Report of faculty load -- same report for the
past five years be prepared.

Introduction to Techniques 159
Dysphonia 163
Application of Techniques 164
Audiology 175

Minutes of the Meeting of the Faculty Senate, Thursday, May 1, 1952, at 3:30
p.m. in the Dean's Office.

Members present:
This was discussed, and it was suggested that there probably was
not enough at present to offer a minor but that the need should be
growing.

E. R. McCartney

Ralph V. Coder

C. Thomas Barr

Doyle Brooks

Harold Choguill

Geneva Herndon (Late--Teaching a class)

Joel Moss

Emmet C. Stopher (Late--Attending another meeting.)

Leonard Thompson

Members absent:

Standlee V. Dalton

Alice Beesley

Ivan Richardson

Curriculum studies

The meeting was called to order by the chairman, E. R. McCartney,

Minor in Speech Correction.

Dr. McCartney explained that a meeting was held in February with
Dr. Miller of the University of Wichita and members of our faculty in which
the speech correction minor was discussed. Dr. Miller proposed an extension
of the services of speech correction in Kansas by a plan for affiliation with
the speech correction departments of the two colleges so that the M. A.
degree in speech correction could be granted at Fort Hays Kansas State College.
Part of the advanced work would be taken at the Institute of Logopedics of
the University of Wichita and transferred to Fort Hays State.

There is considerable demand for people with speech correction train-
ing and especially in connection with the exceptional children phase which is
being sponsored by the state department. This is growing rapidly and teachers
have not been available.

Dr. Herndon met with Dr. Palmer and Dr. Miller in Wichita and courses
and a minor were formulated which would be acceptable. See the attached report
which Dr. Herndon presented. She suggested that Speech Correction 58 be changed
to Articulatory Defects 158, and that the following courses be added:

Standlee V. Dalton, Secretary

Faculty Senate Minutes
May 1, 1952.
To the Faculty Senate

The Speech Department recommends that the following courses be made available to graduate students:

- Introduction to Techniques 159
- Dysphonia 163
- Application of Techniques 164
- Audiology 175

(Description of these courses are on Dr. Herndon's report.)

This was discussed, and it was suggested that there probably was not enough demand at present to offer a minor but that the need should be growing.

RECOMMENDATION: Mr. Brooks moved that the speech courses and program requested by Dr. Herndon be approved. Seconded and carried.

Speech Correction, and Public Speaking be established as outlined below:

Minors in Radio, Theatre and Public Speaking.

The attached report from Mr. Start was presented to the Senate and discussed. It was suggested that these seemed to be very rigid programs and that there was no overlapping of courses from one minor to another. The radio section was discussed for sometime and it was decided that no action should be taken on this question but to ask Mr. Herndon to meet with the committee next week and explain the need, etc., for this demand. It was also decided that the Theatre and Public Speaking should be postponed until after Mr. Start had been contacted and the consensus of the Senate given to him.

Curriculum studies.

Dr. McCartney said that the curriculum studies were received but he wondered if there had been too much of a feeling that what is being done is all right. It was suggested that the liberal arts field would benefit if the language requirement could be fulfilled in the freshman year.

Report of faculty load.

Dr. McCartney explained that he had prepared a report on the teaching load per credit hour. Parts of the report were read and discussed. It was suggested that this sort of report for the past five years would be helpful and that will be prepared, and presented at a later meeting.

> 55. The meeting adjourned at 5:25 p.m.

E. R. McCartney

E. R. McCartney, Chairman

Standlee V. Dalton

Standlee V. Dalton, Secretary

We recommend that the credit hours be changed as follows:

- 56. Radio News Writing -- from two hours to three hours.
- 57. Radio Announcing -- from two hours to three hours.

(Signed) James R. Start
