

Reising is now eligible for Area III coach of the year honors. If selected, he will become a candidate for the NAIA national baseball coach of the year award.

FHS Thinclads Capture Second Straight CIC Title

SETS SCHOOL RECORD — Bernie Blevins, Yates Center junior, established a school record in the shot-put last Saturday in the CIC meet with a winning toss of 53-8, bettering his old mark of 53-1/2 which he set earlier this year.

Fort Hays State's track squad shot to its second straight conference title, winning the CIC Track and Field Championships last weekend at Emporia.

The Tiger thinclads won the two-day affair with 102 1/2 points, 11 points in front of second-place Emporia State College.

Coach Alex Francis' charges trailed the Emporia Hornets most of the meet, but the Bengals charged ahead in the final three events to capture the conference crown.

Pittsburg State College placed third in the meet with 81 points, Omaha University followed with 10, and Washburn finished fifth with three tallies.

In winning the title, FHS gained firsts in eight of the 18 events and placed in all but three events; the intermediate hurdles, the high hurdles and the triple jump.

Six conference records were broken in the CIC meet, with the Tigers setting meet records in the high jump, the three-mile run and the steeplechase.

Senior Don Lakin set a new mark of 9:35.4 in the steeplechase, cutting six seconds off the record he set last year. The distance ace also established a record in the three-mile run of 14:00.9, shearing almost 16 seconds off the mark he set last season.

Rod Williams set a new conference mark in the high jump, clearing the bar at 6-10 and bettering the old record of 6-7 1/2 set in 1961. Bob Schmidt took second in the high jump, and Gary Beymer finished fourth for the Tigers.

FHS also established three school marks in the CIC meet. The Bengals set records in the mile relay, the shot-put and Lakin's three-mile run.

Bernie Blevins won the shot with a toss of 53-8, bettering the old mark which he set earlier this year.

The mile relay team of Ron Morel, Lynn Havel, Jack Harms and Jerry Katz covered the distance in a winning time of 3:17.5, knocking one second off the record set last year.

FHS also gained firsts in the mile, the 880 and the 220. Sophomore John Mason won the mile

with a time of 4:14.4. Mason, who ran a total of six competitive miles in the conference meet, also aided the Bengal cause with second-place finishes in the three-mile and the steeplechase.

Senior Jerry Katz finished first in the 880, covering the half-mile in 1:54.7. Teammate Jack Harms finished a close second, trailing less than one second behind Katz.

Tiger James Alexander snagged the quarter-mile for FHS with a time of :22.3. Alexander also finished third in the 100-yard dash.

Coach Francis, in his 20th year at the Bengal helm, was pleased with his team's performance in the CIC meet. "We knew before we went to Emporia that it was going to be a close meet and that we

would have to perform at our peak. The team did just that."

The thinclads will be idle until May 28, when they jaunt to Topeka for the Missouri Valley AAU. The Tigers will close out the season June 3 and 4 in the NAIA Championships at Sioux Falls, S.D. FHS placed third in the national meet last year.

FHS Netmen Snag Third In Conference Tournament

Fort Hays State's tennis squad wrapped-up its 1966 season last weekend, finishing third in the CIC Championships at Topeka.

The Tigers, boasting an 8-4 season slate, finished behind Washburn University and Emporia State College. The Washburn netmen won six of seven divisions in capturing their second straight conference crown.

Coach Jerry Johnson's charges finished second in three divisions. Kim Gottschalk, Hays sophomore, finished second in the number one singles, and freshman Mike McAtee was runner-up in the number two singles.

In doubles competition, freshmen McAtee and Dave Young teamed up to take second in the number two division.

The Bengals opened their season on a winning note, blanking the Kearney (Neb.) State Antelopes 7-0 in an outdoor dual at Kearney.

In their next outing, the Tiger netmen downed the Bethany Swedes in FHS's first home meet, but lost to the Swedes in a return match at Bethany the following week.

FHS evened its record at 2-2 by losing to Kansas State University before bouncing back with a victory over the Kearney netmen.

Following the Kearney encounter the Bengals traveled to Emporia where they split a double-dual, defeating Pittsburg State, but losing to E-State.

The Tigers suffered their final loss of the regular season against the rugged Washburn netmen, dropping a 4-3 dual, but came back with wins against Hutchinson, Garden City and Dodge City junior colleges.

Leading the Bengals this year

were Young and Donnie Hockett, Ulysses junior. Young compiled a 9-1 season mark and Hockett scored an 8-4 record.

Coach Johnson, in his first year at the Tiger helm, said that he was well pleased with the team's showing.

"If everyone returns we should have a strong team next season," the Bengal coach added.
