FREE High Plains Music Camp!

July 12 - 17, 2020 (Sunday through Friday)

ONLINE

For 72 consecutive years before 2020, the High Plains Music Camp has been held on the Fort Hays State University campus. Due to Covid-19 we had to make the difficult call whether to have the camp at all. Thanks to all of the camp faculty (FHSU faculty and guest faculty) donating their time to giving online classes to student musicians we are able to offer a COVERTED camp experience. We won't see the students walking around campus with their instruments but we can rest assured that FHSU is being promoted in a very positive way. For any parents or grandparents of student musicians, this is an excellent opportunity for them to dust off their skills before school starts in the fall.

Middle School Band & String students - those entering 6th, 7th, or 8th grades in August, 2020
High School Band, Jazz Band, String, & Vocal students - those entering 9th, 10th, 11th, or 12th grades in August, 2020 plus seniors who graduated in May.

Students must be registered (even though it is free), to have access to the Zoom classes for every instrument. They may register all the way into the camp week. If you have any questions you can email Ivalah Allen at ijallen@fhsu.edu or musiccamp@fhsu.edu. Help us by filling these classes with deserving young musicians.

CliftonStrengths Essentials (*in person*)

Thursday, July 16; 9:00am-4:00pm

Brief Space

219 W. 10th Street

Price: \$219 (includes access to CliftonStrengths Assessment)

Is it best to spend time utilizing your strengths or is it more productive to work on your weaknesses? Gallup's Strengths theory claims people should spend the majority of their time doing what they do best; using their already existing natural talents to become more productive and profitable in the workplace and at home. In this workshop, we will explore your natural talents and how to turn those talents into strengths, while also learning how to recognize talents in others and utilize them for the success of the team. This workshop requires some pre-work.
