Login Changes to FHSU Systems – Duo

On **Wednesday, July 31st**, we will be making a change to our Duo multi-factor authentication implementation. Currently, Duo is only being used by FHSU faculty and staff, but we will soon be offering Duo to our students as an option to protect their sensitive data. Duo will be voluntary for students, and those who choose to opt-in will have Duo protecting their Blackboard, Gmail, TigerTracks, TigerEnroll, and other systems. In conjunction with enabling this service for students, Duo will also be turned on for faculty/staff in front of these same systems.

HOW DOES THIS AFFECT ME?

Beginning Wednesday, July 31st, faculty and staff will be prompted with Duo when logging in to Blackboard, Gmail, TigerTracks, and TigerCentral. This will not be voluntary for faculty and staff. For some of you who do not use Workday or check email through the web regularly, this might significantly increase the number of times you are presented with Duo. Because of that, we wanted to provide you advance notice, so you can be prepared to access Blackboard and other FHSU systems from classroom computers or other devices. It will be important that you keep your authentication method device with you whenever you need to access FHSU systems, including in classrooms.

WHY ARE WE DOING THIS?

We want to protect the privacy of our students and keep their sensitive information secure. With Duo, students will have the option to opt-in and protect their personal information at a higher level.

WHAT DEVICE CAN I USE TO AUTHENTICATE?

More information about supported devices can be found on our website: <https://fhsu.edu/technology/duo-faq#devices>

Contact TigerTech (3478) with Questions.
