IV. Boys:

I would like as many boys as are on the work program as possible. The boys not working have too many pressure groups as frats, landlords without tenants, those wanting to "batch", etc. working on them. This is a big factor in improving our dormitories, especially improvements needing money.

Another observation I want to emphasize is that frequently our discipline problems arise from those not working. They have too much leisure time.

N. Y. A. VOCATIONAL

1. That an assistant be appointed to Mr. [unclear] that will be in charge of the boys during the evening.
The boys this summer and last year need more evening supervision.
2. That the Power Company be asked again to meter the building (for gas and electricity).
3. The NYA should paint the floors. I can't afford to at \$1.00 per month.
