Nurse Education Facility

Dr. Gerald W. Tomanek  
President  
Fort Hays State University  
Hays, Kansas 67601

Dear Dr. Tomanek:

We are pleased to advise you that the construction grant application for assistance in the development of an education building for the school of nursing has been approved and placed on the Active Funding List, in an amount not to exceed \$1,204,561.

This letter of advice should not be construed as the Notice of Construction Grant. It constitutes an assurance that the grant funds specified above are available for obligation, and have been reserved for the funding of the above referenced project, contingent upon the compliance with all program regulations, policies, and procedures, including the availability of matching funds and environmental clearance.

The construction grant will be offered after (1) the results of bidding have been obtained; (2) the Construction Project Cost Report (PHS Form 6008-2) has been submitted; and (3) the Federal concurrence to award the construction contract has been issued.

Upon receipt of your letter accepting the grant commitment, we will contact the appropriate DHEW Office of Regional Operations Facilities, Engineering and Construction, to request that a meeting be arranged with you to discuss procedures relating to federally assisted construction.

Please let me know if any questions arise in connection with the project.

Sincerely yours,

  
Jessie M. Scott

Assistant Surgeon General  
Director  
Division of Nursing
