***Journal of International & Interdisciplinary Business Research***

Fort Hays State University is pleased to invite submissions for the fifth volume of the *Journal of International & Interdisciplinary Business Research* (JIIBR; ISSN 2332-3434). JIIBR is a double-blind, peer-reviewed scholarly journal and is published online. The JIIBR is aggressively seeking and anticipates receiving inclusion in many of the major online scholarly indexes in the upcoming academic year. The JIIBR Review Board now consists of over 250 faculty experts from across the business disciplines, representing numerous countries around the world.

Papers with either an international or interdisciplinary focus are welcomed; the Editorial Board particularly values papers with both international and interdisciplinary elements. In either event, papers should contribute an original theoretical idea and/or empirical insight to at least one of the core academic business disciplines, including accounting, finance, economics, management, marketing, international business, strategy, entrepreneurship, business law, logistics, informatics, and ethics. We seek to publish works that will be of interest to a broad business readership.

To submit your paper, please follow JIIBR's new submission procedure:
