Call for 2019-2020 New First-Year Learning Communities

Call for 2019-2020 New First-Year Learning Communities

The Office of Transition & Student Conduct is currently accepting proposals for new first-year learning communities for the 2019-2020 academic year. Each year, approximately 300 first year students choose to participate in one of the learning communities. An LLC is comprised of 14 or 28 first-year students who:

- Live together on the same residence hall floor in Victor E. Village.
- Take 2-3 learning community-designated courses together in the fall semester.
- Take 1-2 learning community-designated courses together in the spring semester.
- Participate in a signature co-curricular experience as well as additional activities throughout the year.

Applications are currently being accepted for proposed new first-year learning communities for the 2019-2020 academic year. If you would like to propose a new learning community, please complete the form at <https://tigerlink.fhsu.edu/submitter/form/start/221152> by Monday, October 1 at 4:30 p.m.

Dr. Teresa Clouch, Assistant Vice President of Student Affairs, is also available to meet with any individual interested in learning more about the first-year learning community program and brainstorming new learning communities. You may reach her at ext. 5824 or tlclouch@fhsu.edu.

Updates for Scantron Bubble Sheet Scanning and Reporting

The standalone scanner that Teaching Innovation and Learning Technologies previously used to scan test sheets has reached its end of life. We have used this as an opportunity to streamline the scanning process by adopting an updated version of the software used to create reports. The two steps that will impact faculty scantron users are as follows. **First, faculty will no longer have to pick up testing sheets from the TILT office.** The new software will utilize new forms that do not need to be specially printed. You will be able to print your own test sheets by downloading the PDF and printing the exact number you require at the following URL: <http://tigerlearn.fhsu.edu/wp-content/uploads/200-Question-Form-Remark.pdf>. For any exam please use the new sheets. **If you still have the original testing sheets they will no longer work since they cannot be scanned in our multifunction printers.**

Second, the new software allows you to utilize the multifunction printers in your departments faculty to scan finished exams. Once scanned you only need to email us the resulting PDF document to Tigerlearn@fhsu.edu. **There will be no need to carry the physical sheets to Tomanek Hall for processing.** The linked tutorial explains the process: [Scan and Email Exams](#).

Finally, the new software reads any marks on testing forms, eliminating the requirement for #2 pencils. However, it may make sense to continue requiring the use of #2 pencils since marks created in pen will not be easy to erase.

Please let me know if you have any questions or would like us to walk you through the process. On a related note, many faculty have had great success transitioning to Akindi. Michell Van Der Wege, from the Nursing Department gave a great demonstration at Professional Development Day. [Follow this link for more information.](#)

Lighthouse Project Mentors Needed

Are you a first-generation student/faculty/staff?

Are you looking for an AWESOME opportunity to invest in the lives of others?

If you are, listen up:

Mentors are needed as part of the Lighthouse Project – a program that partners first-year, first-generation students with other first-gens.

The time commitment is whatever you and your assigned mentee would like to invest into the experience.

Honors Course Proposals Deadline

The Fort Hays State University Honors College is now accepting Honors Course Proposals for the Fall 2019 Academic Semester.

The Honors College is looking for exceptional faculty to teach courses to outstanding students on campus. Participating in one of the university's Programs of Distinction is a chance to expand learning opportunities for students, as well as experiment with new strategies in and out of the classroom.

While FHSU strives for academic excellence in all classes, at the heart of a successful honors program is the unique interaction between teacher and student made possible by the opportunities in an honors course. Intellectual challenge is

supported by pedagogy that stimulates students to think about topics in new ways, explore subject matter in greater depth or breadth, and gain first-hand exposure to issues through experiential learning. Quality is valued over quantity through rigorous and deeper course work that provides opportunities not available in tradition courses. Interactivity is not only gratifying in an honors course, but central to its success whether a debate, discussion, or connection outside the classroom.

The deadline for all Honors course proposals is **October 5th, 2018**. The application form, as well as more information about the process and examples, can be found at <https://www.fhsu.edu/honors/Resources-and-Forms/>. All applications can be emailed to Jensen Scheele, Honors College Administrative Specialist, at jnscheele@fhsu.edu.

If you have any questions about Honors Courses, please feel free to contact Dr. Carol Patrick at clpatrick@fhsu.edu or 785-628-4406.
