Forsyth Library Presents "Paeans to Opportunity, Diatribes on Opportunism: Contrasting Representations in Gilded Age Literature"

The Gilded Age Literature collection is now on display in the Special Exhibits Gallery on the main floor of Forsyth Library. The foundations of modern America took root during the period known as “The Gilded Age.” To highlight this period, the works of Mark Twain and Horatio Alger are featured in the exhibit as influencers of succeeding generations’ understanding of the Gilded Age. The narrative fictions established in the featured texts, as well as their readers’ interpretations, convey competing depictions of the period, revealing the complexities of the nineteenth century.

Visit this exciting new exhibit for a limited time during regular building hours. After viewing the display, give us your feedback and checkout a book to learn more about the Gilded Age.

For hours or contact information, visit the Forsyth Library homepage at <https://fhsu.edu/library/>.

Significant Other by Joshua Harmon

Friday, April 26 & Saturday, April 27; 7:30pm

Curtain in Felten-Start Theatre in Malloy Hall

All Tickets \$5 at Door – Unreserved Seating

Please be advised- This play contains Adult Language and Subject matter that some may find offensive.

Significant Other is an American play written by [Joshua Harmon](#), which premiered Off-Broadway in 2015, followed by a Broadway production at the Booth Theatre in Spring 2017. Jordan Berman would love to be in love, but that's easier said than done. So until he meets Mr. Right, he wards off lonely nights with his trio of close girlfriends. But as singles' nights turn into bachelorette parties, Jordan discovers that the only thing harder than finding love is supporting the loved ones around you when they do. *Chicago Tribune* critic Chris Jones wrote, "*Significant Other* is both a good night out — a show ideal for a Friday night with pals after a few drinks — and a quite sophisticated exploration of the complex and changing dynamic between gay men and the women who love them. A black comedy about a painful transition that hits many of us urbanites in our late 20s or early 30s and goes a long way toward explaining why weddings can be such fraught affairs for anyone stuck in a tux or matching crinoline."^l

Great design is a critically important component of your marketing efforts – it creates meaningful first impressions, differentiates your organization from competitors, boosts awareness, and is a great way to connect with customers. The MDC’s brand-new workshop Design for Non-Designers will explore the elements and principles of design and how you can use it to make your company more appealing to potential customers.

In Design for Non-Designers, participants will learn why design is important for effective marketing, review great (and bad) logos, and much more. A few of the topics covered include using color effectively, communicating with type, tips on designing common marketing pieces, and when to hire a professional or design on your own.

You don’t have to be wildly creative to make effective designs!
