survey of the class mammalia, with emphasis on systematic and ecological data. The course should be useful to prospective teachers and others who wish to learn the mammals of Kansas.

**RECOMMENDATION:** It was recommended that the above changes in the Biological Sciences division be approved. Seconded and carried.

**Music Department request:** The following letter from the Music Department was read: "The applied music credit should be reduced from two semester credit hours to one semester credit hour, for one thirty-minute lesson per week per semester, and from four to two semester hours credit for two thirty-minute lessons per week per semester. It was further recommended that all credit in applied music courses 91 and above, be set at two credit hours for one thirty-minute lesson per week and four credit hours for two thirty-minute lessons per week per semester.

"If this recommendation is accepted by the Faculty Senate, it will necessitate the revision of the credit set-up in the Music Department. If we can get action on this recommendation right away, we can make our necessary revisions for the new catalogue material."

2. Base - Midsemester and/or semester grades?
  - A. Should grade index be less for freshmen?
  - B. Should minimum grade index for sophomores, juniors, and seniors be 1.00 or higher?
  - C. Should it be higher for juniors and seniors than for sophomores?

3. When a student is on academic probation what is involved?  
Restricted Program? See page 45, A, Paragraph 2 of the catalogue.  
Should students hold office in any activity or organization?
4. How long may a student continue on probation? One semester?  
One year?

These problems were discussed. Mr. Dalton reported on how Kansas State College handles this problem.

Dr. Harper, who was asked to come to this meeting, reported that he had checked with the coaches of the teams regarding their reaction to a stricter probation period. He said that the coaches as well as the whole dept. want to have high standards. They feel that the intercollegiate program is an integral part of college. He suggested that the Senate be aware that the CIC League is composed of private colleges, municipal and state colleges which would make it difficult to instigate the same overall plan.

No action was taken and probation will be discussed at the next meeting.

The meeting adjourned at 5:10 p.m.

E. R. McCartney, Chairman

S. V. Dalton, Secretary
