Make Your Home a Haven for Online Safety

October is National Cyber Security Awareness Month! We'll be bringing you cybersecurity tips all month long. This week's topic: Make your Home a Haven for Online Safety.

A protected home network means you and your family can use the internet more safely and securely.

Most households now run networks of devices linked to the internet, including computers, gaming systems, TVs, tablets, smartphones and wearable devices that access wireless networks. To protect your home network and your family, you need to have the right tools in place and confidence that family members can use the internet more safely and securely.

Here are a few tips for making your home a haven for online safety.

- **Learn the basics of computer security** by watching [this short video](#)
- **Keep a clean machine.** Update the security software (antivirus), operating system, and web browser on all of your Internet-connected devices. Keeping your security software up to date will prevent attackers from taking advantage of known vulnerabilities. Visit [STOP THINK CONNECT](#) for more info.
- **Install antivirus software** on your home Windows PC or Mac. Yes, Macs can get malware and viruses too!
 - **Free antivirus:** [PCMag's Best Free Antivirus Protection of 2018](#)
 - **Norton Antivirus and Trend Micro Titanium Antivirus** are available for faculty, staff, and currently enrolled students to purchase in the Software Center. Visit [TigerTech's web page](#) to learn more.
 - **Only install one antivirus program at a time, and set it to install automatic updates.** You do not need to install antivirus on FHSU-owned devices – Tech Services takes care of that for you!
- **Secure your Wi-Fi network.** Your home's wireless router is the primary entrance for cybercriminals to access all of your connected devices. Secure your Wi-Fi network, and your digital devices, by changing the factory-set default

password and username.

- Visit [StaySafeOnline](#) to learn more about securing your home network.
- [Setup Router](#) has instructions for configuring many brands of routers.
- Please note: TigerTech and Technology Services are unable to provide support for personal devices or software, including support for any of the products or procedures mentioned above. We highly recommend finding a trusted professional to assist you with your home technology needs.

Want to get involved in National Cyber Security Awareness Month?

- Share our cybersecurity tips with your family, coworkers, and friends.
- Attend a cybersecurity event on campus or online
- Browse [StaySafeOnline tip sheets](#) for topics that interest you
- Follow a cybersecurity organization on social media
 - Twitter: [@staysafeonline](#) [@SANSAwareness](#) [@STOPTHNKCONNECT](#)

Upcoming Events:

- **Mobile Device Security Check-Up** Wednesday, October 24, 8:30am-11:30am on the first floor of the Memorial Union. Stop by and find out how secure your phone is. Free FHSU screen cleaners for anyone who participates! Hosted by FHSU Technology Services. Contact securityawareness@fhsu.edu if you have questions.

Get Your Murder Mystery Tickets Before It's Too Late

Halloween will be here soon, and what better way to celebrate than a murder mystery dinner. The Criminal Justice Club is selling tickets to *A Dinner to Die For*, scheduled for Saturday, October 27, at The Venue @ Thirsty's Brew Pub & Grill. Our previous murder mystery dinner (Murder @ Mardi Gras) was a huge success, and tickets to this event are selling fast!

Attendees are welcome to dress up for this 1920's gangster themed event that features two free drink coupons with ticket purchase, followed by a cash bar, beginning at 6:00pm and available throughout the evening, dinner at 7:30pm, and entertainment to follow. Yes, the Tiger Football team has a home game that afternoon, but dinner does not start until 7:30 so guests will have time to attend this unique social event. Individual tickets are \$50 and couples tickets are 2/\$85. ***The ticket price includes admission, two drink coupons, dinner, dessert, and entertainment.*** In addition, there will be silent auction items. All proceeds will offset costs for Criminal Justice Club members to travel to Baltimore, MD in the spring to attend the national American Criminal Justice Association meeting and competition. Last spring, the club brought home 9 trophies, and we hope to surpass that in March. Please keep us in mind as you think of a unique way to celebrate Halloween, or simply for an enjoyable night out. Please, also feel free to share this information with your students, friends, and family.

Tickets can be purchased in the Criminal Justice Department in Rarick 233 or at Thirsty's Brew Pub & Grill. We are also happy to deliver tickets in the local area. We accept cash and checks (made payable to "Criminal Justice Club"). Contact Tamara Lynn (tjlynn@fhsu.edu) with questions or to request tickets.

We hope to see you there. Thank you for your support!

Majors and Graduate Programs Fair

Thursday, October 18; 11:00am to 3:00pm
Memorial Union Ballroom

The Majors and Graduate Programs Fair is a come-and-go event that showcases all academic areas at FHSU. The fair will have representation from every academic department, Career Services, Honors College, Study Abroad, Graduate School and the Academic Advising and Career Exploration Center in one room to answer academic inquiries for current and prospective FHSU students.

This is a great opportunity for students to gather information to assist them in their educational planning. A well-developed educational plan allows our students to use the knowledge and resources of today to help them plan the future they want. While a student's major gives them direction on course work to take to achieve an undergraduate degree, the Majors and Graduate Programs Fair can provide a greater understanding of additional opportunities that can increase their marketability (certificates, research, graduate school, study abroad).

The AACE Center staff would be happy to come and talk with your class about the Majors and Graduate Programs Fair (what to expect, benefits of attendance and how to get the most out of the event). If you are interested in a 15 minute presentation for your class, please email me your course section, preferred date of presentation, time of class and we will get you scheduled. Presentations can be scheduled for **October 8-17**.

If you would like to have your class attend the event as part of a course expectation or extra credit opportunity, **attendance tracking is available**. Please email me your name, course name and section number to n_brown2@fhsu.edu and I will send you a list of students that attended from your class the week after the fair.

Note that we would encourage students to complete the FHSUMajors.com assessment prior to attending the event. This is a free assessment available to all enrolled students. It is accessible in TigerTracks under the Online Services tab.
