Moratorium on the Construction Grant Program for Schools of Nursing.

There was no appropriation for Fiscal Year 1976 for the Nursing Construction Program and none is anticipated for Fiscal Year 1977. It is the Department's position that an application cycle for nursing construction grants should not be conducted until funds are appropriated by the Congress.

New applications received by the Regional Office will be returned to the applicant.

We regret the inconvenience the moratorium may create. If the situation changes, we will contact you immediately. If you have any questions, please feel free to contact me.

Sincerely yours,

Cass Dotson
