TILT Tip: Utilize Measurable Objective to Tidy Up Your Fall Semester Courses

Fall semester is coming soon and you might start thinking about tidying up your courses. Start by reviewing course outcomes and learning objectives. Clear learning objectives serve as the road map of a course. Promotion and Tenure Timelines

The 2020-2021 promotion and tenure timelines are now available on the Office of the Provost's site: https://www.fhsu.edu/academic/provost/tenure_promotion_timelines/index

****Reviewing parties, including tenure or promotion committee members - please note all applicable review and appeal dates.****

Additional electronic notification of appropriate tenure timelines will be sent to all current tenure-track faculty by July 1 based on our records at the present time. As new contracts are issued, we will do our best to ensure that the appropriate timeline is given to new tenure-track faculty. However, this responsibility ultimately lies with the chair. On or before the last day of faculty orientation, departmental chairs shall describe to all faculty reporting to them the procedures leading to decisions related to tenure and promotion. That information will refer the candidate/applicant to the criteria for tenure and promotion as stated in the *Memorandum of Agreement Between Fort Hays State University Chapter of American Association of University Professors and Fort Hays State University/Kansas Board of Regents* and will outline the documentation necessary for the tenure and promotion files.

Lunch 'N' Learn – Five Stars: Customer Service and COVID-19

Thursday, June 25; 11:30-12:30pm

ONLINE

Did you know, according to a study done by NYU (Dr. Michael Solomon, 2012), it only takes a customer or patron SEVEN seconds to form ELEVEN impressions about your business or organization? Even in the midst of a pandemic, your customers are still making decisions regarding your business; however, whether those decisions are positive or negative is up to YOU & every single employee that interacts with patrons. In this Lunch & Learn, Hannah Hilker with the MDC will give a crash course on the importance of customer service & review various tools to help your organization secure a competitive advantage through excellent customer interactions. We'll also discuss how customer service has changed and what various businesses are doing to adapt their customer service strategies in creative ways due to COVID-19. Although times have changed, taking care of your customers should still be your top priority - figure out what that looks like for you!

What is CliftonStrengths?

Tuesday, June 30; 9:00-9:45am
ONLINE

1 in 33 million. It's an amazing statistic, and one that describes the chances of you having the same 'Top 5' as another person in the entire world. But, what exactly do we mean by 'Top 5?' The Gallup CliftonStrengths personality assessment, used by 90% of Fortune 500 companies, measures your natural patterns of thinking, feeling, and behaving and categorizes your answers into 34 CliftonStrengths themes. Your 'Top 5' are the talents that show up strongest for you! Are you a Futuristic thinker? Or perhaps a person strong in Harmony? Maybe you're a leader with Positivity talents! Your Top 5 represent your greatest potential and by building on the things you're naturally good at, you'll find the most potential for growth. Join the MDC for this mini session to learn more about our most popular training, "CliftonStrengths Essentials," the 34 talents, the Top 5 report, and the difference CliftonStrengths can make in your life.

CliftonStrengths Essentials (*in person*)

Thursday, July 16; 9:00am-4:00pm
Brief Space
219 W. 10th Street

Price: \$219 (includes access to CliftonStrengths Assessment)

Is it best to spend time utilizing your strengths or is it more productive to work on your weaknesses? Gallup's Strengths theory claims people should spend the majority of their time doing what they do best; using their already existing natural talents to become more productive and profitable in the workplace and at home. In this workshop, we will explore your natural talents and how to turn those talents into strengths, while also learning how to recognize talents in others and utilize them for the success of the team. This workshop requires some pre-work.
