Hays Larks Baseball Educators' Night Invitation to FHSU

"Let's go out to the ball game..."

All educators of Fort Hays State University are cordially invited to Larks Park for "Educators' Night" on **Saturday, July 16, 2022**. The Hays Larks, local collegiate team who is part of the Rocky Mountain Baseball League will be playing the Fort Collins Foxes, beginning at 7 p.m. at Larks Park, 4th & Oak. Free admission, courtesy of sponsors Downtown Business Development, Hays Convention & Visitors Bureau, and the Sternberg Museum of Natural History!

A complimentary t-shirt will be given to the first 100 educators who sign in at the registration table, courtesy of Copper's Carts (Jeff Copper), Hays Car & Truck Alignment (Dave Werth), McIntyre Plumbing & Heating (Joslyn Brungardt and Mike McIntyre), McDonald's Restaurant (Jamie & Kelsey Kuehl), Reliable Heating, Ventilation & Air Conditioning (Dave Randa), and Shelter Insurance (Dustin Schumacher). There will also be a drawing for prizes. Please plan to come early and join the fun! The Larks support education and want to thank you for your dedication, hard work, and commitment to teaching.

Hope to catch you there!

LDRS 407: Global Challenges for Fall 2022

LDRS 407: Global Challenges (formerly IDS 407) is being offered this fall 2022 on-campus and online! The course is designed to provide students with the knowledge, skills, and attitudes to be engaged, responsible, and effective members of a globally interdependent society. Most importantly, students will be asked to think deeply about their world (including its future, current issues, its impact on their local area, and our personal responsibility as global citizens). *The course can contribute to elective or general education requirements.* We hope you will join us for this awesome course!

LDRS 420: Women and Leadership with Jill Arensdorf in Fall 2022

We are very excited to offer this on-campus elective for fall 2022! LDRS 420: Women and Leadership with Dr. Jill Arensdorf will take place Tuesdays/Thursdays at Noon; there are no pre-requisites. Current issues and trends of women and leadership will be examined from historical to contemporary, and from social and personal perspectives. We hope you will join us for this amazing course!

Calendar: Upcoming Professional Development Opportunities

Check out upcoming professional development opportunities! The TILT TigerLearn event calendar is your go-to for professional development at FHSU! Check it out here: <http://tigerlearn.fhsu.edu/events/>.

To provide faculty and staff with one easy place to see all professional development at FHSU, we're happy to include your event on the TigerLearn calendar. We can include links to your registration site, contact persons for questions, etc. Just contact TILT-FacultyDev@fhsu.edu, and we'll add your event right away!

LDRS 200: Discovering Leadership Open for Fall 2022

We are very excited to offer a new course, LDRS 200: Discovering Leadership, in fall 2022 on-campus and online!

Effective leadership is important to everyone throughout society and is much more situational and complex than a "position". Discovering Leadership is an introductory course for all students seeking to broaden their understanding of the leadership process in modern organizations and communities, even for those who may not seek or desire formal leadership positions. Students will explore the multidisciplinary nature of leadership as firmly rooted in social science. They will develop leadership dispositions- the mental habits one uses to see, think about and respond to the world - at the individual, team, and organizational level by using design principles to create a "leadership future", and will explore leadership practices, perspectives and research across cultures in order to understand leadership at a societal level.

This course can be used as an elective or FHSU CORE requirement.

Hiring a Funded New Media Graduate Research Assistant

Employer: Institute for New Media Studies

Salary: \$10,000 over nine-month contract (school year - exact start and end dates depend on hire date of the selected applicant)

Applications will be reviewed immediately and accepted until the position is filled, but preference will be given to applications submitted by Monday, August 5. Applications received after this date may not receive full review if the position has already been filled. After screening of applications, finalists will be asked to interview for the position in person or via video conference.

The selected candidate is expected to start approximately August 17, but no later than Monday, August 22.

Job Description:

The Institute for New Media Studies has an exciting opportunity for a graduate student to participate in campus projects and research in the areas of new technology, education, and civic engagement. The Institute has an advanced lab dedicated to investigating how new visualization and interactive technologies can be used to help the tiger community and broader scholarly endeavors through learning and teaching. You can visit www.fhsu.edu/newmedia.

About the Institute for New Media Studies:

The lab is located in Malloy Hall 106. Among others, the lab includes the following:

- Virtual reality and augmented reality systems
- Workstations for 3D animation, gaming, visualization, and design.
- An 84" 4K display
- An advanced 55" interactive multi-touch smart table running various visualization tools and supporting development of student-led projects
- Laser cutter, 3D printer, 3D scanner, and 3D projector
- Fast fiber optic network connection
- Robotics projects

Primary Responsibilities for this position include the following:

- Schedule and hold regular lab hours in the Institute for New Media Studies lab in Malloy Hall 106.
 - Maintain a clean and professional work environment. The successful candidate will be expected to dress appropriately and may be required to wear assigned FHSU branded clothing, which will be provided.
 - Learn to use equipment in the Institute's lab and participate in further development of Institute projects. Ensure
-

equipment is running correctly and report any technical problems to supervisor.
-Provide basic instructions and project support to faculty, staff, students who use the lab.

Additional Duties are outlined here. Most of these additional duties can be carried out during office hour times depending on the need of lab users and project demands as determined by the Institute:

- Participate in scholarly research. The successful candidate will help the director locate relevant journal articles, books, and popular press items. Additionally, this position will have the chance to participate in conducting research projects and developing submissions for scholarly press.
- Collaborate with departments and groups across campus on new media projects and interdisciplinary endeavors including, but not limited to, virtual reality, telepresence, videogames, smart classrooms, and instructional technologies.
- Help manage the Institute's online presence by updating content for the website, social media accounts, and white papers.
- Present Institute work to the community via public talks, drafting news release information, collating information for newsletters, etc.
- Engage in self-directed projects. Contingent on other duties and time available, the successful candidate may have an opportunity to select a topic, design basic research projects, and execute them under the guidance of the institute's director. This is an excellent opportunity to engage in scholarly research and expand the successful candidate's academic portfolio.

Required Qualifications:

- The graduate student employee either is or will be admitted to Fort Hays State University and enrolled in courses for the entire 2022 – 2023 academic school year. Any graduate student is eligible and can be studying in any department or field.
- Ability to work 19 hours per week during the academic year (August to May).
- The student employee must be able to spend 15 hours a week operating in the Institute's lab independently, sometimes without direct supervision.
- Spoken and written communication skills; ability to work with diverse partners, teammates, or clients; ability to speak to groups of people about projects.
- Professional demeanor and ability to maintain a collegial workspace including professional dress, language, attitude, and discretion.
- Ability to answer phone, take messages, speak over video conference software, and respond to emails in a timely and courteous manner.
- Demonstrated ability to meet deadlines, work independently, and seek out additional support from third party sources (such as troubleshooting using online support tools).
- Ability to provide basic technical advice and support to faculty, staff, and students regarding the equipment in the Institute lab with training provided after hire.
- Demonstrated willingness to learn new concepts and motivation to attack problems related to new media and technology projects in a scholarly environment. The successful candidate will have the opportunity to learn a number of new skills and should be excited to take on these challenges.
- Proficiency in desktop computing including Microsoft Office, Microsoft Windows, Internet, and email.

Preferred Qualifications (these are not required but the ideal candidate will possess at least some of these; if you have any of these you should strongly consider applying):

- Demonstrated proficiency in at least one online or social media tool including but not limited to TweetDeck, Instagram, Pinterest, Etsy, Google Hangouts, Skype, Wikipedia, content management systems, and enterprise web content editors such as Cascade, Blackboard, Wordpress, Blogger, Joomla, Drupal, etc.
 - Demonstrated proficiency in web design/publication including one or more of the following: HTML, CSS, JavaScript, PHP, MySQL, MySQL Workbench, PhpMyAdmin.
 - Some level of experience with one or more of the following: AutoCAD, 3DS Max, Inventor, Revit, SketchUp, 3D Warehouse, Unity3D.
 - Some level of experience with software development and/or computer programming including one or more of the following: C#, JavaScript, PHP, Python, C++, Java, Visual Basic, .NET Framework, Unity3D, Android apps, iOS apps.
 - Demonstrated proficiency in desktop publishing software including one or more of the following: InDesign, Illustrator, Photoshop, Premier, Dreamweaver.
-

- Demonstrated experience writing for one or more news publications, newsletters, public relations, marketing, advertising, etc.
- Demonstrated proficiency with desktop computing including Apple products, Linux variants, PC hardware such as replacing parts or updating drivers and software.
- Prior experience working in a professional environment such as an office or research lab.

Move-In Day Volunteers Needed!! **Move-In Day 2021 Call for Volunteers!**

As all of you are aware, move-in day is just around the corner! With this, we could use some volunteers in welcoming our new FHSU Tigers! On **August 17th from 8 am to 1 pm**, the students who are in a learning community will be moving into Victor E. Village and on **August 18th from 8 am to 1 pm** students will be moving into McMindes. If you are available and willing to volunteer with one of these move-in days, please RSVP by filling out the form here: <https://tigerlink.fhsu.edu/submitter/form/start/542116>

Any club or organization that is willing to help with move-in, please fill out the form once for your group and list the number of volunteers in the comment section at the end of the form. Feel free to e-mail us if you need more details. Thank you and if you have any additional questions, please contact Marissa Nuss (manuss@fhsu.edu) or Ryan Grasser (jrgrasser@fhsu.edu).
