Re: McGrath Hall Renovation Study
for Alumni/Endowment Center

As discussed at our meeting on September 3, 1993, I am providing preliminary cost information for the referenced project. Also attached, is a breakdown of areas by floor and wing that I used in calculating the estimates.

I did not provide an estimate for an addition that was mentioned, but would use the \$80/s.f. figure that has previously been used to calculate the cost of a new building.

Please let me know if you have questions.
