Recommendations from the Student Personnel Committee. The recommendations from the Student Personnel Committee regarding the administering of the freshmen testing program was presented by the chairman. It is proposed that the number of tests be reduced and time allowed for the tests to be given during the forenoon only. While the tests are being given, parents would be invited to an orientation program. A luncheon for parents and faculty would be given at noon. In the afternoon when the test scores are available, the freshmen would be enrolled by members of the faculty in the various subject fields.

After considerable discussion, it was the feeling of the Senate that they would like to have an expression from the lower division advisers regarding the value of the various counseling tests which have been used. It was suggested that the Dean poll by mail the advisers for their judgments on these tests and the report be presented to the Senate at a later meeting.

The meeting adjourned at 4:45 p.m.

E. R. McCartney, Chairman

S. V. Dalton, Secretary
