procedure for teacher education.--he explained how this is
processed.
Members present: Mr. Dalton, Dr. Coder, Mrs. Bogart, Dr. Dick, Dr. Garwood,
Dr. Parish, Mr. Toalson, Dr. Tomanek and Dr. McCartney,
chairman.

Members absent: Mr. Friesner, Dr. Herren, Dr. Moreland.

The meeting was called to order by the chairman, Dr. McCartney.

Graduate Record Testing of all Seniors: The chairman announced that the admini-
stration has approved the testing of all members of the senior class--bachelor's
degree candidates for the May commencement--and the college will bear the expense
of the administration of the testing. Dr. McCartney said that it was necessary
to make plans regarding day of the testing, place of testing, etc.

Date and Day of the week: After discussing the best time to give the testing,
it was decided that it would have to be administered after the students had
returned to the campus from the Directed Teaching and as soon as possible there-
after. It was suggested that the testing could not be arranged so that students
could go to some of their classes. If students are asked to take the testing
it should be administered to the best advantage of the student as we want them
to do their best. Since the actual testing time and administration will take a
full day, it was the concensus of the Senate that it would be better to take
one whole day rather than to take a half day or two separate days. It was the
concensus of the Senate that Dr. Dechant should supervise the testing.

RECOMMENDATION: It was recommended that the Graduate Record Testing be administered
on Wednesday, May 17, beginning at 8:30 a.m. and 1:30 p.m., and the college will
order the tests, notify the seniors to appear for the testing, and arrange for
the mechanics of the testing. Seconded and carried.

Report on NCATE: Mr. Dalton reported regarding the NCATE. He suggested that it
would be a good idea for all faculty members to be informed regarding what is
being done so that they will be able to answer questions when the inspection team
is here. One of the items about which the faculty members should have the correct
information is how the teacher education is handled. Mr. Dalton explained how
this is handled and also how the cases are handled which change the majors. The
Education Department needs to know as early as possible if students are planning
to take student teaching.

The meeting adjourned at 4:55 p.m.

E. R. McCartney, Chairman

S. V. Dalton, Secretary
