## Coming Soon! 25Live, FHSU's New Room Reservation System

We will soon be launching our new campus-wide room reservation system, 25Live. 25Live will replace our current EMS room reservation system. Read on for more information regarding this transition.

### Will I need to resubmit reservations that were made in EMS?

No. All future events that were booked using EMS will be imported into 25Live. You will not need to resubmit any events that were previously made in EMS.

### University Calendar

The University calendar was updated to the 25Live calendar when the website redesign launched. The Memorial Union is already using 25Live in place of EMS, so all events taking place in the Memorial Union are available on the new 25Live calendar.

### When will 25Live be available to campus, and when will EMS be discontinued?

Online reservations through EMS will be discontinued approximately one week prior to the 25Live campus launch. During that week, we will import any remaining EMS events into 25Live. The 25Live launch date is not yet determined, but we are shooting for March 2019. Watch TigerDaily for more information about the launch date.

### Will training be available for 25Live?

Yes. Once 25Live launches, we are planning to schedule training sessions and open lab work sessions. User guides will be available on the website.

**Black History Month: The Harlem Renaissance: What a Time to be Alive!**

After the Civil War ended the Great Migration drew a mass of newly freed slaves to the Northeastern part of the country. Then referred to as the New Negro Movement, the Harlem Renaissance was a time of great growth of Black American culture and intellectual life during the 1920s and 1930s. Social, intellectual, and artistic explosion that took place in Harlem as well as other cities such as Cleveland and Los Angeles. During this time, Black Americans created their own identity through holds beautiful expressions in art, literature, and music such as jazz. The Harlem Renaissance encompassed poetry and prose, painting and sculpture, jazz and swing, opera and dance. What united these diverse art forms was their realistic presentation of what it meant to be Black in America. This was a celebration and acknowledgement of our identity as told by us for the first time in history.

The works of this time showed pride, resilience, class, creativity, beauty, and connection to African roots. This was the first time the work had been accepted into galleries, museums and showings. The Harlem Renaissance reshaped destroyed the images of black people created by racists during their time. Instead of being labeled uneducated farmers, they shared their intellect, professionalism and mastery at everything they did. The styles were embraced by American society and even copied by non-black artists and musicians. During this time, African Americans showed the world the innovators that they were and always will be. This period of time yielded Black history and legends such as Langston Hughes, W.E.B DuBois, Jazz Music and the Cotton Club, Louis Armstrong, Paul Robeson, Josephine Baker.

Although this period came to a close in 1930 due to the stock market crash and Great Depression, the impact of this period on American history was permanent and influential.

## FHSU and K-State Juvenile Justice Initiative Seeks Locals

A team from Fort Hays State University is partnering with the K-State Juvenile Justice Collaborative on a project awarded funding by the Kansas Department of Corrections and the Kansas Advisory Group. The project, titled “Our Town, Our Kids,” aims to work with local communities in developing support systems for youth and families in order to prevent youth from entering the juvenile justice system and to provide services that maximize their chances of leading productive, successful lives. Michael Walker, director of the Docking Institute, and Dr. April Terry, assistant professor in the Department of Criminal Justice, are providing content expertise in the areas of data management and juvenile justice. They are joined by Luis Montelongo and Dr. Jian Sun as data analysts. The K-State JJC is comprised of Dr. L. Susan Williams, professor of sociology and criminology; Dr. Greg Paul, associate professor and interim department head of communication studies; Dr. Elaine Johannes, associate professor of family studies and human services and Extension specialist; and Bruce Chladny, K-State Research and Extension specialist.

Over the next two years, the group will work with stakeholders in 23 pre-selected Kansas counties (please see the website for a full list). They will build community capacity in data collection and analysis and foster community collaboration in support of youth and families. Professionals from K-State Research and Extension will facilitate local conversations that identify areas of concern and develop knowledge bases that will prepare communities to deliver best-practice programs in their respective areas. As part of the effort to engage positive community support, the group will develop a comprehensive toolkit for all Kansas communities that will facilitate local, sustainable systems that serve unique needs of youth.

If you have knowledge of any of the 23 pre-selected counties, and are interested in having your voice heard on issues related to youth in Kansas, please contact a team member below.

## TILT Tip: Learning Objectives Series – 3 Apply

As the third level in Bloom’s Taxonomy, “Apply” involves performing actions, completing tasks, or using previously acquired knowledge and skills to solve problems. An example of learning objective in this level is: “at the end of this lesson, students will be able to solve quadratic equations”. “Apply” is also closely related to learning transfer (ability of using existing knowledge to solve problems) and procedural knowledge (knowledge of performing tasks and actions). We usually use the following verbs to write learning objectives in this level: apply, execute, implement, perform, use. Learning assessments for this level include: case study, discussion, problem-solving, simulation, and role-play.

## Student Recognition Programs

Greetings, friends! We are very excited to invite you in advance to this spring’s upcoming annual **Student Recognition Programs**. As you may know from past years, SRPs are reception-style events held on-location throughout our Kansas, Nebraska, and Colorado recruiting territories. We will be travelling to Future Tigers’ hometowns in an attempt to bring Fort Hays *to* them, *for* them.

Your enthusiastic participation is crucial to the success of these events! These programs are essential during the recruitment process in solidifying our prospective students' decision to become Tigers. For example, following last year's Topeka SRP, 45 out of the 47 students in attendance ultimately chose Fort Hays! **Overall, 82% of the 2018 SRP attendees became Tigers.** *Way to go, team!* Without your participation, this great return would not have become a reality.

As a reminder, alumni members and non-academic groups (clubs, organizations, etc.) are also welcome to join us on the road. The Office of Admissions will be providing transportation again this year for those who wish to travel with us. Please contact Jon Armstrong at (785) 628-4091 or [jdarmstrong@fhsu.edu](mailto:jdarmstrong@fhsu.edu) with any questions or interest in SRP participation.

To view the schedule of events, please visit <https://www.fhsu.edu/admissions/srp>.
