COVID-19 Updates

The [COVID-19 Response website](#) is where we post the latest information about the pandemic, including a new COVID-19 Dashboard that is updated every Tuesday.

Calendar: Upcoming Professional Development Opportunities

Check out upcoming professional development opportunities! The TILT TigerLearn event calendar is your go-to for professional development at FHSU! Check it out here: <http://tigerlearn.fhsu.edu/events/>.

To provide faculty and staff with one easy place to see all professional development at FHSU, we're happy to include your event on the TigerLearn calendar. We can include links to your registration site, contact persons for questions, etc. Just contact TILT-FacultyDev@fhsu.edu, and we'll add your event right away!

Electronic Resource Feature: Films on Demand

Forsyth Library is home to hundreds of databases for use by faculty, staff, and currently enrolled students for research activities.

With **Films on Demand**, you have instant access to thousands of video resources and programs. News, documentaries, and other educational videos provide diverse course content. Videos through this resources also offer greater accessibility through captioning services they can be embedded directly into Blackboard.

Enhance your course today with streaming videos! [Visit Films on Demand at this link to learn more.](#)

Remember, you can locate all available databases through Forsyth Library's [A to Z listing](#). For more information, visit Forsyth Library at fhsu.edu/library or contact refserv@fhsu.edu.

Directory Information

A reminder that our FHSU Homepage now has the updated **Spring 2022 Campus Directory, including searchable PDF of printed campus directory**. Every effort has been made to provide the most up-to-date information in this directory, using data collected through February 2022. However, change frequently happens throughout the University and organizational structure, titles, personnel, telephone numbers, and office locations may have changed since the date of publication. Please email all corrections to directory@fhsu.edu. All University employees have the ability to update their own contact information in WorkDay and are encouraged to do so when changes arise.

The A-Z Directory maintained by TigerTech. This directory is organized alphabetically by budget unit and is linked to departmental webpages. These resources are available to faculty and staff to access information promptly and provide excellent customer service to all of our constituents. Since this information is unavailable for external clients, we are hopeful it reduces email spam.

If you have any questions, please feel free to contact our committee.

Thank you!
Cindy Cline, Tina Schiel and Michelle Schlyer

A New Way to Submit Your CV to the FHSU Scholars Repository

The [FHSU Scholars Repository](#) team at Forsyth Library is pleased to announce a new streamlined CV submission process for our CV analysis service. Faculty and staff are now invited to use our convenient [web form](#). Forsyth Scholar Services will analyze your CV for eligible Open Access publications and contact you with the results. Eligible works will be deposited in the repository where they will have a permanent Open Access home.

For more information about this service visit the [Submission Guide](#). And visit the [FHSU Scholars Repository](#) to explore other faculty publications. If you would like to know more about Open Access publishing contact [Jennifer Sauer](#) in Forsyth Scholar Services.

Accepting Submissions for SACAD 2022

Submissions for the annual John Heinrichs Scholarly and Creative Activity Days (SACAD) are now being accepted. Submissions are welcome from all faculty, staff, and students. The deadline to submit your work is **April 1st by 11:59pm CST**.

For more information about the event as well as how to access the online submission form, what to submit, and additional presentation resources, please visit our website and Facebook page:

KWEC Spring Break Activities – March 14th – 18th

The Kansas Wetlands Education Center is the place to be this spring break. Activities each day are free and a great chance to get out and explore the diversity of our awesome wetland. Fort Hays State University Graduate Assistants lead the activities each afternoon from 12-4:30pm. The event is informal and come-and-go, no registration required. After enjoying the hands-on activities, be sure to check out our interactive exhibit hall, classroom with live animals, 16-minute video about Cheyenne Bottoms, and walk the nature trail. Grab a map and take a self-guided tour of the marsh. If you can't join us each afternoon, a Facebook Live program will happen at 10am each morning. Follow @wetlandscenter for a story and demonstration of the afternoon activity.

Monday, March 14 – Plants play a crucial role in the habitat of Cheyenne Bottoms. Come explore all things plants, as we learn about each of the six parts of a plant, dissect a flower, marvel at how a stem transports food and liquids, and make and take a unique garden monster you can watch grow before your eyes.

Tuesday, March 15 – Come take a deep dive into one of the ways scientists think Cheyenne Bottoms was formed. Build a small sinkhole and see how a wetland acts as a natural filter of water for many contaminants and pollutants.

Wednesday, March 16 – Cheyenne Bottoms has always been a place full of wonderful diversity, especially in our familiar flapping friends. Birds of different shapes, sizes, and sounds can be found all over. But have you ever wondered why the many different birds have different types of beaks? Come and see just how each bird relies on its beak as you experience how they work with their natural tools. Leave with a gift for your feathery fellows back home: custom feeders, easy to make, that you can hang up in your own yard.

Thursday, March 17 – Do you ever wonder what animals are thinking? A majority of their decisions are based on behaviors that suit their different lifestyles. Come learn about the ways reptiles think and perceive the world as we make beaded reptile keychains you can take home!

Friday, March 18 – Come slither on down to the KWEC to experience the snakes that call Kansas home! Create and decorate your own paper snake, while learning all about how snakes grow, and take part in a fun interactive activity to understand how snakes find food and navigate the world around them! Check out real snake skins, a snake skeleton, and even a live snake as you learn more about these wonderful, wiggly reptiles.

KWEC is located at Cheyenne Bottoms, 10 miles northeast of Great Bend on K-156 Highway. For more information call 877-243-9268 or visit wetlandcenter.fhsu.edu.

“In Search of Earth’s Secrets” is at the Sternberg Museum

Now open at the Sternberg Museum of Natural History, *In Search of Earth's Secrets* is a 5-year project designed to create exciting “pop-up” science events in the style of pop-up restaurants, stores, and art fairs.

Bringing high-quality earth and ocean science content to rural and urban communities with traditionally underserved populations will create a buzz about the intriguing discoveries done around the world's oceans and create opportunities for further learning. The project involves working with libraries, Girl Scouts and other youth organizations, program scientists, educators, and museums across the country.

The *In Search of Earth's Secrets* exhibit allows audiences to enjoy hands-on experience while learning about exciting science topics researched by the JOIDES Resolution such as earthquakes, volcanoes, and the extinction of the dinosaurs. Learn more on the Sternberg Museum's website at sternberg.fhsu.edu.

Hispanic Dance Sessions Spring 2022

Plan to stay for one hour and 25 minutes at least (warm up and cool down sessions). Our dance sessions are practical, hands-on-learning sessions, which teach dancing steps and dance choreographies using original music from the countries we are teaching about. We teach about the culture, context, and the rich diversity each dance and country provide. Through the dances and music, you will immerse yourself in a specific culture and learn about it. All dances we teach are connected somehow to Hispanic culture, and through Hispanic Dance Sessions, we aim to promote Hispanic culture and diversity at FHSU and in Hays, KS. Sessions will be taught live and will also be streamed live on ZOOM to make it accessible and inclusive to friends who cannot make it to the campus sessions. Please wait until we open the Zoom room for you. We start at 6:30 pm promptly, or when CH 122 is free. All sessions are free and open to anybody who would like to learn about these dances.

Please wear a mask inside CH 122 at all times during the dance session!

NOTICE: Annual Steam Shut Down May 16th - 27th

Please mark on your calendar to avoid scheduling events that need steam for hot water and/or cooking these two weeks

As in the past, “Annual Steam Shut Down Notice” (Two Weeks)

The Energy Division / Power Plant have planned a steam shut down for the two weeks of May 16 thru May 27, 2022.

Steam Shut Down is always the two weeks following Commencement.

This annual shutdown is needed for multiple repairs in the University’s steam and condensate distribution system, and is required for all annual cleaning, inspections and certifications of the Power Plant steam and condensate equipment.

Steam off to campus 8:00 PM Sunday night (5/15/2022)

If all goes well: Steam will be back on to campus on or before 5:00 PM Friday May 27th.

This is just a steam shutdown, that will affect only heating , domestic hot water and cooling if your building uses steam for that purpose. No other utility will be affected.

Buildings affected by this steam shut down:

Akers
Albertson
Center For Art & Design
Cunningham
Custer
Fischli-Wills Center for Student Success
Forsyth
Gross
Hammond
Malloy
Martin Allen
McCartney
McMindes
Memorial Union
Picken
Rarick
Sheridan
Stroup
Tomanek

Thank you all for your cooperation.

TILT Webinar: Automated Feedback

Tuesday, March 8th, 11:00am

Virtual (Zoom)

With the second half of the semester around the corner, Teaching Innovation and Learning Technologies (TILT) wants to help you prepare. TILT is happy to introduce you to Feedback Fruits, a student paper grading assistant. Feedback Fruits scans documents for instructor selected criteria and marks areas of improvement for students.

Instructors can set Feedback Fruits to identify minimum and maximum word count, number of citations, run-on sentences, formatting styles (e.g., MLA, APA, etc.), grammar, and much more. Instructors can reduce their grading times while also focusing on bigger issues facing students, such as paper structure or content. Instructors are given detailed data on which criteria students excel at and which ones students find difficult.

With Feedback Fruits, students can see in detail where their writing needs improvement and recommendations on how to fix it. Feedback Fruits can help students pinpoint where small mistakes cost them points so they can better avoid them and enhance their writing. Feedback Fruits can also help coordinate peer review exercises.

If you are interested in how Feedback Fruits can help you and your students, then please join us on March 8th at 11 am. We will outline Feedback Fruits' features, how it can help your students succeed, and how TILT is working to help you best use Feedback Fruits.

Is it best to spend time utilizing your strengths or is it more productive to work on your weaknesses? Gallup's Strengths theory claims people should spend the majority of their time doing what they do best; using their already existing natural talents to become more productive and profitable in the workplace and at home. In this workshop, we will explore your natural talents and how to turn those talents into strengths, while also learning how to recognize talents in others and utilize them for the success of the team. This workshop requires some pre-work. This workshop will be held via Zoom video conferencing

Graduate Research Survey

I am conducting a graduate research survey involving the knowledge versus perception of FHSU students between varying majors.

It would be very much appreciated if professors could circulate this survey throughout their students so that I am able to get a wide range of responses for analysis. This is a very relevant topic that I think could benefit future education methods.

Attached is the recruitment statement that includes the link to the survey.

Dear fellow students,

My name is Julia Wagner and I am a Biological Sciences graduate student. I am writing to invite you to participate in my graduate research study exploring the knowledge and perception of COVID-19 virus and pandemic guidelines. Any student between the ages of 18-65 who are biology, agriculture, English, psychology, art and design, or chemistry majors are eligible to participate in this study.

The goal of this study is to assess the perception of the COVID-19 pandemic based on knowledge that students within different majors have accumulated thus far in their studies. Your participation in the survey will allow me to explore the knowledge and perception of the COVID-19 virus and how to establish better learning materials for the general public to be better prepared in the future.

If you choose to participate in this study, you will be asked to complete a short survey including demographic questions, as well as knowledge and perception questions. This survey will take approximately 5-8 minutes for completion. It is important to note that this survey is completely voluntary. You can choose to participate in this study or not, and there will be no consequences if you choose to withdraw from the study at any point. If you would like to participate, please click the following link:

https://qfreeaccountssjc1.az1.qualtrics.com/jfe/form/SV_6s1VLIqwFthRYeS

If you have any questions regarding the study, please contact me via email at jdwagner@mail.fhsu.edu or the faculty mentor Dr. Da Silva Carvalho at cmdasilvacarvalho@fhsu.edu.

Thank you very much.

Sincerely,
Julia Wagner

Join us for Kansas Undergraduate Research Days (March 1st - 3rd)

Dear faculty, staff, and students! You are invited to the annual **Kansas Undergraduate Research Days** **scheduled for March 1st – 3rd, 2022**. The event will be virtual this year and can be accessed here starting March 1st: <https://symposium.foragerone.com/kansas-undergraduate-research-days>

This event features approximately 40 different projects and is an opportunity for state legislators and other guests visiting the website to see first-hand the quality of research in which Kansas undergraduates from ESU, FHSU, KSU, KU, KUMC, PSU, Washburn, and WSU are engaged. The Kansas Undergraduate Research Days event website features posters and accompanying student videos describing the research projects. Visitors will be able to comment and post questions for the student presenters on **March 1st, 2nd, & 3rd**.

The annual event is intended to raise awareness of research being conducted by undergraduate students and to highlight the transformational educational opportunities available to students at each KBOR university. These experiences enrich student education, enhance preparation for future careers, and illustrate how higher education strengthens the Kansas economy and workforce.

We hope that you will stop by the virtual site, take a look, and leave comments for our undergraduate researchers. Thank you! Questions about this event? Contact URE@fhsu.edu

VIP Ambassador Program Seeking Candidates for 2022-23

Do you know any students that are looking for a meaningful way to get involved at FHSU? Through the VIP Ambassador program, they'll have opportunities to represent the university while building leadership, communication and networking skills that will help them succeed now and in the future.

VIP Ambassadors are a prestigious group of student leaders chosen to represent FHSU at official campus events, under the direction of the Fort Hays State University Office of the President. Only a small number of students are selected each year to participate in this remarkable program.

Each applicant must be a full-time undergraduate student and have completed at least one semester at FHSU or another post-secondary institution prior to the application year. **Graduate students and students graduating in December are not eligible.** Additionally, applicants must maintain a 2.5 cumulative GPA or higher and participate in a minimum of 10 events throughout the year.

Students interested in learning more are invited to join current VIP Ambassadors for an information session on **February 21 at 3:30 pm in the Black and Gold, Memorial Union**. To register, please email RoJene Broeckelman at rbroecke@fhsu.edu by February 18th.

Applications for the 2022-23 academic year are now being accepted. Go to www.fhsu.edu/vip for the short application. The interview schedule fills up quickly, so students should apply early for the best selection of times. The application deadline is March 7.

For more information, call Janette Meis, VIP Ambassador Advisor at 785-628-4577 or j_meis@fhsu.edu.

Special Olympics Kansas – Service Opportunity

Hello Tigers! Special Olympics Kansas are looking for volunteers! Special Olympics is an organization that provides year-round sports training and athletic competitions in a variety of sports for children and adults with intellectual disabilities. Special Olympics Kansas is having their State Basketball and Cheerleading Tournament in Hays coming up on March 19th and would love to have organizations and students volunteer. They have a variety of positions open including First Aid (requires first aid and CPR certification), general skills aide, timers, and scorekeepers. Here is the link to sign up if you are interested or want to get your organization involved. <https://www.signupgenius.com/go/30e0c49a9ab2da3f49-2022>

Apply for VALUE by March 4, 2022

Applications for the VALUE program's 2022-23 cohort are now open, and the deadline is quickly approaching! You can learn more about the program, and find the link to the application at <https://fhsu.edu/leadership/value/>. ***Applications must be submitted by March 4, 2022.***

To be eligible for the program, students must:

- Be in good academic standing
- Be junior or senior status during their time in the VALUE program
- Have completed LDRS 300: Intro to Leadership Concepts & LDRS 302: Intro to Leadership Behavior
- Have a willingness to go beyond the typical student experience and commit themselves to a deep degree of scholarship and service.

This program is open to all on-campus and online* students! Only 8-10 students will be selected for the cohort.

**Success in the VALUE program relies heavily on the two Advanced Leadership Labs, which are courses presented in a seminar format. The peer-to-peer interaction associated with the Advanced Leadership Labs not only reinforces the skills of collaboration and operations in organizations but also allows students to engage with each other on both an academic and personal level as students progress through the program. If you are an online student at FHSU, students must be willing to attend class, via Zoom, Tuesdays and Thursdays from Noon - 1:15 Central Time, on a weekly basis throughout the fall and spring semesters of the program. Individual arrangements should be discussed with the instructor for instances in which students are unable to attend class.*

If you have questions about the program, contact Kaley Klaus (krklaus@fhsu.edu) or Justin Greenleaf (jpgreenleaf@fhsu.edu) in the Department of Leadership Studies (Rarick Hall 119).
