Special services. The chairman suggested that since there are special services in reading and there will be courses in English and Mathematics to make up deficiencies beginning in September, 1958, it probably would be a good idea to have these shown in the schedule of classes. The time when they are to be offered and other information could be shown. These might be listed at the beginning or at the end of the regular schedule with the heading, Special Services. These might be cross indexed in the regular listing.

RECOMMENDATION: It was recommended that the "Special Services" should appear at the end of the regular schedule with cross indexing in the specific area. Seconded and carried.

Honors Program: Mr. Rematore presented a resume of the Honors program since its beginning five years ago. The Honors Board has been studying this program and changing it as seemed best during the five years. At present students are being elected earlier in their college program in order that the maximum benefit may be obtained.

Mr. Rematore presented the suggestions of the Honors Board for honors at graduation. These were discussed, and will be continued at the next meeting.

The meeting adjourned at 5:15 p.m.

E. R. McCartney, Chairman

S. V. Dalton, Secretary
