THE ROOSEVELT STORY

"The official film biography of Franklin D. Roosevelt, an authentic story of his life and times covering more than forty of the most critical years in our nation's history. A genuine documentary film, not a staged reenactment, it was carefully edited from more than two million feet of film taken from real life in 1903-1945, and contains many historical scenes never before exhibited publicly. It is dramatically narrated by a variety of voices, including one that represents the voice of the people who lived through this historical period. It is the story of an American of great stature and a living record for posterity of an historic era."

This film is sponsored by the Social Committee. Free coffee after movie in Social Building.
