KWEC Spring Break Activities (March 14th – 18th)

The Kansas Wetlands Education Center is the place to be this spring break. Activities each day are free and a great chance to get out and explore the diversity of our awesome wetland. Fort Hays State University Graduate Assistants lead the activities each afternoon from 12-4:30pm. The event is informal and come-and-go, no registration required. After enjoying the hands-on activities, be sure to check out our interactive exhibit hall, classroom with live animals, 16-minute video about Cheyenne Bottoms, and

walk the nature trail. Grab a map and take a self-guided tour of the marsh. If you can't join us each afternoon, a Facebook Live program will happen at 10am each morning. Follow @wetlandscenter for a story and demonstration of the afternoon activity.

Remaining Activities:

Tuesday, March 15 – Come take a deep dive into one of the ways scientists think Cheyenne Bottoms was formed. Build a small sinkhole and see how a wetland acts as a natural filter of water for many contaminants and pollutants.

Wednesday, March 16 – Cheyenne Bottoms has always been a place full of wonderful diversity, especially in our familiar flapping friends. Birds of different shapes, sizes, and sounds can be found all over. But have you ever wondered why the many different birds have different types of beaks? Come and see just how each bird relies on its beak as you experience how they work with their natural tools. Leave with a gift for your feathery fellows back home: custom feeders, easy to make, that you can hang up in your own yard.

Thursday, March 17 – Do you ever wonder what animals are thinking? A majority of their decisions are based on behaviors that suit their different lifestyles. Come learn about the ways reptiles think and perceive the world as we make beaded reptile keychains you can take home!

Friday, March 18 – Come slither on down to the KWEC to experience the snakes that call Kansas home! Create and decorate your own paper snake, while learning all about how snakes grow, and take part in a fun interactive activity to understand how snakes find food and navigate the world around them! Check out real snake skins, a snake skeleton, and even a live snake as you learn more about these wonderful, wiggly reptiles.

KWEC is located at Cheyenne Bottoms, 10 miles northeast of Great Bend on K-156 Highway. For more information call 877-243-9268 or visit wetlandscenter.fhsu.edu.

Hispanic Dance Sessions Spring 2022

Plan to stay for one hour and 25 minutes at least (warm up and cool down sessions). Our dance sessions are practical, hands-on-learning sessions, which teach dancing steps and dance choreographies using original music from the countries we are teaching about. We teach about the culture, context, and the rich diversity each dance and country provide. Through the dances and music, you will immerse yourself in a specific culture and learn about it. All dances we teach are connected somehow to Hispanic culture, and through Hispanic Dance Sessions, we aim to promote Hispanic culture and diversity at FHSU and in Hays, KS. Sessions will be taught live and will also be streamed live on ZOOM to make it accessible and inclusive to friends who cannot make it to the campus sessions. Please wait until we open the Zoom room for you. We start at 6:30 pm promptly, or when CH 122 is free. All sessions are free and open to anybody who would like to learn about these dances.

Please wear a mask inside CH 122 at all times during the dance session!

NOTICE: Annual Steam Shut Down May 16th - 27th

Please mark on your calendar to avoid scheduling events that need steam for hot water and/or cooking these two weeks

As in the past, “Annual Steam Shut Down Notice” (Two Weeks)

The Energy Division / Power Plant have planned a steam shut down for the two weeks of May 16 thru May 27, 2022.

Steam Shut Down is always the two weeks following Commencement.

This annual shutdown is needed for multiple repairs in the University’s steam and condensate distribution system, and is required for all annual cleaning, inspections and certifications of the Power Plant steam and condensate equipment.

Steam off to campus 8:00 PM Sunday night (5/15/2022)

If all goes well: Steam will be back on to campus on or before 5:00 PM Friday May 27th.

This is just a steam shutdown, that will affect only heating , domestic hot water and cooling if your building uses steam for that purpose. No other utility will be affected.

Buildings affected by this steam shut down:
