30 hrs. of extension cr. allowed.
RECOMMENDATION: A fee of \$5.00 for each exam. ~~Page 9~~ be chgd.
for administering adv. stdg. exam.

Minutes of the regular meeting of the Faculty Senate, November 17, 1954, at
3:30 p.m. in the Dean's office.

Members present: E. R. McCartney, S. V. Dalton, Ralph V. Coder, Don Adey,
Doyle Brooks, Calvin Harbin, Alice Morrison, Joel Moss,
L. W. Thompson, Margaret van Ackeren.

Members absent: Katharine Nutt

The following request for an additional course, 46 Intermediate Golf, was
presented to the Senate members:

"To Faculty Senate

From: Chairman, Division of Health, Physical Education and Recreation

"No. 46 (?) Service Course, Intermediate Golf, to be offered for the
first time during the 1955 summer session.

"Intermediate Golf. One credit hour.

Prerequisite, 16 or equivalent. Open to students who know the rules and
etiquette of golf and who have had at least some playing experience. The
course is concerned with improving the golf knowledge and playing ability
of the student. The course will be limited to an enrollment of 30
students and is open to both men and women.

"Comment: We would like to offer the above course next summer (1955).
If it works out satisfactorily we may offer it each summer and one
semester each year thereafter. At present we have a greater demand for
golf than available courses can accomodate. In addition we have noticed
a need for a course for those who do ~~not~~ know how to play the game of
golf, but wish additional instruction."

This course and the need for it were discussed.

RECOMMENDATION: It was recommended that course 46, Intermediate Golf, be approved.
Seconded and carried.

Problems of Enrollment:

Mr. Dalton said that there are some problems regarding enrollment.
Students collect the enrollment books but do not return the cards as
directed. The students who are asked to help with the enrollment
procedure are given permission to pick up their class slips ahead of the
regular enrollment but frequently fail to do so and then later ask for
the slips which causes confusion.

It was suggested that these students would be required to get their
class slips as directed or enroll later and take the available class
slips without giving them any special consideration. Those who have charge
of directing the work of such students should explain the situation to
these students.

Dr. Harbin asked regarding the confusion of names. Right now there
are several cases of students having the same names and it might be well
to designate them by number. This was discussed.

Should advanced standing credit be extension or resident credit, and should a fee be charged for this credit?

At the present time the credit for advanced standing is indicated on the transcript "by examination." However, this brings the question as to whether it should be counted in the 30 hours of extension and correspondence credit allowed or whether it should be in the 90 hours of resident work. It was suggested that it is not extension or resident credit actually. This was discussed.

RECOMMENDATION: It was recommended that the credit by examination be construed to be part of the 90 hours and above the 30 hours of extension credit. Seconded, but failed to have a majority in favor of it.

RECOMMENDATION: It was recommended that the advanced standing credit by examination be counted with the 30 hours of extension credit. Seconded and carried.

RECOMMENDATION: It was recommended that a fee of \$5.00 for each examination be charged for administering the advanced standing examination. Seconded and carried.

The meeting adjourned at 5:00 p.m.

E. R. McCartney, Chairman

Standlee V. Dalton, Secretary
