Hobbies for Tigers

In an effort to continue student engagement and learning during these unique times, the Department of Campus Intramurals and Recreational Sports is looking for individuals who would like to share their hobbies or interests with our students. We are hoping to put together a program for the Fort Hays State University community known as Hobbies for Tigers. This program will consist of an individual with a hobby or skill that he or she would like to share with our community by recording a tutorial via vidgrid or another platform. For example, some ideas that have been suggested include fly-tying and crocheting. If you would be interested in providing an activity and training component for our students please contact Ron Haag, Director at rhaag@fhsu.edu or Jordan Barrett, Assistant Director at jrbarrett3@fhsu.edu.

Event Submissions for 40 Days at the Fort

Student Engagement is now accepting event submissions for the **40 Days at the Fort** program for new and returning students. In the past, we focused on 1st year students (previously called First 40 days). This program currently is focused on engaging all students.

Student organizations, offices, & departments need to register any events happening between August 19 - October 3, 2020 (which includes Homecoming 2020) on Tiger Link by Friday, May 29 at 12 p.m. to be part of the program. These could include socials, meetings, events, community service projects, membership drives, open houses, etc.

In order for students to understand the focus of the program or event, we are asking for events to be categorized into 1 of 6 following themes:

- Academic
- Leadership & Service
- Social & Community Building
- Personal Development
- Diversity & Cultural
- Tiger Traditions

You can view last year's event schedule online at <http://www.fhsu.edu/fye/welcome-programs/>.

Organizations, offices, & departments hosting events during the 40 Days at the Fort program will need to register their event through Tiger Link by Friday, May 29 at 12 p.m.! Each sponsoring group will be responsible for making reservations for their event by contacting the memorial union fhsuunion@fhsu.edu or appropriate offices around campus where you would like to host your event.

We hope your organization or area will consider submitting at least 1 event (if not more) for Fall 2020. If you have a recurring meeting, we will include only the first meeting as a part of the 40 Days at the Fort and will note this time is recurring. If you have any questions or would like additional information, please feel free to contact us.

Thank you!

Tina Wolbert, Assistant Director for Student Engagement
(tbwolbert@fhsu.edu)

Supervising Virtually (Online Workshop)

***Thursday, May 28**

ONLINE – ZOOM & BLACKBOARD

Being a supervisor or manager at the beginning of March 2020 looks vastly different than it does in April 2020. Employers and managers are now no longer able to watch employees work, physically check quality, or call them into offices to discuss performance. While you are still expected to manage effectively, the way that you manage has likely changed considerably. In this MDC online training, we will be discussing the five effective supervisory skills, but using the lens of virtual or telecommuting to work. Basic principles remain the same; but the strategies, methods, or processes need to look different to adapt to today's unique challenges and circumstances. In addition to reviewing the five effective supervisory skills, we will also discuss strategies & ideas for making these skills more effective in a virtual environment.

**6 hours of content to be delivered both asynchronously & synchronously via Zoom & Blackboard. More instructions given upon registration. Registration is \$30/person.*

Register: <https://www.eventbrite.com/e/supervising-virtually-tickets-103276384446>

Online training sessions are held via Zoom, a link to join will be sent to registrants prior to the event. If you have any questions or concerns about any of these events, contact **Hannah Hilker** at hehilker@fhsu.edu
