Holiday Break Memo

This year we will close the University at the end of the business day, 4:30 pm, Friday, December 21, 2018. We will re-open for business on Wednesday, January 2, 2019.

December 24, December 25 and January 1 are designated as state holidays. Employees will take 4 days of leave time to cover December 26, 27, 28, and 31.

Veteran's Day is Monday, November 12, and is a declared holiday for all employees. If non-exempt (hourly) employees work on November 12, they will receive one and one-half days holiday comp credit. Exempt (salaried) employees who earn annual leave and are required to work on Veteran's Day earn 8 hours of comp time. The hours earned for working on Veteran's Day must be used during the traditional phase down of campus operations between the Christmas and New Year's holiday.

Student employees may work on November 12, the official state-observed Veteran's Day holiday. They are paid only for the hours they actually work and are not eligible for holiday pay or holiday comp time for Veteran's Day.

The last day to use the 2018 discretionary day is December 28, 2018. The Governor has again authorized a discretionary day for calendar year 2019. The 2019 discretionary day will be credited to employees on December 31, 2019.

Ceramics Classes

Would you like to explore or expand your creativity in a dynamic, interactive class? Consider taking a class in Ceramics next Spring.

The foundation class Art 260: Ceramics I is offered at 10:30 am – 12:20 on Monday, Wednesday, Friday. This class features Creation Stations designed to build hand skills, followed by Deep Studio Time, allowing students to use the skills they learned in a more in-depth project. Ceramics Designed for Life introduces functional pottery, industrial products such as cell phone holders, and ceramic objects designed to enhance an interior. Ceramics as Expression begins with mask making, then moves into solid sculpting and hollow forms before students engage the Deep Studio Experience. Finally, experimental projects explore the properties of clay, glaze and firing to produce unexpected results.

Art 360: Ceramics II focuses on the skill of throwing on the Potter's Wheel. Inspired by their favorite foods, students learn to create vessels to enhance their favorite dishes. Near the end of class, students will learn to stage and take photographs of their pots in action and develop a class cookbook. Then we eat our props. This class meets at 4:30 – 7:20 pm on Monday and Wednesday.

There are no pre-requisites for either class, as both classes start with the basics and work to develop more advanced skills. You don't need to be an Art and Design major to enroll or benefit from this creative experience. All skill levels are welcome. A studio fee covers tools and materials.

STUDENT ABSENCES

Feedlot Management Field Trip

The following students will be absent from classes on Tuesday, November 6th for an all-day field trip for their Feedlot Management course. They will be going to southwest Kansas to tour beef cattle operations. We will be leaving campus at 6:00 am and will return at approximately 8:00 pm. The students have been instructed to speak with each of their instructors about missed classes. I hope you will allow them to make up material due to their absence.
