Forsyth Library Presents “Paeans to Opportunity, Diatribes on Opportunism: Contrasting Representations in Gilded Age Literature”

The Gilded Age Literature collection is now on display in the Special Exhibits Gallery on the main floor of Forsyth Library. The foundations of modern America took root during the period known as “The Gilded Age.” To highlight this period, the works of Mark Twain and Horatio Alger are featured in the exhibit as influencers of succeeding generations’ understanding of the Gilded Age. The narrative fictions established in the featured texts, as well as their readers’ interpretations, convey competing depictions of the period, revealing the complexities of the nineteenth century.

Visit this exciting new exhibit for a limited time during regular building hours. After viewing the display, give us your feedback and checkout a book to learn more about the Gilded Age.

For hours or contact information, visit the Forsyth Library homepage at <https://fhsu.edu/library/>.
