More Email Scams

We continue to see email scams that claim your account will be deactivated if you do not complete information on a web site. The emails have a PDF attachment, and the PDF has a link to a web site that asks for your username and password. These emails are specifically designed to get around spam filters, so they aren't being marked as [BULK] or discarded before reaching your inbox. Please remember that the best spam filter is the human brain. Yes, Tech Services will require you to change your password from time to time. However, we won't send you threatening emails with exceptionally poor grammar!

If you have fallen for one of these scams, you need to change your password and security questions immediately. See the [TigerNetID FAQs](#) to learn how to do this.

Teach an Honors Course

The FHSU Honors College is looking for exceptional faculty to teach courses to outstanding students on campus. Participating in one of the university's Programs of Distinction is a chance to expand learning opportunities for students, as well as experiment with new strategies in and out of the classroom.

While Fort Hays State University strives for academic excellence in all classes, at the heart of a successful honors program is the unique interaction between teacher and student made possible by the opportunities of an honors course. **Intellectual challenge, quality over quantity, and interactivity** drive these unique courses. Exceptional faculty teach honors sections **in-load**, with **small class sizes** full of **highly motivated students**. These can be an honors version of **one already offered, required courses**, or **special topics** reflecting unique research agendas.

For detailed information, to read the Honors College learning objectives, or to get started on your course proposal please visit: <http://www.fhsu.edu/honors/Resources-and-Forms/>.

Academic Advising Webinar on Title IX

Thursday, March 9, 1:00pm to 2:00pm

Memorial Union Black and Gold Room

The Academic Advising and Career Exploration Center will be hosting *It's On Us Too: Understanding & Navigating Title IX as an Academic Advisor*.

RSVP: Please let us know if you are planning to attend by replying to advising@fhsu.edu. We will send you a calendar entry that you will need to Accept and Send the Response Now. We look forward to seeing you at our sessions.

Webinar Overview:

Many institutions are grappling with new Title IX requirements and the issues surrounding the reporting and investigation of relationship violence and sexual misconduct. Many academic advisors are now mandated reporters, yet have little knowledge of the policies, procedures, and support services available to both complainants and respondents. As advising may be the only area where students have sustained contact with a representative of the institution, academic advisors may find themselves on the forefront of these difficult conversations. In this webinar, advisors will receive a primer on Title IX legislation, student rights and responsibilities in the investigation process, and the resources available to support all parties involved, as well as a review of what being a “mandated reporter” means and the implications for the advising relationship.

Attendees will:

- Gain an understanding of the history and parameters of Title IX in relation to relationship violence and sexual misconduct;
- Learn basic reporting protocols on campus;
- Understand student rights and responsibilities surrounding the investigation process; and
- Discover resources both on and off campus to support all parties involved.

Presenters:

- **Shannon Lynn Burton**, Associate University Ombudsperson / Research Integrity Coordinator, Michigan State University

In her role as Michigan State University’s Associate University Ombudsperson, Shannon Lynn Burton assists both complainants and respondents in better understanding their rights in the investigation process. She serves on the International Ombudsman Association’s Title IX Response Committee and has taught courses that focus on critical issues, as well as legal and ethical issues in higher education. Additionally, she has research interests in ethics/integrity, restorative justice, and due process in higher education.

- **Mark Duslak**, Director of Student Development, Lake-Sumter State College.

Mark Duslak has served as a school counselor for six years, was an academic and career advisor for two years, and has recently assumed the position of Director of Student Development, overseeing Campus Life, the Office of Student Disabilities, and Academic Advising at Lake-Sumter State College. Mark has worked in rural and urban school settings serving populations from grade 6 through college. His preparation as a counselor provided opportunities to understand issues of confidentiality, mandated reporting, and the effects on the counselor-client relationship. As a counselor, he was a mandated reporter and worked with students on issues of threats of violence, abuse, and harassment.

-Patricia Griffin, Director of Academic Advising and Career Exploration Center

Tuesday, March 28, 3:30pm to 4:30pm

Forsyth Library Room 45

The Honors College will be hosting its second of three Honors Pedagogical Roundtable for the Spring semester.

This roundtable discussion is open to all FHSU faculty. This will be a true roundtable discussion where faculty can engage with questions and input. Faculty who have experience teaching honors courses will be present to share their observations and recommendations. We particularly encourage attendance by any faculty considering submitting an Honors Course Proposal in the future.

Feel free to contact the Honors College Administrative Associate, Josh Wasinger, with any questions (ext. 4744).

Food and Garden Club Meeting

February is nearly over, and for us that means it is time to start our seedlings for the coming spring!

We will be meeting in the Biological Sciences greenhouse (located adjacent to the parking lot across from the Memorial Union), to finish prepping our seeding trays and start the process of planting the seeds that will eventually be transplanted into the Victor E. Garden later in the semester. We have our own selection of seeds, but you are welcome to bring any of your own that you would like to try growing in our campus community garden. Please note that seeding pots/space may be limited.

We are happy to offer service hours in this event to any club that may need them! This event officially starts at 3pm, but our club president will be present as early as 2:30pm. The greenhouse closes at 4:30pm, but feel free to come at any point in that window of time. We hope to see you there!
