Bldg. - New Classroom

October 13, 1976

Mr. Louis J. Krueger, Director
Division of Architectural Services
State Office Building
Topeka, KS 66612

Dear Mr. Krueger:

I received your letter of October 7 in which you indicated that the classroom office building was going to be delayed because of Mr. Bibb's busy schedule in relation to the budget review and hearings. I was very sorry to get this letter because we have been very anxious to proceed with the plans for this building. We have had so many other delays that we already feel that we are running considerably behind schedule.

If there is anything that you can do or that I can do to help speed up the process, we would appreciate your efforts. I would appreciate your letting me know of any action that might be needed on my part.

I hope to have an opportunity to visit with you one of these days about the overall picture at Fort Hays. Best personal regards.

Sincerely,

G. W. Tomanek
President
