Technology Services and the Institute for New Media Studies will present a series of workshops on a valuable piece of software called SketchUp.

Presented by: Gordon S. Carlson, PhD
 Assistant Professor, Communication Studies
 Director, Institute for New Media Studies

The workshop will include one hour of instruction and one hour of free work time with help from the instructor. Absolutely no previous experience is needed. If you can use a mouse and keyboard you will leave the workshop with a 3D model of your dream house ready for printing on paper or a 3D printer.

Cost: Free to FHSU community members

Everyone has seen 3D images or animations used for learning, but most people think creating them would be either too complicated or expensive. In reality, drawing and animating in 3D is something anyone can do. Faculty can create custom materials for their classes or research quickly and for free. Staff can make information more accessible and their work more efficient and entertaining.

SketchUp is a friendly and forgiving 3D modeling tool, because it can do many of the advanced capabilities a professional artist might enjoy, but only takes minutes to start using. If you can draw a square on a piece of paper, you can create 3D designs in SketchUp. Three workshops offer hands-on practical learning. This isn't theoretical, you will get your hands dirty and leave the workshops with finished products and specific skills useful to the entire FHSU community.

All workshops are held in the Forsyth Library computer lab. Everything is provided, you don't need to bring your computer.

For more information, email gscarlson@fhsu.edu.

Call for Nominations for Outstanding Undergraduate Scholars

The Undergraduate Research Experience (URE) Steering Committee is seeking nominations from faculty and staff for the annual FHSU Award for Outstanding Undergraduate Scholarly Activity.

The URE Steering Committee offers this prestigious award to recognize undergraduate students who exemplify scholarly activity. Qualities that make a student successful in scholarly activities characterize those same qualities FHSU seeks to develop in students: original thought, creative ideas, communicating with professional colleagues, critical reasoning, analysis of research, translation of evidence into practice, and first-hand knowledge of how work is performed within a professional discipline.

The URE Steering Committee will provide five awards, one for an outstanding undergraduate student from each college. Nomination letters can come from FHSU faculty or staff, and should be submitted through this website no later than **March 17, 2017**. Any FHSU undergraduate student--including KAMS and Virtual College students--is eligible. The research project may be from the award year or past years; however, the student must have been an undergraduate student for a minimum of one semester during the award year. The nomination should describe the scholarly qualifications and products of the student--for example, published papers, professional presentations, on-campus research activities,

musical/artistic performance, or other novel scholarly activity. The nomination should clarify the role of the undergraduate student in the scholarly activity.

Nominations will be evaluated by a subcommittee of the URE Steering Committee, who will make a recommendation to the full URE Steering Committee. Winners will be recognized at the URE Scholarship reception during Undergraduate Research Week in April 2017. Winners will be honored with a medal at graduation (created by an Art Department student) and a framed certificate.

Nomination letters should be uploaded at: <https://fhsu.infoready4.com/-competitionDetail/1757543>.

Green Zone Initiative

Monday, March 6, 12:00pm to 1:00pm

Memorial Union Smokey Hill Room

The 2017 Spring Green Zone Initiative is a brown bag lunch event, which is focused on educating faculty and staff on student veteran culture and issues.

The Green Zone Initiative is a product of The Kelly Center, the Department of Leadership Studies, the Office of Military Student Success, and the Virtual College. The initiative consists of approximately one hour of the Kognito training *Veterans on Campus for Faculty and Staff* and a one hour brown bag lunch seminar explaining the scope and objectives of the program. The training is intended to inform faculty and staff of student veteran needs and university and community assets available.

The Kognito training can be completed before or after the luncheon. Below is the website and enrollment key that must be used.

If you have already completed the Kognito training, please bring your printed certificate with you. If you did not print your certificate, you can reprint it by accessing the training again and selecting *certificate* from the upper right menu bar. If you bring your certificate of completion, we will award you with the Green Zone placard to be placed in your office space, identifying it as a military friendly area of operation.

For those who have already attended a Green Zone Luncheon, you are welcome to attend this luncheon as well. We will have updated information, as well as a brief presentation from Deanna Rupp, a medical social worker from the Veterans Administration, and Kathryn Erk, the Coordinator of Disability Student Services.

If you are unfamiliar with what the Green Zone Initiative is, please see below. We look forward to seeing you at the brown bag luncheon. Thank you for your support of our student veterans.

You don't have to be a veteran to support our student veterans. All faculty and staff are welcome and encouraged to participate in this initiative. We look forward to seeing you on March 6th.

Why do student veterans struggle with college?

- Use to being with others of similar background.
- Need personal support.
- View college as confusing
- “Unfriendly” policies and procedures.
- Lack of funds / benefits slow to arrive.
- Feel out of place with traditional age students.
- Overwhelmed by life.
- Lack of empathy from fellow students / staff

Alarming veteran statistics:

- Number of service members with PTSD is higher than at any time in history since the Vietnam War.
- Traumatic Brain Injury (TBI) is the signature wound of this war leading to social adjustment and anxiety disorders
- Veteran suicide rate is currently at 22 veterans a day taking their own life.
