## **Kansas Wetlands Education Center To Host Children's Book Event**

Ava is an American Avocet, a breed of shorebird who leaves her home at the Laguna Madre and travels 1,000 miles to stay for a season at the largest wetland complex in the interior of the United States. Cheyenne Bottoms, in the middle of Kansas, is home to millions of birds who stop during their annual migrations in the spring and fall, as well as a diverse population of wildlife who make a home there year round. As Ava meets her mate and starts a family, readers are introduced to one of the most biodiverse ecosystems on the planet.

Ava: A Year of Adventure in the Life of an American Avocet is a 32-page, fully illustrated children's book written by Mandy Kern, Program Specialist at the Kansas Wetlands Education Center, and is being released this June!

Thanks to funding by the Dorothy Morrison Foundation, each K-6 classroom in Barton County and every school and public/community library within 70 miles of the center will receive a copy.

On June 19, your family can receive a free copy at the Kansas Wetlands Education Center located northeast of Great Bend at Cheyenne Bottoms! Bring lawn chairs for an outdoor reading of the book. Both the author and Onalee Nicklin, the illustrator, will be there.

10:15 - Reading by author

10:30 - Recognition of Dorothy Morrison Foundation support

10:45-11:30 - Family friendly, hands-on activity rotations themed to the story

11:30 - Book Signing
