VOL. XVIII No. 8

Minutes of the meeting of the Faculty Senate members, Education Department Staff, and Extension Department Personnel in P 204 at 4:00 p.m., December 5, 1952.

Those in attendance: E. R. McCartney, S. V. Dalton, Ralph V. Coder, Katherine Bogart, Joel Moss, Ivan Richardson, Emmet C. Stopher, Leonard W. Thompson, Margaret van Ackeren, M. C. Cunningham, Hugh Burnett, Nita Landrum, Anita Dietz, Ira O. Scott, Kirk Naylor, Rosella McCarroll, Emma Golden, Mary Anderson, Ethel Artman, W. Clem Wood, and Robert McGrath.

This meeting was called to discuss the question of credit for extension and off-campus classes. This question was the subject of the Extension Directors meeting which was held on our campus on November 12, 1952, with representatives from each of the five state schools. (See minutes of that meeting.)

It was suggested that the extension courses and off-campus faculty supervised correspondence courses are handled differently by each of the state schools and other institutions of higher learning in this area. Some of these give residence credit for this type of work. This was discussed at length. It was suggested that many colleges give residence credit for work which is done off the campus itself. The rating of a college is maintained by keeping the standards high, and there is an obligation to the students on our campus, as well as those who have been here and who will come in the future, not to jeopardize the standing which would be a great injustice to these students.

MOTION: Dr. Thompson moved that we do not allow resident credit to be given for extension or correspondence study courses offered off-campus. Seconded and carried.

MOTION: Dr. Wood moved that courses which are taught off-campus should not be accepted by this institution as resident credit plus the statement at the bottom of page 5 minutes of Extension Directors meeting. (George Gemmell stated that any work done at Kansas State College outside of the Kansas State College classrooms and off the campus is considered extension work.) Seconded and carried.

MOTION: Dr. Richardson moved that the policy be maintained as it has been that a student may not enroll for more than five or six credit hours to count toward a degree if he is doing a full time job at the same time. Seconded and carried.

The meeting adjourned at 5:10 p.m.
