Requesting Service from Technology Services

We are pleased to announce that the old Lotus Notes CTC Request for Services* site has been discontinued for all Technology Services requests. The new [Request Services](#) portal has been phased in during the past several months and it now incorporates all requests submitted to Technology Services.

To submit a request, simply click on the "[Request Services](#)" button on the left sidebar, located on all [Technology Services](#) webpages.

Here are a few things to note:

When a form is submitted, it creates a ticket in our KACE ticketing system and notifies the appropriate technician or workgroup. You will receive a **confirmation email** (from an @support.fhsu.edu address) and can simply reply to it if you wish to add a comment or ask a question about your request. If desired, you can also click on a link to log in with your TigerNetID to view the status of the ticket or add a comment. The technician assigned to your ticket is automatically notified when an email reply or new comment is posted.

Please submit all requests for service using our new request forms. Since our technicians are now working exclusively from KACE tickets, this is the most efficient way to receive service. Direct emails and phone calls to our technicians are discouraged. Remember, you can easily **add a comment or check the status of your ticket** at any time by simply replying to your ticket confirmation email or by logging in with the link provided in your confirmation email. If you should need to call us regarding a request, please contact [TigerTech](#) and provide the ticket number for reference.

For **technology purchases**, Cost Center Managers will receive approval request notifications and can indicate their approval by simply responding to the email (this will create a comment in the ticket).

The procedure for setting up new faculty and staff services has been streamlined. You do **not** need to submit a request unless a phone and/or computer are needed for the new employee. For on-campus positions that require a **phone and/or computer**, Tech Services sends an email to the department with **specific instructions for submitting** these requests and a list of the **required information** to provide.

Please take a moment to review this information if you are involved in hiring new faculty or staff: [New Faculty and Staff Information](#)

- If you hire **student employees**, see: [How to Request Technology Accounts for Student Employees](#)
- **Previous/old requests** will be kept in Lotus Notes, not migrated to the new request system.

*The only form remaining on the old Lotus Notes CTC Request for Services site is used to request **reporting and data services** from the Institutional Research group in the Office of the Provost.

-Mark Griffin, Assistant VP of Technology Services and CIO

Dickens Carolers

CALLING ALL VOCALISTS WHO LOVE CHRISTMAS CAROLS!

The FHSU CHOIRS are once again forming the **DICKENS CAROLERS**, named after author Charles Dickens, and for the type of English Carolers you see in stories like A CHRISTMAS CAROL. (i.e., “Scrooge”)

Requests for groups of carolers come as the Holiday Season approaches...we have several already! To meet this demand, the members of the FHSU Choirs are inviting **any students/faculty /staff** to join us in providing a little Christmas cheer!

REPLY BY E-MAIL TO DR. TERRY CRULL IF YOU WISH TO BE ADDED TO THE LIST.

I will then send out a notification for upcoming gigs, using that list.

Questions?

Dr. Terry Crull, FHSU Choirs

tacrull@fhsu.edu; 628-4258(o); 639-3200(c)

Caroling books will be provided for members of the DICKENS CAROLERS to use as we perform.

Some gigs require only a qtet or octet; however, several gigs will be “Y’all COME!” and will be open to any/all interested singers...no one will be excluded!

Fort Hays State University to Host Kansas Startup

Friday, November 9 – Sunday, November 11

Event Information Listed Below

Fort Hays State University will host Kansas Startup on November 9th – 11th. Led by the university's Robbins College of Business and Entrepreneurship, Kansas Startup is an event designed for entrepreneurs to meet, share ideas, and launch new businesses. This three-day event is open to anyone with a great idea - and the desire to make that idea a reality.

Henry Schwaller, Instructor of Management and the co-organizer of the Kansas Startup stated the weekend "is a 48 hour, hands-on experience where anyone interested in starting a business or non-profit can find out if their idea is viable. Beginning with pitches on Friday, attendees bring their best ideas and inspire others to join their teams. Saturday and Sunday focus on developing the business idea and building a viable product. On Sunday evening, teams present their product to a panel of experts for feedback and prizes."

This is FHSU's seventh Kansas Startup, with the first hosted in 2013. The event has grown from thirty-one participants in its first year to over sixty in 2017, making it the largest entrepreneurial event in the state of Kansas.

Schwaller notes that the success of Kansas Startup is based on participants' experiences. "The response to all of our events has been incredible. Participants work hard, learn a lot about starting a new venture and enjoy the outcome. Teams work Friday evening to Sunday evening, many taking few breaks and little sleep. FHSU faculty, alumni and local business owners provide input, suggestions and advice to the teams as business plans were developed. The event is challenging – and it's fun, too."

On Friday evening, November 9th, event organizers will welcome and challenge participants and begin the event with open mic pitches. On Saturday, a volunteer team of business, legal, and design coaches will be available to provide assistance, advice and feedback to all participants. The event concludes on Sunday evening, November 11th, after participants will present their final concepts to a panel of judges.

Participants must register. Participant presentations will be open to the public free of charge at 5:00 p.m. on Sunday, November 11th. Events will take place in Robbins Center on the Fort Hays State University campus.

For additional information and registration, visit the Hays Startup Weekend website kansasstartup.com.

2018-19 FHSU International Piano Series Recital
Marco Tezza, Italy
“...about the night soul”
Works by Chopin and Schumann

Tuesday, November 13, at 7:30 in Beach/Schmidt Performing Arts Center

Free Admission

Night has always been the source of great artistic inspiration and with its mysterious appeal has fascinated the most important musicians, especially in the romantic period, so they have composed immortal works particularly roused by nightly sensations.

Night can recall the quietness of a postcard-like moonlight, but it is above all a space-time of the mind, where passions, remembrances, emotions and even nightmares intertwine and move our souls. This magical involvement will come out with the recital titled "...about night soul."

Marco Tezza is a pianist, a conductor and a well known teacher much sought-after all over the world.

Ceramics Classes

Would you like to explore or expand your creativity in a dynamic, interactive class? Consider taking a class in Ceramics next Spring.

The foundation class Art 260: Ceramics I is offered at 10:30 am – 12:20 on Monday, Wednesday, Friday. This class features Creation Stations designed to build hand skills, followed by Deep Studio Time, allowing students to use the skills they learned in a more in-depth project. Ceramics Designed for Life introduces functional pottery, industrial products such as cell phone holders, and ceramic objects designed to enhance an interior. Ceramics as Expression begins with mask making, then moves into solid sculpting and hollow forms before students engage the Deep Studio Experience. Finally, experimental projects explore the properties of clay, glaze and firing to produce unexpected results.

Art 360: Ceramics II focuses on the skill of throwing on the Potter's Wheel. Inspired by their favorite foods, students learn to create vessels to enhance their favorite dishes. Near the end of class, students will learn to stage and take photographs of their pots in action and develop a class cookbook. Then we eat our props. This class meets at 4:30 – 7:20 pm on Monday and Wednesday.

There are no pre-requisites for either class, as both classes start with the basics and work to develop more advanced skills. You don't need to be an Art and Design major to enroll or benefit from this creative experience. All skill levels are welcome. A studio fee covers tools and materials.

If you have questions, please contact Linda Ganstrom at lmganstrom@fhsu.edu.
