Re: May 7 Groundbreaking  
Physical Sciences Building

I am attaching a site plan and related information for your review. This area offers shade and will face north so that the midafternoon sun will not be in the speakers' eyes. Please let me know what you think.

Sandy, the Federal Department of Energy person that should receive an invitation is as follows:

Ms. Patricia Brewington, General Engineer  
Department of Energy  
DOE Chicago Field Office  
9800 South Cass Avenue  
Argonne, IL 60439

The attached 11" x 17" drawing would probably work for the place mats discussed. Bob May should have the original P.M.T. negatives.
