RECOMMENDATION: Dr. Richardson moved that the first four courses of physical education apply. The meeting was called to order by the chairman, E. R. McCartney. Selection of workshopper. The meeting was called to order by the chairman, E. R. McCartney. The first question presented to the Faculty Senate was the selection of a faculty member to attend the workshop in Minneapolis during the coming summer. Dr. McCartney said that at Hope College where he visited as a coordinator last month, the person who is in charge of the reading program is a former elementary teacher and who spent one summer visiting institutions to become acquainted with what was being done in the field of reading improvement. at the next meeting for consideration by the Faculty Senate.

The first question presented to the Faculty Senate was the selection of a faculty member to attend the workshop in Minneapolis during the coming summer. The Senate agreed that the person who does the remedial reading work should have some knowledge of what goes on at all levels of schooling. Dr. Coder suggested that Miss Lacey would be a good candidate for this type of work as she has taught in elementary and secondary levels as well as college and she has a great deal of patience and works tirelessly with students. Miss Lacey's qualifications were discussed.

RECOMMENDATION: Mr. Brooks moved that we recommend to President Cunningham that Miss Lacey be sent to the workshop at Minneapolis this coming summer. Seconded and carried.

Statement to be signed by unclassified students enrolling for intensive one-year programs.

Dr. Thompson suggested that a statement might be placed on the back of the permanent enrollment card to be signed by unclassified students who enroll for an intensive one-year program.

Faculty Senate Minutes  
March 20, 1952

It was suggested that in some subject fields, such as music, students have to plan their programs very carefully if they complete the requirements in eight semesters. Semesters of physical education are required. One of these required courses should be taken each of the first four semesters and summer sessions.

The value of such a statement was discussed for some time.

RECOMMENDATION: Dr. Herndon moved that the students enrolling for the intensive program in secretarial science, agriculture, etc., be required to sign the following statement as a part of the enrollment procedure:

"By enrolling as an unclassified student and being permitted to temporarily by-pass some of the general college requirements, I agree that if I decide to become a candidate for a degree it will be my obligation to fulfill all degree requirements.

(signed) \_\_\_\_\_"

and that this statement should be placed on the back of the permanent enrollment card. Seconded and carried.

Physical education courses:

Mr. Dalton presented the attached regarding grade points for physical education courses which was discussed by the Senate.

RECOMMENDATION: Dr. Richardson moved that the first four courses of physical education applicable according to the catalogue for required physical education credit, in which the student enrolls shall be used for fulfilling the college requirement and no grade point given to these grades; and if the 4th and 5th courses are taken at the same time the lower numbered course will be counted as physical education requirement and the higher numbered course will be rated for grade points. Second and carried.

/s/ Standlee V. Dalton

The write-up in the catalogue regarding physical education requirements was discussed. It was suggested that this should be changed and that Mr. Dalton and Dr. McCartney should present a write-up to be considered at the next meeting for consideration by the Faculty Senate.

The meeting adjourned.

  
E. R. McCartney, Chairman
