SUGGESTED LETTER TO U. H. LESLIE

Dear Mr. Leslie (Or - Dear "Doc")

I heartily concur with the action of the Executive Committee of the Western Kansas Development Association in deciding to appeal to the International Harvester Company for assistance in this major project the W.K.D.A. has taken on to help our outstanding western college, Fort Hays Kansas State. Certainly Fort Hays State has been a great influence in the agricultural and cultural life of western Kansas, and it has done a marvelous job not only in supporting civic activities such as our own organization, but also other western Kansas developmental groups.

I think that it is time that we assert ourselves and ask some of the people with whom we do millions of dollars worth of business, to contribute to this, the greatest agricultural section of our country. We all know that more trucks, tractors, reapers, and other items of farm machinery as well as refrigerators and other such home products, are bought in this area than in any other area of its kind in the United States. I do hope that the International Harvester Company will come through with a substantial contribution to W.K.D.A. for this project.

We will be watching with a great deal of interest, as will the other 15,000 farmers and ranchers in this area, to see what the results of your appeal will be.

I just wanted you to know that I am back of W.K.D.A. on this, one hundred per cent, and will lend any support that you consider necessary to help get this job done.

Very sincerely yours

Your name
