Student Employee Computer Access & Email Accounts

To request TigerNetIDs for student employees and graduate assistants, please send an email to RequestSEAccount@fhsu.edu and include the following information for each employee:

- First and last name

- 8-digit FHSU ID
- Department
- Job title (student employee, grad assistant, etc)
- List of folders on the N: drive that this person should have access to (if applicable)
- List of shared mailboxes that this person should have access to (if applicable)
- Additional services needed (PowerFAIDS, ImageNow, etc)

You may include multiple employees in a single email.

Your email will trigger a new ticket in our ticketing system, KACE. The ticket will get assigned to whoever is making new accounts (Jessica States for now). You'll receive an email with instructions once the accounts are created.

Allow 3 business days for TigerNetIDs to be generated. If additional services are needed, allow 2 extra business days.

What is a .se account?

Student employees and graduate assistants may be assigned a second TigerNetID to use while they're at work. We add ".se" to the end of their regular TigerNetID to come up with their username. "se" stands for student employee.

Who needs a .se account?

Any student employee or graduate assistant who will use FHSU computers or computing resources as part of their job at FHSU needs a .se account. If they only need the computer to manage their time in Workday, then they don't need a .se account.

What is the .se account used for?

This account can be used for Windows login, Outlook email, Cascade (used to edit FHSU web pages), Lotus Notes workflow, and WorkDay workflow. Student employees need to use their student TigerNetID (username without ".se" at the end) to login to WorkDay.

Why should my student employees use FHSU Outlook email for work instead of their personal email or student Gmail account?

When someone leaves FHSU, we must make sure they no longer have access to any internal or sensitive information. There are also times when we need to retain an individual's work-related emails after their employment ends, or times when we need to grant a supervisor access to an active employee's emails. We can't do any of that if an employee is using a personal email account, including their student Gmail account.

It's also a good practice to separate your work and personal email to protect your own privacy.

What do I do when a student employee is no longer employed at FHSU?

Tech Services is notified when people are terminated in Workday. We remove access within 24 hours of the last day of employment, or within 24 hours of when we're notified, if notified after the last day of employment.

If you are terminating employment with cause or have other reasons to make sure access is revoked immediately, you may email or call Jessica States, Aaron Roe, or Trey Lynd.

Adjunct Courses to Begin Soon

The summer adjunct courses will begin soon. We currently offer **Foundations of Online Teaching** (for new adjuncts) and **Advanced Concepts in Online Teaching** (for those who have experience or who have completed Foundations of Online Teaching). Both courses are online and asynchronous. Department chairs can help determine which course would be most appropriate for you.

Both of these shells will open on June 4th and close on July 13th. Faculty are welcome to complete the requirements at their own pace, as long as they complete the course by July 13th.

Both courses offer, as compensation for completion, a promotion to the next level of adjunct pay (\$200/three-hour class increase). This pay increase takes effect the semester after completion. However, an adjunct who completes the foundations course must wait one year before taking the advanced course. In other words, if you complete **Foundations of Online Teaching** in summer, 2018, you would be eligible to take **Advanced Concepts in Online Teaching** in summer, 2019. Please note -- the adjunct salary cap remains in effect. So, if you are currently capped on pay, you are welcome to take a training class, but will not be eligible for an increase.

Additionally, the courses are somewhat customizable, comprised of both required modules and elective modules, allowing you to choose the content that best fits your training needs. Participants will also have the opportunity to engage with colleagues, asking questions and sharing teaching ideas.

To enroll in either course, please ask your department chair to email Valerie Brown-Kuchera (vcbrownkuchera@fhsu.edu) or Nicole Frank (nmfrank@fhsu.edu) and request that you be added to the appropriate class.

As chair approval is required anyway, this simplifies the process.
