## **TILT Tip: Aligning Objectives, Instruction, and Assessments**

Today's TILT Tip, from Teaching Innovation and Learning Technologies: Assessments should reveal how well students have learned what we want them to learn, while instruction ensures that they learn it. For this to occur, assessments, learning objectives, and instructional strategies need to be closely aligned so that they reinforce one another. Find out more at: <https://www.cmu.edu/teaching/assessment/basics/alignment.html>.
