Dear Ed:

Thank you sincerely for your recent letter and material.

You don't have to convince me of the value of what you are doing toward implementing an electronic learning environment. I want to commend you and Fort Hays State University for being on the leading edge of the use of technology in education.

Ed, to the extent I am able, I will be happy to support your new physical sciences building.

Thank you, too, for a copy of the address, "The Future of the American College Fraternity: A Challenge to Leadership." I appreciate the copy, as I found your references to this material during your visit here in Washington highly insightful and informative.

Again, Ed, thanks.

Sincerely,

Bob Whittaker
