Committee to interview candidates for medical school:

The meeting was called to order by the chairman who told about the two men from Kansas University who visited the campus yesterday. These men are members of the committee at the K. U. Medical Center which interviews the candidates for admission to the Medical School. A change in policy is being proposed which is that the candidates be interviewed on the campus from which they come and by a committee on that campus. It was suggested that a committee be named consisting of two members from the science area, two from humanities and/or the social sciences, and one should be a local physician.

This was discussed. Mr. Martin is the adviser for the pre-medical students on our campus. It was suggested that since Dr. Choguill and Mr. Martin are best aware of the ability of the pre-medical students they should be members of such a committee. Mr. Rematore and Dr. Craine were elected to serve on the committee with Mr. Martin, Dr. Choguill and Dr. Hutchinson.

Report of the Committee on the Superior Student:

Copies of the report of the Committee on the Superior Student were sent to the Faculty senate members some time ago. The report showed the need for some provision for the decidedly superior student. The Committee studied the problem and recommends:

- That a program of special study be instituted at Fort Hays Kansas State College to be known as the Honor Program
- That the program include two types of offerings, to be called "Honors Seminar" and "Tutorial Study"
- That enrollment in the Honors Program be a privilege extended by the college to outstanding students of clearly demonstrated academic superiority
- That participation in all aspects of the Honors program be voluntary.

The report was discussed.

RECOMMENDATION: It was recommended that the report of the Committee on the Superior Student be accepted and that the same committee work out the details and set up the program with the idea that it be implemented and put into action in the fall of 1955. Seconded and carried.
