Dear Dr. Tomanek:

We understand that the program for your proposed Classroom and Office Building has now been submitted to the Board of Regents, and that the selection of architects is expected to take place in the immediate future.

We would appreciate the opportunity to meet with you briefly to acquaint you with our firm and our expertise in the design of educational facilities. We realize that you cannot influence the initial selection of the three to five firms selected for interview by the State Architect; however, should we be fortunate enough to have our name placed on that list, we would like you to be familiar with our firm.

We realize that the demands upon your time are heavy and, therefore, we assure you that we will keep our meeting brief. With your permission, I will call your secretary on November 17, 1976, to determine a mutually convenient date to meet.

Cordially,

THE SHAVER PARTNERSHIP

George E. Emrich
